NOTIFICATION.

FORT WILLIAM, FOREIGN DEPARTMENT,

The 30th June 1853.

In the Proclamation by which the Province of Pegu was annexed to the British Dominions in the East, the Governor General in Council declared that he desired no further conquest in Burmah, and was willing to consent that hostilities should cease.

Thereafter the Burman Troops were everywhere withdrawn. The King was dethroned by his brother, the Mengdoon Prince; and an Envoy was sent from Ava to sue for Peace.

The Burman Envoy, confessing their inability to withstand the power of the British Government, and submissively soliciting its forbearance, announced his willingness to sign a Treaty in accordance with the Proclamation, objecting only to the frontier [illegible]ced at Meeaday.

The Government of India, while it maintained its undoubted right to fix the frontier where it had been placed, at the same time gave signal proof of the sincerity of its desire for the renewal of friendly relations between the States; for, in the hope that at once concluding a Treaty of Peace, the Governor General in Council consented to withdraw the frontier from Meeaday, and to place it, in strict conformity to the most literal wording of the Proclamation, immediately to the Northward of Prome and Tounghoo,—cities which have been described at all times as within the Northern limits of Pegu, in the official records of transactions between the States.

But when this concession was offered, the Burman Envoy, wholly receding from his previous declarations, refused to assent to any Treaty by which a cession of Territory should be made.

Thereupon the negociations were at once broken off. The frontier of the British Territories was finally fixed to the Northward of Meeaday and Tounghoo, and the Envoy was directed to quit the Camp.

The Envoy proceeded to the Capital, whence he has now conveyed to the Government of India the sentiments and proposals of the Court of Ava.

The King expresses his desire for the cessation of War.

The King announces that "Orders have been issued to the Governors of Districts not to allow the Burmese Troops to attack the Territories of Meeaday and Tounghoo, in which the British Government has placed its Garrisons."

Furthermore the King has set at liberty the British Subjects who had been carried prisoners to Ava; and he has expressed his wish that "the merchants and people of both Countries should be allowed, in accordance with former friendship, to pass up and down the river for the purpose of trading."

Mindful of the assurance he gave that hostilities would not be resumed so long as the Court of Ava refrained from disputing our quiet possession of the Province of Pegu, the Governor General in Council is willing to accept these pacific declarations and acts of the King as substantial proof of his acquiescence in the proposed conditions of peace, although a formal Treaty has not been concluded.

Wherefore the Governor General in Council permits the raising of the River-Blockade, consents to the renewal of former intercourse with Ava, and now proclaims the restoration of Peace.

The Army of Ava will no longer be maintained on a War Establishment. At the same time a Force will be permanently retained in Pegu, amply adequate for its defence, and fully prepared for the event of War.

The Governor General in Council, while he announced the successive events of the War, has gladly seized each fitting occasion for bestowing promptly on the several Officers whose services were mentioned with distinction, the cordial thanks and approbation of the Government of India.

His Lordship in Council deems it unnecessary now to repeat in detail acknowledgments of individual merit that are still so recent. But he cannot close the record of this War, without again conveying to the Services generally an assurance of the admiration with which he has viewed the combined exertions, whereby, under God's good providence, the supremacy of our power in the East has once more been asserted and upheld.

A full and fitting recognition of the Services of Her Majesty's Naval Squadron belongs to a higher authority than his. But the Governor General in Council begs leave to offer to Commodore Lambert, to the Officers, Seamen and Marines who have been employed on the Coast of Burmah, and more especially to the Officers and Crew of H. M. S. "Fox," an acknowledgment of the deep obligations which the Government of India owes to them for the gallantry, the good conduct, the unflinching endurance, and ready cheerfulness with which they have performed the harassing duties by which the Government of India has profitted so largely.

With sentiments of equal cordiality, the Governor General in Council once again renews to Major General Godwin, and through him to Brigadier General Sir John Cheape, to Brigadier General Steel, and to all the Officers, Non-Commissioned Officers and Soldiers of the Armies of Bengal and Madras who have been serving in Pegu, his best and truest thanks for the courage, the fortitude and steady discipline which they have exhibited on every service in which they have been employed throughout the War with Burmah.

To Captain Lynch, and to the Officers, Seamen and Marines of the Indian Navy, and at the same time to the Officers and Men of the Bengal Marine, and to the Commanders and Crews of the River Flotilla, the Governor General in Council desires to offer the assurance of his full approbation, and of his entire appreciation of the exertions and privations they have undergone, in the course of the trying duties in which they have been engaged.

In testimony of the sense that is entertained of the services and conduct of the combined Force, the Governor General in Council is pleased to direct that a donation of Six Months' Batta shall be issued to all the Officers, Non-Commissioned Officers, and Men of the several Naval and Military Forces that have been employed during the progress of the War with Burmah.

And it shall be the further care of the Governor General in Council to bring these services and conduct under the special notice, and to commend them to the most favorable consideration, of Her Majesty's Government and of the Honorable Court of Directors.

By Order of the Most Noble the Governor General in Council,

J. P. GRANT,

Offg. Secy. to the Govt. of India.

No. 543 of 1853.

Peace having been re-established in Burmah, the Most Noble the Governor General in Council is pleased to cancel, to such extent as circumstances admit, the Order which prohibited the Wives and Families of persons in the employment of Government from proceeding to or residing in the Province of Pegu; but for the present only so far as it relates to the Town and Cantonment of Rangoon. Desirous as His Lordship in Council is of removing the prohibition altogether, yet until the Province is in a more settled condition, and until there is more complete security on the frontier, the Government is reluctantly compelled to maintain the prohibition in full force for the present, except as relates to Rangoon.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, 8th July 1853.

No. 559 of 1853.---The Most Noble the Governor General in Council is pleased to lay down the following Rules for the provision of Regimental necessaries in European Corps in the East India Company's Service:—

1. Officers Commanding Troops or Companies shall, with the sanction of the Commanding Officer of the Regiment, be at liberty to procure on the spot, whenever it can be done with advantage, any articles required by their men, provided the same be strictly conformable to the established patterns; but whenever the Soldier is likely to be benefitted by obtaining his necessaries, through the medium of a Regimental Committee, from tradesmen established in London, or elsewhere in the United Kingdom, the Rules contained in the following Articles are to be followed.

2. When a supply is required, the Officers in Command of Troops or Companies shall form a Committee for the purpose of ascertaining the wants of each Troop or Company, and of preparing, under the direction and control of the Officer Commanding the Regiment, a general requisition, carefully avoiding any unnecessary accumulation of stores.

3. This requisition is to be transmitted by the Commanding Officer to the tradesman, who will engage to furnish the articles of the established quality and pattern; and whenever he is sending out an extensive or general supply of necessaries to a Regiment, he must be required to produce a pattern of each article, to be sealed by any one selected by the Commanding Officer for the purpose, to accompany the supply; such pattern articles to form a part of the number demanded, and after serving the purpose of comparison, to be issued to the men.

4. All articles of necessaries so procured will be admitted free of import duty, and the Commanding Officer, in applying to the Collector of Customs to pass the supply, must certify that the articles are for the use of the Soldiers.

5. On the arrival of a supply at head-quarters, a Regimental Committee, formed of the Field Officers and of the Officers in Command of Troops or Companies present, shall examine and compare the supply with the sealed patterns, and shall reject any articles found not conformable to the patterns; and the tradesman is to be bound, by his agreement with the Commanding Officer, either to replace the rejected articles, or to make good the loss on their being disposed of at a lower price than that charged. The freight, insurance to the head-quarters of the Corps, shipping, and other expenses are to be charged in the tradesman's bill, and to be added to the cost prices by the Committee, together with any incidental expenses on landing; and whenever on a change of station, the store of Regimental necessaries is conveyed by sea or river route, an insurance is to be effected thereon if practicable to prevent loss.

6. The Regimental Committee shall be also empowered to make an additional charge of three per cent. on the prices charged by the tradesman for the purpose of forming a Contingent Fund to be applicable *solely* to meet the losses unavoidably arising from deterioration by detention in store, from insects, damp or other causes; but it is to be distinctly understood that no part of this fund is to be applied towards defraying any other charges whatever on account of the necessaries previously to the delivery thereof to the men.

7. An annual statement showing the amount of the fund thus created, the mode in which it has been applied, and the balance thereof, is to be forwarded by the Commanding Officer on the 31st of December in each year to the Adjutant General, and to the Deputy Pay-master of the Circle in which the Corps may be serving.

8. By the aggregate amount of the tradesman's prices, and of all the attendant charges before mentioned, the price to be paid by the Soldiers shall be regulated; such price shall be published by the Commanding Officer in orders to the Regiment, and shall be specified in the annual Statement above described.

9. The Commanding Officer shall, at the termination of each quarter, cause inspections to be made of the necessaries in store for the purpose of ascertaining that they are kept in proper order.

10. The accounts of the necessaries are to be compared monthly with the general store account of the Quarter-master by such Officers, as may be named by the Commanding Officer, and at the termination of each quarter both accounts are to be examined by the Regimental Committee,

who after ascertaining that the same are correct, will report to that effect to the Commanding Officer, who will thereupon ascertain and certify that the proper amount of stoppages for the quarter has been appropriated by the Troops and Company Officers as directed in this Regulation.

11. Statements of sums to be deducted from pay abstracts of Troops and Companies prepared by Officers Commanding, and certified by Commanding Officers of Regiments, are to be furnished to the Deputy Pay-masters monthly, and the Commanding Officers of the Regiment will furnish Pay-masters on the 1st of the months of April, July, October, and January with Rolls, in triplicate, of the sums intended to be included in the next quarterly remittance through the Honorable the Court of Directors, at the exchange of shillings (2-0½*d*), two and a half-pence per rupee, for payment to the tradesmen. A notification of all such remittances should be regularly sent by the Commanding Officer direct to the tradesmen concerned.

12. The Quarter-master is to take care of the necessaries, and to issue them when required, but he is not to give any orders for necessaries, nor to deal therein with the Soldiers, nor to have any pecuniary transactions with the tradesmen or dealers in those articles, but is simply to be the Store-keeper thereof.

13. The Quarter-master shall keep the accounts of the necessaries under the orders of the Commanding Officer of the Regiment, who will be held answerable for their correctness.

14. The stoppages for articles of necessaries issued to the men out of these supplies are to be deposited in the hands of district Pay-masters who shall carry to a separate account, to be called the Contingent Fund, the deduction of the three per cent. for losses, &c., and shall proceed with the amounts to be remitted to England quarterly in the same manner as is directed for family remittances.

15. When it may become necessary to draw on the Contingent Fund, the Commanding Officer must certify that the sum required is for the purposes directed in Article 3.

16. When a Regiment is transferred from one circle of payment to another, a transfer of the Contingent Fund accounts is also to be made by the Deputy Pay-master.

17. Whenever a supply shall be procured under these Regulations, if the Commanding Officer under whose direction it was ordered should leave the Regiment before the articles have been issued and paid for his successor shall be bound to see the whole of that supply issued before the issue of any fresh supply of articles of the same description is commenced upon.

No. 580 *of* 1853.—The Most Noble the Governor General in Council is pleased to publish the following despatch in the Public Department, from the Hon'ble the Court of Directors to the Governor General of India in Council, No. 25, dated 11th May 1853, Public Department, No. 25 of 1853:—

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

Military Letter, dated 14th July, No. 122, 1852.

Transmitting correspondence with Assistant Surgeon D. J. O'Callaghan, Assistant Garrison Surgeon of Fort William, respecting that Officer's engagement as editorial conductor of the "Morning Chronicle" daily newspaper, at Calcutta;—with reference to Court's despatch dated 21st April 1841, Government have refrained from interference in cases where Government Officers may have contributed articles for the periodical Press, but with advertence to the different case of editing a daily paper, a reference is made to the Court to ascertain whether the undertaking of the editorial management is allowable under their Orders above referred to.

* Notification, Political Dept. No. 1608, Fort William, 28th June 1841.

The object of our despatch of the *21st April 1841 was simply to remove the prohibition which then existed to the connexion of our Officers in any way with the public Press, and the effect of it was to restore to your Government the discretionary power to regulate that connexion, which you had possessed before our prohibitory orders were issued. Under these circumstances it rests with you to determine, with such local information as you may possess, whether any engagements which our Officers may form in connexion with the Press are consistent with the discharge of their primary duties to the Government, and are free from the objection of affording an inconvenient precedent for other cases.

With reference to a Notification from the General Dept., of the 11th May 1826, the Governor General in Council is pleased to notify that by para. 3 of a letter of the Hon. the Court of Directors in the Political Department, dated April 21st, No. 9 of 1841, the existing prohibition against the connexion of their servants with the public newspapers has been revoked, subject to the restraints imposed upon Military Officers by the Rules of the Service.

The 20th July 1853.

No. 581 *of* 1853.—The under-mentioned Officer is permitted to proceed to Europe on Furlough:

Lieutenant Horace Brimfield, of the 17th Regiment Native Infantry,... } On private affairs, embarking at Bombay.

An Act to facilitate the removal of Nuisances and Encroachments below High-water Mark in the Islands of Bombay and Colaba.

WHEREAS there is a large sea-shore in the Islands of Bombay and Colaba, and it is expedient, with a view to the safe Navigation of the Harbour of Bombay, and to the public interest generally, to facilitate the removal of nuisances, obstructions and encroachments below high-water mark in the said Harbour, or upon or about the shores of the said Islands, it is enacted as follows:—

I. It shall be lawful for the Collector of Land Revenue at Bombay to give notice requiring the removal of any nuisance, obstruction or encroachment anywhere below high-water mark in the said Harbour of Bombay, or upon or about the shores of the said Islands; such notice shall be given by affixing the same in some conspicuous place on or near to the encroachment, obstruction or nuisance complained of, and by publication thereof in the *Bombay Government Gazette*, and shall state that unless the nuisance, obstruction or encroachment be removed or abated within one month, the same will be removed or abated by the said Collector; such notice may be in the Form No. 1, in the Schedule to this Act annexed, or to the like effect.

II. If any person shall deny the right of the said Collector to effect such abatement or removal, he shall, within one month after such notice shall have been given as aforesaid, apply to the Supreme Court of Judicature at Bombay, by petition, setting forth the grounds of his alleged right, and praying that the said Collector may be restrained from causing such abatement or removal, and the said Court may thereupon (on the petitioner's giving sufficient security for costs), fix a time for hearing and adjudicating upon such petition, and give such directions and make such orders as the said Court may think just, and the said Court may also make an order for restraining the alleged nuisance, obstruction or encroachment from being extended, or from being abated or removed by the said Collector, until after adjudication upon the said petition, or the dismissal thereof for want of prosecution.

III. Upon the hearing of every such petition, the *onus* of proving the alleged right shall be on the petitioner.

IV. No person shall be allowed after the expiration of such period of one month to present any such petition as aforesaid, unless on satisfactorily accounting to the said Court for the delay.

V. If no such petition shall be presented within the said period of one month, or if the same be presented and determined against the right of the petitioner, or be dismissed for want of prosecution, it shall be lawful for the Collector to cause such abatement or removal as aforesaid, by any person or persons to be authorized by warrant

under his hand, and such warrant may be in the Form No. 2, in the Schedule to this Act annexed, or to the like effect; and the said Collector, and any person acting under his warrant, shall not be answerable for any damage unavoidably occasioned in the removal of any such nuisance, obstruction or encroachment.

VI. The said Collector may sell the materials of any encroachment or obstruction removed under this Act, and may apply the proceeds of sale in or towards payment of the expenses of the removal, and if any surplus shall remain, the same shall be forfeited, and be paid and applied in such manner as the Governor of Bombay in Council shall direct.

VII. Nothing in this Act shall prejudice or affect the rights of the East India Company as trustees for the Crown in any part of the said Harbour, or of the sea-shore of the said Islands, or preclude or interfere with any such proceedings, civil or criminal, for abating such nuisances and encroachments as aforesaid, as might have been had if this Act had not been passed.

WAR-OFFICE, 11th April 1853.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, the 22nd July 1852.

No 593 *of* 1853.—The Most Noble the Governor General in Council, is pleased to direct that the following para. of a Military letter from the Hon'ble the Court of Directors to the Governor of Bengal, No. 63, dated 1st June 1853, be published in General Orders :—

Bengal Letter No. 21, dated 31st January 1853.
Memorial from Deputy Assistant Commissary of Ordnance, G. Forrest, praying for the rank of Lieutenant on the Veteran Establishment, recommended by the Commander-in-Chief and Government.

Para. 8. "In consideration of the length of service of Deputy Assistant Commissary of Ordnance, George Forrest, of his excellent character, and of the recommendation in his favor by His Excellency the Commander-in-Chief and your Government, we authorize you to confer upon him a commission as Lieutenant on the Veteran Establishment, from the date of your receipt of this despatch."

Letter dated 4th March 1853, *No.* 45.
Correspondence regarding the amount of Stamp duty or Fee on Commissions of Officers promoted by Brevet and Regimentally.

Para 6. "We have to apprise you, in reply to the inquiries here made, that the Stamp duty on Brevet Commission granted by general or special Brevets from the Crown is in all instances paid by us in advance, and must be recovered in India immediately on the promotions being announced in the *Gazette*; but that whenever, in consequence of Officers having such Commissions, it becomes unnecessary to issue to them Commissions in the same rank in the name of the Crown signed by the Commander-in-Chief in India, then only the moiety of the equivalent to the Stamp duty, as levied on the Regimental Commission in the Company's Service in that rank, should be charged to the Officer promoted.

7. "The difference of practice in converting the Stamp duty into the local currency, as pointed out by the Accountant General, ought not to have existed, as the sum inserted in the Pay and Audit Regulations of each Presidency is thirty shillings, or Company's rupees fifteen."

[Translation.]

London, 20th April 1853.

To the Right Hon'ble the Earl of Clarendon, &c. &c. &c.

My Lord,

I have the honor to announce to your Excellency, that His Majesty the Emperor has ordered, by a decree dated the 8th of March last, that an Universal Exhibition of Agricultural and Industrial products shall take place at Paris on the 1st of May 1855.

In hastening to make this communication to the Government of Her Britannic Majesty, I must at the same time, My Lord, assure it that the Exhibitors of this country who may respond to our invitation will receive all desirable facilities in regard to the reception, arrangement, and superintendence of their property in the Palace of Industry. A subsequent decree which I shall have the honor to communicate to your Excellency without delay, will determine the rest, in detailing the conditions on which our Universal Exhibition will be conducted, the rules to which the merchandize exhibited will be subject, and the various kinds of productions which will be admissible.

In conclusion, I must add, My Lord, that the Government of His Imperial Majesty hopes that Her Britanic Majesty's Government will, as far as lies in its power, call the attention of the industrious classes of this country to the Exhibition of 1855, that they may show the same readiness in

responding to the invitation now addressed to them that England experienced on our part in 1851.

Be pleased to receive, &c. &c.,

(Sd.) A. WALEWSKI.

By order of the Most Noble the Governor of Bengal,

CECIL BEADON,

Secy. to the Govt. of Bengal.

These fees shall be reckoned as part of the costs of the suit.

XII. If upon summary investigation into the merits of the plaint it shall be admitted, the Court shall summon the Defendant to answer it in person or by agent on a certain fixed day.

XIII. The summons shall contain a short particular of the cause of action, and an order to the Defendant to appear before the Court on a specified day, and to bring with him any documents which he may have in his possession, and which he may think conducive to his defence, and a list of such witnesses as may be necessary for his defence.

XIV. The summons shall be served personally upon the Defendant, a sufficient time before the day fixed for his appearance, to enable him to appear in Court on that day.

XV. If on or before the day appointed for appearance it shall be proved to the Court that the summons cannot be served in the manner above prescribed, a second summons, appointing another day for the appearance of the Defendant, shall be issued.

XVI. Such summons may be served either personally, or by affixing a copy thereof to some conspicuous part of the place of abode of the Defendant, and also affixing a copy thereof in the Court-room.

XVII. If the second summons be served in manner aforesaid a reasonable time before the day appointed for the appearance of the Defendant, to enable him to appear on that day, it shall be deemed to have been duly served.

XXI. If upon the day fixed for the Defendant's appearance the Plaintiff and Defendant shall appear before the Court in person or by agent, the Judge shall interrogate the parties present or their agents, so as to ascertain the precise point or points at issue between them, which he shall then determine and declare. He shall next interrogate the parties or their agents as to the proof which each desires to bring forward, and as to the documents, if any, which he requires to be produced by any party or witness, and he shall limit the parties to such witnesses and proofs as they shall satisfy him are needful to prove the point or points declared to be at issue. The whole of the interrogatories and the determination of the point or points at issue and the order made by the Judge as to the witnesses and proofs, shall be reduced to writing by the Judge in his own hand, and the record shall be attested by the signature of the Judge. The Judge shall then fix a day for continuing the hearing of the case and receiving the proofs, and the parties must produce their witnesses by that day, either by procuring their attendance voluntarily or by judicial summons. After the arrival of the day so fixed, the hearing shall not be again deferred unless good and sufficient reason be shown to the Court for such further postponement.

XXII. Every party and also every witness shall produce, or cause to be produced, any document in his possession which the Judge shall require him to produce.

XXIII. All processes shall be served or executed by or through Officers of the Court at the expense of the parties, and the amount of such expense shall be part of the costs in the suit; the Court may in its discretion exempt pauper parties from the payment of the expense of serving or executing process.

XXIV. The Court may at any time pending a suit, upon due cause shown, cause the attendance of principal parties instead of agents, recording the reason in each instance for so doing. In such case if the party required to attend shall fail to do so, the Judge may proceed in the same manner as where the party in other cases fails to appear by himself or his agent.

XXV. Any witness whose expenses for his journey to and from the Court, and for the period of his probable detention (at a reasonable rate to be fixed by the Court) shall have been deposited in Court by the party desiring his attendance, and to whom the fact of the deposit having been made shall have been made known by the terms of the summons addressed to him, shall, if he shall without lawful excuse refuse or omit to attend when duly summoned, be subjected at the discretion of the Court to fine or imprisonment, or both.

XXVI. All parties and witnesses who shall be examined must be examined in their own language *vivâ voce* by the Judge, in the presence of the parties or their agents, or of such of them as shall attend, and the substance of their evidence must be reduced to writing, and translated for the information of any party by whom such language shall not be understood. Each party in a suit may examine and cross-examine the opposite party and all witnesses in the suit. The proceedings shall be recorded in English in the Courts of the Commissioner, the Deputy Commissioners, the Assistants, and of the Extra-Assistants (if they have a knowledge of English); otherwise, and in all other Courts, in the language of the country.

XXVII. The evidence having been gone through and the parties or such of them as desire it having been respectively heard by themselves or their agents in support of their cases, a decision shall be given by the Judge, which must be reduced to writing in his own hand, together with the reasons on which it is

founded. The Judge shall at the same time declare what have been the actual costs of the suit, and by what parties and in what proportion they are to be paid.

XXVIII. The Commissioners have authority to fix, with the approval of the Government, the scale of pleader's fees to be awarded as costs of suit.

XXIX. The cost of serving processes shall be calculated according to the actual rate of the pay of the Officers employed to serve them for the time during which they were occupied in the service. And if a process be sent by the public dâk, then according to the rate of postage which, if it had not been sent "on service," it would have been necessary to pay for its transmission.

XXX. Any Judge except a Goung Gyoop may, at the time of deciding a suit, punish either party for fraudulent or vexatious conduct in the course of the suit by a fine, commutable if not paid to imprisonment for not more than one year. In such case a Goung Gyoop may send the party in custody for trial and punishment to the Deputy Commissioner or Assistant.

XXXI. All documentary evidence which shall be adduced upon the trial of a suit must be filed and placed among the records. If original documents shall be returned to the parties, authenticated copies must be substituted on the file.

XXXII. Appeals from decisions already passed, or which shall hereafter be passed, must be made in writing within ten days from the decision appealed against.

XXXIII. They may either be presented to the appellate Court, or to the Court from which appeal is made.

XXXIV. Appeals made after the expiration of ten days, as above prescribed, shall not be received, unless good cause of delay be shown to the satisfaction of the appellate Court.

XXXV. When an appeal has been admitted, the appellate Court shall fix a day for the hearing, and shall notify the same to the Appellant and to the Respondent; and on the day fixed the parties present shall be heard by themselves or their agents, and the appeal tried and decided. If further evidence be deemed necessary by the superior Court, it will be called for, or the case sent to the lower Court for further investigation. The superior Court may re-examine any of the parties or witnesses examined by the lower Court.

XXXVI. A regular appeal from every original decision of the Commissioners, and a special appeal from every decision of the Commissioners in regular appeal, shall lie to the Sudder Dewanny Adawlut at Calcutta, under the rules prescribed for appeals to that Court.

XXXVII. Every Court may cause the immediate execution of its decrees by giving possession of the thing awarded, or in the case of debt, damages or costs, by process against the person of the defendant, or against his lands, houses, goods and other effects, or by both such processes if it shall appear to the Judge to be necessary.

XXXVIII. Provided also that it shall be in the discretion of the Judge, previously to issuing execution upon a decree made *ex-parte*, to require from the decree-holder sufficient security to make such restitution as may be ordered in case the decree be set aside by the Court.

XXXIX. Provided also that no debtor be imprisoned in execution until his creditor shall have paid one month's subsistence in advance, at a rate varying from one anna to four annas per diem, at the discretion of the Judge, and so on, previous to the commencement of each month of imprisonment; failing which, the debtor is to be released, and must not again be imprisoned for the same debt.

XL. Provided also that no debtor shall be imprisoned in execution after he shall have satisfied the Court that he has done his best to pay the debt, and has no property or effects remaining from which the debt can be discharged; provided that if upon petition of the decree-holder or otherwise it shall appear to any Court above that of a Goung Gyoop, that the Defendant has fraudulently alienated or disposed of any of his property or effects, or that he has committed any other wilful misfeasance for the purpose of defrauding his creditors in general, or the Plaintiff in the suit, such Court may sentence the Defendant to simple imprisonment for a fixed term not exceeding one year, and after the expiration of that imprisonment he shall be released. But such imprisonment shall not extinguish his liability to satisfy the decree, or from having execution issued against any lands, houses or effects which shall then belong to him, or to which he shall at any future time become entitled.

XLI. Every appellate Court may upon appeal stay execution of the decree appealed against, causing security to be taken from the Appellant, if necessary, for the eventual satisfaction of the award with costs.

XLII. An Office for the Registry of Deeds shall be established in the several Districts of these Provinces, under the immediate charge of the Deputy Commissioner or Assistant, as the Commissioner shall determine. A single book, to be made of paper of English manufacture, shall suffice; the pages of such book are to be numbered, and each leaf is to be signed with his initials by the Registrar, who is to certify at the end of the book how many pages it contains, and to affix his signature at full length with the date of the certificate. A fee of one Rupee is to be paid on the Registry of any deed, and a fee of eight annas on a copy being taken from the book, and a fee of four annas for permission to inspect the book, which is always to be done in presence of the Registrar. The fees are to be the perquisite of the Registrar, who is to defray the expense attending the purchase and preservation of the books, and keep a record of his receipts. It shall for the present be optional with parties to register deeds or not as they think proper.

Should no other claimant appear within the time stated, the Thoogyee or Rawa Goung shall give the applicant a grant of the land in such form as may be determined by the Commissioner, and enter the grant in a register of the same form, to be kept by him for the purpose. The grants shall be numbered annually by each Thoogyee or Rawa Goung, commencing at the beginning of each Burmese year.

2nd. If any one shall afterwards claim the land, he must file a suit in the civil Court for its recovery, but in the event of a decree being given in his favor, the land shall not be made over to him until after the ensuing harvest.

3rd. In granting waste or jungle lands under the above rule, preference shall be given by the Thoogyee or Rawa Goung to the owner or owners of the field nearest to such waste land, who shall make application for it within the term of fifteen days, stated in the notice aforesaid.

4th. Lands granted under the above rule shall be exempted from assessment for different periods, according to the description of jungle upon them, agreeably to the following table :—

Class.	Description of Jungle.	Period of Exemption.

4	Large trees exceeding one foot in diameter at 2 cubits from the ground, ...	6 years.

5th. Land which in order to be cultivated requires to be thoroughly drained, or strongly embanked to prevent the entrance of salt water, shall be entitled to the same period of exemption as land of the 4th class, without reference to the description of jungle upon it. Land which requires the construction of embankments at an expense probably not exceeding one rupee per beegah, of the quantity of land reclaimed by means of the embankment, shall be entitled to the same period of exemption as land of either the 2nd or 3rd class, according to the judgment of the Thoogyee or Rawa Goung, without reference to the description of jungle upon it.

6th. Land may be granted under the above rule by the Thoogyee or Rawa Goung for the purpose of planting fruit trees or other trees or plants, and such land shall be exempted from assessment for periods according to the following table, without reference to the description of jungle upon it at the time of its allotment :—

Class.	Description of Trees and Shrubs.	Period of Exemption.

2	Dhanee, Mango, Jack and all other Fruit Trees, except Plantains, ..	7 years.
3	Plantain, Pan-vine, Sugar-cane, (not being annual,) Neeba, Mulberry, ..	1 year.

7th. Where plantains are planted *bonâ fide* only as a shade to cocoanut or other trees, they will not be considered as forming a plantain garden.

8th. No person shall without a general or special order of Government have new land on the above terms of exemption, otherwise than as an addition to his existing cultivation, or unless he has never cultivated land before. The circumstance, however, of a cultivator leaving part of his existing cultivation *bonâ fide* fallow will not preclude him from obtaining fresh allotments of waste or jungle land.

9th. If land be granted under the above rule for the purpose of planting fruit trees, or other trees or plants, it shall be forfeited unless three-fourths of its area be planted in accordance with the terms of the grant and within a period to be specified therein.

LXXXIX. A Deputy Commissioner or Assistant may make grants of land not exceeding two hundred and ninety beegahs or one hundred acres in extent each, on the terms above mentioned. They will be registered by him in a form similar to that prescribed in the preceding rule.

XC. Grants of waste land in excess of two hundred and ninety beegahs or one hundred acres shall be under such rules, and on such conditions, as the Government may from time to time determine.

XCI. If any cultivator who shall receive land under the above rules shall abandon the land so allotted to him after the period of exemption, under circumstances which prove that he has used the land only for the profit to be gained from it during such period of free occupancy, and not for the purpose of ulterior cultivation, he shall be liable, at the discretion of the Deputy Commissioner or Assistant, to assessment in arrears for the whole period of exemption, either at the full rate for land of similar description in the circle in which the land is situated, or at any reduced rate.

XCII. Persons to whom land has descended from their ancestors, or persons who shall have purchased or taken on mortgage land which shall have descended from ancestors, shall, on agreeing to pay the fixed assessment, have the right of reclaiming their land within a term of ten years after such land may have been made over by the Thoogyee or Rawa Goung, or other Government Officer, to another party for cultivation; provided, however, that if the party to whom the land shall have been allotted by the Thoogyee or Rawa Goung shall have planted fruit trees, strongly embanked it, or otherwise invested capital in the permanent improvement of the land, the person reclaiming it shall be allowed to do so only on paying to the person in occupation the value of such improvements, to be determined either by private arbitration or by a suit in Court, as shall be agreed upon by the parties.

XCIII. Persons who have held land obtained from a Thoogyee or Rawa Goung, or other revenue Officer, for an uninterrupted period of ten years, shall be allowed the same right, subject to the same provisions as in the last rule.

XCIV. All holders of land, whether coming under the above descriptions or not, shall report to the Thoogyee or Rawa Goung, in writing, before the full moon of Kasong in each year, whether there be any portion of the land previously held by them which they do not intend to cultivate themselves, or for which they have not provided a cultivator during the next season. The Thoogyee or Rawa Goung may then make over the land so left in his hands, or any portion of it, so that the portion be in one parcel, to any other person applying for it, subject to the rights of redemption laid down in Rules XCII. and XCIII. Unless a holder of land report to the Thoogyee or Rawa Goung, as above directed, he will be required to pay the tax on his land, whether it is cultivated or not. After having reported to the Thoogyee or Rawa Goung his intention

not to cultivate, he can only again take up the land, or any portion of it, by authority from the Thoogyee or Rawa Goung, who may, if the land be not already made over to another party, restore it, or any portion of it, in one parcel, to the original holder.

XCV. The intention of reclaiming or of trying by a suit to reclaim land on the principles declared in Rules XCII. and XCIII.. must be made known to the Thoogyee or Rawa Goung before the full moon of Kasong in each year, otherwise it will not, unless with the consent of the cultivator, be made over until after the ensuing harvest.

XCVI. All complaints relative to arrears of revenue, duty or tax, or disputed revenue accounts, shall be received and tried by the Deputy Commissioner or Assistant. A Deputy Commissioner may refer any such cases for trial to an Assistant. Every decision of a Deputy Commissioner or Assistant shall be subject to appeal to the Commissioner, if preferred within fifteen days from the date of the decision.

XCVII. All complaints against Government Revenue Officers or persons employed in the Revenue Department, of making or being accessaries to, unauthorized collections or receipts on any account, or of corruptly receiving more than is due to Government, shall be received and decided by the Deputy Commissioner or Assistant. Persons convicted of such offences shall be liable to the penalties described in Section XI. Regulation XXVII. of 1793. Such cases shall be appealable to the Commissioner within fifteen days from the date of the decision appealed against, but not afterwards, unless good cause for the delay be shown to the satisfaction of the Commissioner.

XCVIII. Any person who maliciously or vexatiously makes a false complaint in the Revenue Department, may be punished by the Officer before whom such complaint may be decided with a fine not exceeding fifty (50) rupees.

XCIX. In all cases tried in the Revenue Department, the Officer deciding them may award expenses of suit at his discretion, and if the expenses are not paid, levy the amount by distraint of the personal property of the party liable.

C. All holders of grants of land shall comply with such instructions as they may, from time to time, receive from the Deputy Commissioner or Assistant of the District in which the grants are situated, relative to furnishing returns of population, of capitation tax, and other statistics relating to their grants. Any grantee wilfully refusing or neglecting to give such returns when duly required from him, or wilfully furnishing false returns, shall be liable to a fine not exceeding two hundred (200) rupees for each offence.

CI. Any grantee who shall offer obstruction to the measurement of any land in his grant, after the measurement has been duly authorized by the local revenue authorities, or shall incite other persons to do so, and any person who shall offer obstruction to the measurement of land, whether within any grant or elsewhere, after such measurement shall have been duly ordered by any of the local revenue authorities, shall be liable to the penalties mentioned in Rule C., and to payment of all expenses incurred through his act of obstruction.

CII. The amount of all fines imposed under these rules, except such as are imposed under rule XCVII. may, if not paid by the party or parties liable, be levied by the sale of his or their personal property; or if not paid, and no property be found, the party may be sentenced to imprisonment in the civil jail for any period not exceeding one month.

MARINE.

CIII. The Commissioner may, with the sanction of the Government, make regulations for the guidance of Commanders and others on board ships or vessels in any port of the Tenasserim and Arracan Provinces, and for the general management and conservancy of any such ports, and may enforce such rules by the imposition of moderate fines not exceeding rupees fifty in any case. [Translation.]

London, 20th April 1853.

To the Right Hon'ble the Earl of Clarendon, &c. &c. &c.

My Lord,

I have the honor to announce to your Excellency, that His Majesty the Emperor has ordered, by a decree dated the 8th of March last, that an Universal Exhibition of Agricultural and Industrial products shall take place at Paris on the 1st of May 1855.

In hastening to make this communication to the Government of Her Britannic Majesty, I must at the same time, My Lord, assure it that the Exhibitors of this country who may respond to our invitation will receive all desirable facilities in regard to the reception, arrangement, and superintendence of their property in the Palace of Industry. A subsequent decree which I shall have the honor to communicate to your Excellency without delay, will determine the rest, in detailing the conditions on which our Universal Exhibition will be conducted, the rules to which the merchandize exhibited will be subject, and the various kinds of productions which will be admissible.

In conclusion, I must add, My Lord, that the Government of His Imperial Majesty hopes that Her Britannic Majesty's Government will, as far as lies in its power, call the attention of the industrious classes of this country to the Exhibition of 1855, that they may show the same readiness in responding to the invitation now addressed to them that England experienced on our part in 1851.

Be pleased to receive, &c. &c.,
(Sd.) A. Walewski.

By order of the Most Noble the Governor of Bengal,

Cecil Beadon,

LIGHT OF THE 4TH ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of that Island, at less than two miles distance, over the whole space of which extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepaute of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea in Burgos feet, ... 444
   Elevation of the Light-House above the ground, ... 6

   Total Elevation, (7)..... 450

2. The power of this Light extends to 9 Miles only according to M. Lepaute.
3. The Arc of the Circle, illuminated by this Light is 200 degrees from East to West, Southerly, whence it follows that Ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.
4. Bearing S. 15· E. from Pulo Caballo is the small Island of Fraile at 3½ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.
5. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

OBSERVATIONNS AND BEARINGS TAKEN FROM THE SMALL LIGHT-HOUSE OF PULO CABALLO OF VARIOUS REMARKABLE POINTS WITHIN AND OUTSIDE OF THE BAY.

The small Island of Fraile,	S.	15·	E.
Point, Limbones,	South,		
Island of Carabao,	S.	3·	W.
Point of Fuegos,	S.	12·	W.
Small Island of Fortun,	S.	21·	W.
Southern Point of Corregidor in one with the flat-topped rock of Monja,	N.	83·	W.

REMARKS.

All the foregoing bearings are true bearings, and the few Minutes of Easterly variation of the Needle that exist on this Coast, are very insignificant.

MANILA, 18*th January* 1853.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo és un islote muy escarpado y de corta estension, que dista del fanal de la isla del Corregidor menos de una legua, y yace al Sur del estremo oriental é interior de dicha isla á menos de 2 millas advirtiendo que por tal espacio se prolonga un bajío peligroso, que no dá paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4·, órden construido tambien por Mr. Lepaute de Paris para resguardar á los buques del peligro de caerentre la isla del Corregidor y Pulo Caballo.

INCIDENTES DEL FANAL DE PULO CABALLO.

1·. Elevacion del terreno sobre el nivel del mar en pies de Burgos, ... 444
   Elevacion del fanal sobre el terreno en su pedestal, ... 6

   Elevacion total, ... 450

2·. La fuerza de refulgencia de la luz de este faro solo és de 9 millans segun Mr. Lepaute.
3·. El arco de circulo fluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste drando frente al Sur, resultando por tanto que los buques llegarán á perder de vistal a luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahia, y seguirán con solo fanal grande del Corregidor, hasta la immediacion del fondeadero de la cindad de Mamila frente al rio.
4·. Al S. 15 E. de Pulo Caballo está el islote Fraile á 3½ millas, y el fanal pequeno servirá tambien para promediar en noches oscuras tal distancia con seguridad.
5·. Tanto Pulo Caballo como el islote Fraile se pueden atracar con seguridad hasta ½ milla de distancia; pero es mejor promediarla en resguardo de la mucha fuerza que suelen tenor las corrientes de marea.

ARRUMBAMIENTOS O MARCACIONES TOMADAS DESDE EL FANAL PEQUENO DE PULO CABALLO A VARIOS PUNTOS NOTABLES HACIA INTERIOR Y FUERA DE BAHIA.

London, 20th April 1853.

To the Right Hon'ble the Earl of Clarendon, &c. &c. &c.

My Lord,

I have the honor to announce to your Excellency, that His Majesty the Emperor has ordered, by a decree dated the 8th of March last, that an Universal Exhibition of Agricultural and Industrial products shall take place at Paris on the 1st of May 1855.

In hastening to make this communication to the Government of Her Britannic Majesty, I must at the same time, My Lord, assure it that the Exhibitors of this country who may respond to our invitation will receive all desirable facilities in regard to the reception, arrangement, and superintendence of their property in the Palace of Industry. A subsequent decree which I shall have the honor to communicate to your Excellency without delay, will determine the rest, in detailing the conditions on which our Universal Exhibition will be conducted, the rules to which the merchandize exhibited will be subject, and the various kinds of productions which will be admissible.

In conclusion, I must add, My Lord, that the Government of His Imperial Majesty hopes that Her Britannic Majesty's Government will, as far as lies in its power, call the attention of the industrious classes of this country to the Exhibition of 1855, that they may show the same readiness in responding to the invitation now addressed to them that England experienced on our part in 1851.

LIGHT OF THE 4TH ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of that Island, at less than two miles distance, over the whole space of which extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepaute of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea in Burgos feet,	444
Elevation of the Light-House above the ground,	6
Total Elevation, (7)	450

2. The power of this Light extends to 9 Miles only according to M. Lepaute.
3. The Arc of the Circle, illuminated by this Light is 200 degrees from East to West, Southerly, whence it follows that Ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.
4. Bearing S. 15° E. from Pulo Caballo is the small Island of Fraile at 3½ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.
5. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

OBSERVATIONS AND BEARINGS TAKEN FROM THE SMALL LIGHT-HOUSE OF PULO CABALLO OF VARIOUS REMARKABLE POINTS WITHIN AND OUTSIDE OF THE BAY.

The small Island of Fraile,	S.	15°	E.
Point, Limbones,	South,		
Island of Carabao,	S.	3°	W.
Point of Fuegos,	S.	12°	W.
Small Island of Fortun,	S.	21°	W.
Southern Point of Corregidor in one with the flat-topped rock of Monja,	N.	83°	W.

REMARKS.

All the foregoing bearings are true bearings, and the few Minutes of Easterly variation of the Needle that exist on this Coast, are very insignificant.

MANILA, 18*th January* 1853.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo és un islote muy escarpado y de corta estension, que dista del fanal de la isla del Corregidor menos de una legua, y yace al Sur del estremo oriental é interior de dicha isla á menos de 2 millas advirtiendo que por tal espacio se prolonga un bajío peligroso, que no dá paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4°. órden construido tambien por Mr. Lepaute de Paris para resguardar á los buques del peligro de caerentre la isla del Corregidor y Pulo Caballo.

INCIDENTES DEL FANAL DE PULO CABALLO.

1°. Elevacion del terreno sobre el nivel del mar en pies de Burgos,	444
Elevacion del fanal sobre el terreno en su pedestal,	6
Elevacion total,	450

2°. La fuerza de refulgencia de la luz de este faro solo és de 9 millans segun Mr. Lepaute.
3°. El arco de circulo iluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste drando frente al Sur, resultando por tanto que los buques llegarán á perder de vistal a luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahia, y seguirán con solo fanal grande del Corregidor, hasta la immediacion del fondeadero de la cindad de Mamila frente al rio.
4°. Al S. 15 E. de Pulo Caballo está el islote Fraile á 3½ millas, y el fanal pequeno servirá tambien para promediar en noches oscuras tal distancia con seguridad.
5°. Tanto Pulo Caballo como el islote Fraile se pueden atracar con seguridad hasta ½ milla de distancia; pero es mejor promediarla en resguardo de la mucha fuerza que suelen tenor las corrientes de marea.

ARRUMBAMIENTOS O MARCACIONES TOMADAS DESDE EL FANAL PEQUENO DE PULO CABALLO A VARIOS PUNTOS NOTABLES HACIA INTERIOR Y FUERA DE BAHIA.

El islote Fraile,	S.	15°	E.

Punta de Fuegos,	S.	12°	O.
Islote Fortun,	S.	12°	O.

NOTA.

Todos los rumbos espresados son verdaderos, pues son insignificantes los pocos minutos de variacion magnética de la aguja al N. E. que hay en esta Costa.

London, 20*th April* 1853.

To the Right Hon'ble the Earl of Clarendon, &c. &c. &c.

MY LORD,

I HAVE the honor to announce to your Excellency, that His Majesty the Emperor has ordered, by a decree dated the 8th of March last, that an Universal Exhibition of Agricultural and Industrial products shall take place at Paris on the 1st of May 1855.

In hastening to make this communication to the Government of Her Britannic Majesty, I must at the same time, My Lord, assure it that the Exhibitors of this country who may respond to our invitation will receive all desirable facilities in regard to the reception, arrangement, and superintendence of their property in the Palace of Industry. A subsequent decree which I shall have the honor to communicate to your Excellency without delay, will determine the rest, in detailing the conditions on which our Universal Exhibition will be conducted, the rules to which the merchandize exhibited will be subject, and the various kinds of productions which will be admissible.

In conclusion, I must add, My Lord, that the Government of His Imperial Majesty hopes that Her Britannic Majesty's Government will, as far as lies in its power, call the attention of the industrious classes of this country to the Exhibition of 1855, that they may show the same readiness in responding to the invitation now addressed to them that England experienced on our part in 1851.

Be pleased to receive, &c. &c.,
(Sd.) A. WALEWSKI.

By order of the Most Noble the Governor of Bengal,

CECIL BEADON,
Secy. to the Govt. of Bengal.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, 6th September 1853.

No. 705 *of* 1853.—The existing Orders on the subject of the supply of Great Coats to European Recruits, Volunteers, Invalids and others, are cancelled, and, the following Rules substituted:—

1. The blue grey cloth Great Coat directed in Government General Order, No. 14, of the 19th January 1842, will only be provided for the use of European Soldiers performing duty with their Regiments, and these Great Coats are to be considered as attached to Corps for the full time they are required to last, in the same manner as other equipments supplied by Government, and they are on no occasion to be taken away by men who finally quit their Regiments; but men who are sent to any of the Convalescent Depôts are to take their Regimental Great Coats with them.

2. On the arrival of a Regiment of Her Majesty's Infantry in this country, the Great Coats in use are to be forwarded to the Army Clothing Agency, in order to be replaced on the usual indents by Regimental Great Coats of the prescribed pattern.

3. On the departure of a Regiment from India, the men will take with them the Great Coats they have in wear, all surplus Coats being forwarded to the Army Clothing Agent for re-issue.

4. Great Coats of a distinct pattern will be provided for the use of Recruits, Invalids and others, and will be supplied under the following rules.

5. On the arrival of each Detachment of Recruits from England, the whole of the Great Coats in use with it will be sent to the Army Clothing Agent, who will cause them to be examined, and all that are serviceable and repairable are to be forthwith put without delay into proper order.

6. All Great Coats received from Her Majesty's Regiments arriving in India are likewise to be immediately examined and put into proper order for issue to Detachments.

7. When there may be no Army Clothing Agency at the port of landing, the duty of examining and repairing the Coats, as well as of receiving charge of surplus Coats, will devolve on the Commissariat or other Officer at the Station, who may be named for the purpose under the instructions of the Clothing Board.

8. Such, of the Great Coats brought out by each Detachment as are calculated, after the necessary repairs to last during the march or progress of the party to the Head Quarters

of the Regiment, will be re-issued to it, in part of the indent which the Officer commanding must furnish as early as practicable to the Clothing Agent or other local authority, and the number deficient is to be made up from the Detachment Great Coats in store; these being issued at once, without waiting for the repairs being completed to the Great Coats sent in by the Detachment.

9. The Great Coats on being issued for the first time, whether new or repaired, are to be numbered; and the number, year of issue, and the word "Dett." are to be marked in an indelible manner on each Coat.

10. All Great Coats are to be carefully examined by the Agent or other Officer before being despatched, and the exact condition of each is to be entered in a book to be kept for that purpose.

11. A return of the Coats supplied taken from the Register Book is to be furnished to the Officer commanding the Detachment, who is to examine the Coats, and see that they correspond with the description in the return.

12. The Officer commanding each Detachment will be personally responsible for the Great Coats, and he will be required to account for all made over to him.

13. He is further required to see that the Coats are only worn on authorized occasions, and that they are not made use of by the men as bedding, or worn as fatigue dresses.

14. The Great Coats are to be taken care of by the Soldier in the same manner as his necessaries, and any loss or damage thereof occasioned by his neglect is to be made good by stoppages from his pay.

15. On the arrival of the Recruits at the Head Quarters of the Regiment, the Great Coats are to be delivered over to the Quarter Master, to be placed into Regimental store, a receipt being given to the Officer commanding the Detachment for the number so delivered over, which receipt is to be forwarded to the Secretary to the Clothing Board on the Officer finally accounting for the Coats he has received.

16. The Coats, at the time of their being made over to the Quarter Master, are to be surveyed by a Committee, the report of which is to be forwarded to the Secretary to the Clothing Board, when instructions will be issued for making the necessary repairs, for disposing of such as may be unserviceable, and for recovering the price of any that may be damaged or missing.

17. Foot Artillery, Sapper and Infantry Recruits, on delivering over the Detachment Great Coats, will be provided with Regimental Coats, and Cavalry Recruits will, in like manner, be provided with the Cloaks supplied by the Colonels of Regiments.

18. Every Soldier finally quitting his Corps, whether as an Invalid, time-expired man, or otherwise proceeding to the Presidency or other port for embarkation, when entitled to a free passage, will be supplied with a Detachment Great Coat, his Regimental Coat being delivered into store for issue to Recruits.

19. These men will be held responsible for their Great Coats, which they will take with them for use on boardships, and no Great Coat so issued is on any account to be replaced without payment, unless lost or destroyed by circumstances over which the man had no control.

20. Men purchasing their discharge, and those finally discharged with the intention of remaining in India, are not to be supplied with Detachment Great Coats, but they are to deliver over to the Quarter Master the Regimental Great Coats they have in wear.

21. Men transferred from one Corps to another, including Volunteers, are to make over their Regimental Great Coats, and will be supplied with Detachment Great Coats, which they will be held responsible for, and which they must deliver over to the Quarter Master on reaching their new Corps.

22. This Rule, however, does not apply to Soldiers transferred to Native Corps or to the Ordnance or other Departments, men serving in those branches not being provided with Great Coats.

23. Instructions will be issued by the Clothing Board regarding the disposal annually of all surplus Detachment Great Coats, and Commanding Officers of Corps will be held responsible for the due care of the Great Coats deposited in Regimental store, and that such Coats as are to be sent to the Presidency or elsewhere are properly packed and despatched.

24. Periodical returns showing how the detachment Great Coats received have been disposed of, are to be forwarded to the Secretary under such instructions as may be issued by the Clothing Board.

25. These Rules apply to the Foot Artillery, Dragoons, European Infantry of Her Majesty's and the Company's Services, and the European portion of the Sappers and Miners.

No. 2420.

Extract from the Proceedings of the Most Noble the Governor General of India in Council, in the Financial Department, under date the 2nd September 1853.

Read the following Despatch from the Hon'ble the Court of Directors, No. 23 of 1853, dated the 20th July, admitting the Servants of Government employed in the Educational Departments to the benefits of the General Pensionary Regulations of 1831 :—

Financial Department.

No. 23 of 1853.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. In the year 1846 you recommended the admission of the Servants of Government employed in the Educational Department to the benefits of the General Pensionary Regulations of 1831.

2. Before deciding upon the question, we required to be furnished with returns of the Educational Institutions at the several Presidencies, to enable us to ascertain the expense of the measure which you had submitted to us. These returns were rendered in your letter of the 30th May 1848, and it appeared from them that the probable charges to the State for Pensions would amount to about Rupees 20,000 per annum on the strength of the Educational Establishment as existing at that time. Your financial position was then so unpromising, that, viewing the proposal as we were compelled to do, solely on financial grounds, we felt it necessary to postpone the boon, which on all other considerations we should willingly have conceded to the Educational Servants.

3. In our despatch in this Department dated 17th September 1851, No. 50, in reply to a memorial from the body of Educational Servants employed in the North-Western Provinces, we expressed our regret that we were still prevented, by financial considerations, from complying with their request for the grant of Pensions on retirement.

4. Our attention has again been given to the subject, and we have resolved now to withdraw the restriction as respects this valuable class of public Servants, and to sanction their being admitted to participate in the privileges of the Pension Rules of 1831. We have also determined, with a view of showing our estimation of the importance of their services, that the Principals and Head Masters of Colleges or Schools shall be ranked in the same class with Law Officers and Native Judges, and in like manner with them be qualified, if incapacitated by age or infirmity, to receive Pensions, equivalent to one-third of their average monthly salary, after fifteen years' service, and to one-half after a service of twenty-two years or upwards. This privilege must be confined to Principals and Head Masters. With regard to all other Educational Servants, a service of twenty years will be a necessary qualification for the minimum rate of Pension.

Vide Clause 3, Rule V., of the Pension Rules of 1831.

5. The Pensions are to be granted only to Servants attached to those Institutions that are wholly, or for the greater part, supported by our respective Governments, and not to those supported from other sources; and Pensions are not to be conceded to any class of persons inferior to those embraced in the Abstract contained in your letter of 30th May 1848, above referred to, the total number of which was at that time 559 persons.

6. We desire that a copy of the foregoing paragraphs be transmitted to the Governments of Madras and Bombay, and to the Lieutenant-Governor, North-Western Provinces, for their information and guidance.

We are, &c.,

Ordered also, that a copy of the same Despatch be transmitted to the Civil Auditor for his information and guidance.

AT THE COURT AT BUCKINGHAM PALACE.

The 13th Day of June 1853.

Present :

THE QUEEN'S MOST EXCELLENT MAJESTY.

His Royal Highness Prince Albert.

Lord President.	Earl of Aberdeen.
Lord Steward.	Earl of Clarendon.
Duke of Newcastle.	Viscount Palmerston.
Duke of Wellington.	Mr. Herbert.
Lord Chamberlain.	Sir James Graham, Bart.

Whereas there was this day read at the Board a Report from the Right Honorable the Lords of the Judicial Committee of the Privy Council, dated the 30th May last past, humbly setting forth that the Lords of the Judicial Committee have taken into consideration the practice of the Committee with a view to greater economy, despatch and efficiency in the appellate jurisdiction of Her Majesty in Council, and that their Lordships have agreed humbly to report to Her Majesty that it is expedient that certain changes should be made in the existing practice in Appeals, and recommending that certain Rules and Regulations therein set forth should henceforth be observed, obeyed, and carried into execution, provided Her Majesty is pleased to approve the same.

Her Majesty, having taken the said Report into consideration, was pleased, by and with the advice of her Privy Council, to approve thereof, and of the Rules and Regulations set forth therein, in the words following, videlicet :—

Appellant, when successful, may recover costs of appeal.

I. That, any former usage or practice of Her Majesty's Privy Council notwithstanding, an Appellant who shall succeed in obtaining a reversal or material alteration of any judgment, decree, or order appealed from, shall be entitled to recover the costs of the Appeal from the Respondent, except in cases in which the Lords of the Judicial Committee may think fit otherwise to direct.

Transcripts to be sent to Registrar of Privy Council.

II. That the Registrar or other proper Officer having the custody of records in any Court or special jurisdiction from which an Appeal is brought to Her Majesty in Council be directed to send by post, with all possible despatch, one certified copy of the transcript record in each cause to the Registrar of Her Majesty's Privy Council, Whitehall; and that all such transcripts be registered in the Privy Council Office, with the date of their arrival, the names of the parties, and the date of sentence appealed from; and that such transcript be accompanied by a correct and complete index of all the papers, documents and exhibits in the cause; and that the Registrar of the Court appealed from, or other proper Officer of such Court, be directed to omit from such transcript all merely formal documents, provided such omission be stated and certified in the said index of papers; and that especial care be taken not to allow any document to be set forth more than once in such transcript; and that no other certified copies of the record be transmitted to agents in England by or on behalf of the parties in the suit; and that the fees and expenses incurred and paid for the preparation of such transcript be stated and certified upon it by the Registrar or other Officer preparing the same.

Transcripts may be printed abroad.

III. That when the record of proceedings or evidence in the cause appealed has been printed or partly printed abroad, the Registrar or other proper Officer of the Court from which the Appeal is brought shall be bound to send home the same in a printed form either wholly or so far as the same may have been printed, and that he do certify the same to be correct, on two copies, by signing his name on every printed sheet, and by affixing the seal, if any, of the Court appealed from, to these copies, with the sanction of the Court.

And that in all cases in which the parties in Appeals shall think fit to have the proceedings printed abroad, they shall be at liberty to do so, provided they cause fifty copies of the same to be printed in folio, and transmitted, at their expense, to the Registrar of the Privy Council, two of which printed copies shall be certified as above by the Officers of the Court appealed from, and in this case no further expense for copying or printing the record will be incurred or allowed in England.

Written transcripts to be printed by Her Majesty's Printer.

IV. That on the arrival of a written transcript of appeal at the Privy Council Office, Whitehall, the Appellant, or the agent of the Appellant prosecuting the same, shall be at liberty to call on the Registrar of the Privy Council to cause it, or such part thereof as may be necessary for the hearing

of the case, and likewise all such parts thereof as the Respondent or his agent may require, to be printed by Her Majesty's Printer, or by any other Printer on the same terms, the Appellant or his agent engaging to pay the cost of preparing a copy for the Printer at a rate not exceeding one shilling per brief sheet, and likewise the cost of printing such record or appendix, and that one hundred copies of the same be struck off, whereof thirty copies are to be delivered to the agents on each side, and forty kept for the use of the Judicial Committee; and no other fees for solicitors' copies of the transcript, or for drawing the joint appendix, be henceforth allowed, the solicitors on both sides being allowed to have access to the original papers at the Council Office, and to extract or cause to be extracted and copied such parts thereof as are necessary for the preparation of the petition of appeal, at the stationer's charge, not exceeding one shilling per brief sheet.

Transcripts to be printed within a certain time.

V. That a certain time be fixed within which it shall be the duty of the Appellant or his agent to make such application for the printing of the transcript, and that such time be within the space of six Calendar months from the arrival of the transcript and the registration thereof in all matters brought by Appeal from Her Majesty's Colonies and Plantations East of the Cape of Good Hope, or from the Territories of the East India Company, and within the space of three months in all matters brought by Appeal from any other part of Her Majesty's Dominions abroad; and that in default of Appellant or his agent taking effectual steps for the prosecution of the Appeal within such time or times respectively, the Appeal shall stand dismissed without further order, and that a report of the same be made to the Judicial Committee by the Registrars of Privy Council at their Lordships' next sitting.

Appeals may be heard in the form of a special case.

VI. That whenever it shall be found that the decision of a matter on Appeal is likely to turn exclusively on a question of law, the agents of the parties, with the sanction of the Registrar of the Privy Council, may submit such question of law to the Lords of the Judicial Committee in the form of a special case, and print such parts only of the transcript as may be necessary for the discussion of the same; provided that nothing herein contained shall in any way bar or prevent the Lords of the Judicial Committee from ordering the full discussion of the whole case, if they shall so think fit, and that in order to promote such arrangements and simplification of the matter in dispute, the Registrar of the Privy Council may call the agents of the parties before him, and having heard them and examined the transcript, may report to the Committee as to the nature of the proceedings.

And Her Majesty is further pleased to order, and it is hereby ordered, that the foregoing Rules and Regulations be punctually observed, obeyed, and carried into execution in all Appeals or petitions and complaints in the nature of Appeals brought to Her Majesty or to her Heirs and Successors, in Council, from Her Majesty's Colonies and Plantations abroad, and from the Channel Islands or the Isle of Man, and from the Territories of the East India Company, whether the same be from Courts of Justice or from special jurisdictions, other than Appeals from Her Majesty's Courts of Vice-Admiralty, to which the said Rules are not to be applied.

Whereof the Judges and Officers of Her Majesty's Courts of Justice abroad, and the Judges and Officers of the Superior Courts of the East India Company, and all other persons whom it may concern, are to take notice, and govern themselves accordingly.

LIGHT OF THE 4TH ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of that Island, at less than two miles distance, over the whole space of which extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepaute of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea in Burgos feet, ... 444
   Elevation of the Light-House above the ground, ... 6

   Total Elevation, (7)..... 450

2. The power of this Light extends to 9 Miles only according to M. Lepaute.
3. The Arc of the Circle, illuminated by this Light is 200 degrees from East to West, Southerly, whence it follows that Ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.
4. Bearing S. 15· E. from Pulo Caballo is the small Island of Fraile at 3½ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.
5. Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

OBSERVATIONS AND BEARINGS TAKEN FROM THE SMALL LIGHT-HOUSE OF PULO CABALLO OF VARIOUS REMARKABLE POINTS WITHIN AND OUTSIDE OF THE BAY.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo és un islote muy escarpado y de corta estension, que dista del fanal de la isla del Corregidor menos de una legua, y yace al Sur del estremo oriental é interior de dicha isla á menos de 2 millas advirtiendo que por tal espacio se prolonga un bajío peligroso, que no dá paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4·. órden construido tambien por Mr. Lepaute de Paris para resguardar á los buques del peligro de caerentre la isla del Corregidor y Pulo Caballo.

INCIDENTES DEL FANAL DE PULO CABALLO.

1·. Elevacion del terreno sobre el nivel del mar en pies de Burgos, ... 444
   Elevacion del fanal sobre el terreno en su pedestal, ... 6

   Elevacion total, ... 450

2·. La fuerza de refulgencia de la luz de este faro solo és de 9 millas segun Mr. Lepaute.
3·. El arco de circulo iluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste drando frente al Sur, resultando por tanto que los buques llegarán á perder de vistal a luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahia, y seguirán con solo fanal grande del Corregidor, hasta la inmediacion del fondeadero de la cindad de Mamila frente al rio.
4·. Al S. 15 E. de Pulo Caballo está el islote Fraile á 3½ millas y el fanal pequeno servirá tambien para promediar en noches oscuras la distancia con seguridad.
5·. Tanto Pulo Caballo como el islote Fraile se pueden atracar con seguridad hasta ½ milla de distancia; pero es mejor promediarla en resguardo de la mucha fuerza que suelen tenor las corrientes de marea.

ACT No. —— OF 1853.

An Act relating to the execution of Sentences in petty cases by Superintendents of Bazaars in the Presidency of Bombay.

WHEREAS the rule which prohibits a Superintendent of Bazaars in the Presidency of Bombay from executing any sentence in the Criminal or Excise branches of his duties, until he has submitted his proceedings to the Commanding Officer, and which requires that trials before a Superintendent of Bazaars shall be recorded as usual on Courts Martial, has been found to be productive of unnecessary inconvenience and delay in petty cases, and it is expedient to abolish the rule in such cases; It is hereby enacted as follows:

I. So much of Section 30, Regulation XXII., 1827, of the Bombay Code, as enacts that the Superintendent of Bazaars shall not execute any sentence in the Criminal or Excise branch of his duties until he has submitted his proceedings to the Commanding Officer, and that his trials shall be recorded in writing as usual on Courts Martial, is hereby repealed so far as it shall relate to any sentence which shall hereafter be passed by any Superintendent of Bazaars by which any fine not exceeding three rupees, or any imprisonment not exceeding three days, shall be ordered.

An European Serjeant Major will be appointed to the Corps.

4. The Head Quarters of the Corps will henceforward be located at Cuttack.

5. The following Rules are established for the control, payment and discipline of the Corps :—

I. The Commanding Officer is to be considered a Civil Officer, and, in all matters connected with the disposal and employment of the Companies, as well as with the general superintendence of the details of the Corps, will be guided by the orders he may receive *from the Magistrate of Cuttack, subject to the general controlling authority of the Commissioner.*

II. The Companies will be liable to be employed in any part of the Province of Orissa, including the Tributary Mehals, under the orders of Government, when requisite for the purposes of Police, and no extra pay will on that account be allowed.

III. In all matters connected either with the general details and discipline of the Corps, or with any public service on which it may be employed, the Commanding Officer is to correspond directly with the Magistrate of Cuttack, or with the Magistrate within the local limits of whose jurisdiction he may be employed, and by whose instructions he will be guided, subject always to the controlling authority of the Commissioner. All official correspondence of the Commanding Officer, on any points requiring the orders of the Commissioner or of Government, will be addressed to the Magistrate of Cuttack, or of the District in which the Commanding Officer may at the time be employed.

IV. Whenever the Commanding Officer shall quit one station, or post, to visit another, he will invariably report his departure to the Magistrate for the information of the Commissioner, and likewise his return.

V. The Commanding Officer will be held responsible that the Corps is maintained in its full strength, that its Equipments are complete, and that it is kept in all points in a state of efficiency and good order. He will furnish the Magistrate of Cuttack monthly with an Abstract Return, according to the prescribed Form, shewing the actual strength and disposition of the Companies, the number of sick and of individuals absent on leave, and the vacancies occasioned by deaths, discharges or otherwise during the past month.

VI. All men enlisting into the Orissa Paik Companies shall be required to enter into an engagement to serve for a period of not less than five years.

VII. In the event of any individual of the Corps being desirous of obtaining his discharge, the circumstance is to be reported for the orders of the Magistrate of Cuttack, and the discharge will not be granted without his sanction. The discharge of Subadars and Jemadars will not take effect without the confirmation of the Commissioner.

VIII. On the occurrence of a vacancy, by death, discharge, or otherwise, among the Privates of the Corps, the Commanding Officer will supply such vacancy without delay, by enlistment from among that class of persons of which the Corps is composed. Reference for the sanction of the Magistrate of Cuttack is not requisite on enlisting privates; but the Magistrate, subject to the control of the Commissioner, is in all cases vested with discretionary power to direct the discharge of any individual newly enlisted, and of any individual in the Corps (not being a Native Officer) who may appear unfit for the Service, or not of the class of persons of which the Corps is composed.

IX. Promotions to the grades of Naik and Havildar will be made by the Commanding Officer, without reference to the Magistrate for his sanction.

X. When a vacancy occurs in the rank of Jemadar or of Subadar, the Commanding Officer will nominate, through the Magistrate of Cuttack, for the confirmation of the Commissioner, a fit person to succeed to the vacancy. The senior on the roll of the next grade will ordinarily be nominated, or some individual of the Corps who may by signal good conduct appear to have established the best claim to the promotion. On such occasions, the Commanding Officer will forward to the

Magistrate, for the Commissioner's information, a roll shewing the present age of the nominee, his period of service, general conduct and character and qualification as a soldier, and, in the case of a man nominated for distinguished conduct, the roll will further contain full particulars of the circumstances.

XI. When the Commanding Officer may deem it expedient to pass over one or more of the seniors of the next grade, as unfit or unworthy, a roll of these persons is to be sent in, shewing their standing, as well as all the particulars prescribed in the preceding Rule, and in the column of Remarks will be inserted the special reasons for passing them over.

XII. Sunnuds or Commissions conferring the rank of Jemadar and Subadar shall be granted to persons promoted to those grades, by the Commissioner, who is invested by Government with power to grant such Sunnuds.

XIII. The Orissa Paik Companies not being subject to the Articles of War for the Government of the Officers and Soldiers of the East India Company, all offences against the criminal law, as well as Military offences of the more serious kinds, Mutiny, Desertion, Violence to superiors, and such like, committed in this Corps, shall be taken cognizance of by the Magistrate, and punished agreeably to the Regulations and Acts of Government.

XIV. The Commanding Officer will report to the Magistrate of Cuttack, or to the Magistrate of the District within which the offender may be serving, any instance of oppression or serious misconduct, and the Magistrate will proceed against the offender, whether Officer or Soldier, as he would in the like case against the ordinary Police under his authority.

XV. The Magistrate of Cuttack is hereby empowered, subject to the control of the Commissioner, to direct the reduction to the rank of Sepoy of any Havildar or Naick of the Corps, or his suspension from rank and pay not exceeding six months, on conviction of grave offences of a Military nature, or of oppression or serious misconduct. He is further empowered to direct the dismissal of any Non-Commissioned Officer, Bugler or Sepoy of the Corps, as a punishment, on conviction of such offences.

XVI. Native Officers of the Corps convicted of serious offences may be dismissed by order of the Commissioner. On conviction of minor offences, Native Officers may be suspended from rank and pay, not exceeding six months, by order of the Commissioner.

XVII. The punishment of minor offences committed by Non-Commissioned Officers, Buglers and Sepoys will rest with the Commanding Officer, and will consist of Extra Drills, and confinement to the Barracks or to Guard, not exceeding eight days.

XVIII. Leave of absence to the extent of ten days may be granted by the Commanding Officer. For any leave of absence exceeding that period the sanction of the Magistrate of Cuttack will be requisite. No more than eight men per Company shall have leave of absence at one time.

XIX. Officers and Men of the Corps who may be temporarily unfit for duty by reason of sickness, will be forwarded by the Commanding Officer to the nearest Civil Officer, in order that they may receive proper care and medical treatment at the Station Hospital.

XX. The Commanding Officer will be held responsible that the pay of the Officers and men of the Corps is duly delivered to them without delay, after he shall have received the same, and he will transmit their receipts in Acquittance Rolls, to be deposited in the office of the Magistrate of Cuttack.

XXI. The Commanding Officer will keep the following books connected with the Corps :—

1. Muster Roll and Pay Abstracts.
2. Letter Book.
3. Register of the Corps, accounting for every individual belonging to it, their enlistment, dates of promotion, character, their rewards and punishments, and the dates of casualties by death, discharge or otherwise.

the Respondent in the event of the appeal being dismissed.

The amount of this security appears to have been fixed by Resolutions or Decisions of the Sudder Courts, and since the year 1846 it has been raised to 10,000 Rupees.

The Lords of the Judicial Committee have not thought it expedient to interfere with this discretionary power by recommending Her Majesty to establish any fixed and invariable rule on this subject, but their Lordships are of opinion that as the costs of prosecuting an Appeal to England will be materially diminished by the operation of Her Majesty's Order in Council of the 13th June ultimo, the security required of Appellants for costs ought henceforth to be fixed at 4,000 Rupees, except in cases of extraordinary magnitude and importance, in which the Judges of the Courts of Sudder Dewanny Adawlut may think it necessary to require of the Appellant a security to a larger amount, which should in no case exceed 10,000 Rupees.

I am therefore to request that you will move the Commissioners for the Affairs of India to cause this opinion and recommendation of the Lords of the Judicial Committee to be communicated to the Judges of the Courts of Sudder Dewanny Adawlut, in order that the same may be carried into effect by such Courts, and that (if necessary from the present state of the law on this subject), the same may be embodied in an Act of the Legislative Power of India.

I have the honor to be, &c.,

No. 4451.

Marine Court.

At a Court assembled on Monday, the Nineteenth of September, One Thousand, Eight Hundred and Fifty-three, under Act No. XXIV. of 1845, Mr. Master Pilot Thomas Scallan was tried on the following charge:—

Charge.

For neglect of duty in the following instance:—

Upon the sixth day of June last, at the Sand-Heads, after taking pilotage charge of the British Ship *Sir George Seymour* then from Sea, throwing up the said pilotage charge, and refusing to conduct that Ship into the River.

By Order of the Officiating Superintendent of Marine.

(Sd.) H. Howe,
Secretary.

Fort William,
The 13th September 1833.

Finding.

The Court, having maturely weighed and considered the evidence brought forward in support of the prosecution, together with that adduced upon the defence, is of opinion that Mr. Master Pilot Thomas Scallan is *guilty* of the whole charge preferred against him.

(Sd.) H. Piddington,
President.

Sentence.

The Court having found Mr. Master Pilot Thomas Scallan *guilty* of the charge preferred against him, do adjudge that he lose three months' rank as Master Pilot in the Bengal Pilot Service, and that his name do stand below Mr. Master Pilot T. L. Hart, and, above Mr. Master Pilot J. M. Hamilton.

(Sd.) H. Piddington,
President.

Fort William,
Master Attendant's Office,
24th September 1853.

(Sd.) Thomas Hill,
Judge Advocate.

2nd.—The Proceedings having been submitted to Government, the Most Noble the Governor of Bengal has been pleased to confirm the sentence of the Court, accompanied by the following remarks on the case:—

"Para. 13.—As regards the specific accusation of throwing up charge of the *Sir George Seymour* after assuming it, His Lordship considers that the finding of the Court is most completely borne out by the evidence, and that Pilots being absolutely prohibited by the rules from throwing up Pilotage charge of a Vessel under any pretence whatever, Mr. Scallan's conduct is wholly unjustifiable. Even supposing that a discretion were allowed to Pilots, the circumstances under which Mr. Scallan abandoned the Vessel were such as scarcely to raise a reasonable presumption of danger, and his conduct cannot be regarded otherwise than most blameworthy and discreditable.

"14.—His Lordship confirms the sentence of the Court, but desires me to observe that it is very inadequate to Mr. Scallan's offence."

In conformity with the above decision, the Master Attendant has been desired to release Mr. Master Pilot Thomas Scallan from arrest, and to allow him to return to his duty, and to place his name in the list of Master Pilots below that of Mr. T. L. Hart, and above that of Mr. J. M. Hamilton.

By order of the Superintendent of Marine.

Secretary.

London,

[TRANSLATION.]

London, the 22th of June 1853.

To the Right Hon'ble the Earl of Clarendon,

&c., &c., &c.

MY LORD,

With reference to the Universal Exhibition which is to take place at Paris in 1855, several manufacturers have addressed the Minister of the Interior to know, first, whether articles of which the importation is prohibited in France will be admitted at the Exhibition, and secondly, whether on the close of the Exhibition, these articles will be admitted for home consumption, or whether they must be re-exported.

These two questions, my Lord, have received an answer in accordance with the enlightened views which induced the Government of His Majesty the Emperor to decree the Universal Exhibition of 1855. It has been consequently decided, not only that prohibited merchandize shall be admitted to the Exhibition, but also that, after it shall have closed, the exhibitors will have the option either to re-export the said merchandize free of duty, or to enter them for home consumption, on paying a duty of 30 per cent. *ad valorem.*

These conditions will be excluded in the general rules which are now under preparation, but in consequence of the opinions which appear to have been already excited abroad as to the rules affecting prohibited merchandize destined for the Exhibition of Paris in 1855, I have been charged with the honor of informing your Excellency of the resolutions adopted in this respect by the Government of His Majesty the Emperor. Your Excellency will perhaps consider it advisable to give immediate information of this arrangement to the manufacturers and artizans who are subjects of Her Britannic Majesty.

I have the honor to be,

&c., &c.,

(Signad) A. WALEWSKI.

or other person so deceased, and such remittance at the end of twelve months as aforesaid, shall be a discharge to such Secretary from all actions, suits and demands in respect of such surplus; provided always that the Registrars of Her Majesty's several Supreme Courts in India shall not, nor shall the Administrator General of either of the said Presidencies, be required or entitled to take out letters of administration with the will annexed, or otherwise in respect of such surplus.

XII. The provisions of this Act are intended to apply and shall apply only to European Officers and Seamen, and to other persons being Europeans belonging to the Indian Navy, who may die as aforesaid.

XIII. And whereas the Governor in Council of Bombay made certain Rules, bearing date 27th July 1844, to be observed on the decease of European Officers and European Seamen belonging to the Indian Naval Service, purporting to be Rules made in pursuance of the provisions of the said Act of the 3rd and 4th Victoria and the Articles of War thereto annexed, and which Rules have been acted upon, it is hereby enacted that the said Rules shall no longer be acted upon, but that all acts heretofore done within any part of the territories under the Government of the East India Company, which were authorized by the said Rules, shall be deemed to be valid, and that no act thereby authorized to be done shall be questioned in any court of justice in any part of the territories under the Government of the East India Company.

Public Department.

Our Governor General of India in Council.

No 48 *of* 1853.—With reference to our Despatch in this Department, dated 24th May last, No. 30, we forward copy of a letter which has been addressed to Her Majesty's Secretary of State for Foreign Affairs by the French Ambassador, stating the decision which has been come to by the Government of His Imperial Majesty in regard to Foreign prohibited goods which may be sent to the Universal Exhibition to be held in Paris in May 1855, and we request that you will give the greatest possible publicity to the liberal intentions of the French Government, as stated in Count Walewski's letter.

London,
20th July 1853.

[Translation.]

London, the 22th of June 1853.

To the Right Hon'ble the Earl of Clarendon,
&c., &c., &c.

My Lord,

With reference to the Universal Exhibition which is to take place at Paris in 1855, several manufacturers have addressed the Minister of the Interior to know, first, whether articles of which the importation is prohibited in France will be admitted at the Exhibition, and secondly, whether on the close of the Exhibition, these articles will be admitted for home consumption, or whether they must be re-exported.

These two questions, my Lord, have received an answer in accordance with the enlightened views which induced the Government of His Majesty the Emperor to decree the Universal Exhibition of 1855. It has been consequently decided, not only that prohibited merchandize shall be admitted to the Exhibition, but also that, after it shall have closed, the exhibitors will have the option either to re-export the said merchandize free of duty, or to enter them for home consumption, on paying a duty of 30 per cent. *ad valorem.*

These conditions will be excluded in the general rules which are now under preparation, but in consequence of the opinions which appear to have

been already excited abroad as to the rules affecting prohibited merchandize destined for the Exhibition of Paris in 1855, I have been charged with the honor of informing your Excellency of the resolutions adopted in this respect by the Government of His Majesty the Emperor. Your Excellency will perhaps consider it advisable to give immediate information of this arrangement to the manufacturers and artizans who are subjects of Her Britannic Majesty.

I have the honor to be,

&c., &c.,

(Signad) A. WALEWSKI.

By order of the Most Noble the Governor of Bengal,

LIGHT OF THE 4TH ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLED PULO CABALLO.

Pulo Caballo is a small Island, which is steep and of little extent, and is distant from the Light-House of the Island Corregidor less than a league; it lies to the South of the Eastern and inner extreme of that Island, at less than two miles distance, over the whole space of which extends a dangerous Shoal, only passable by fishermen. On Pulo Caballo has been erected another Light-House of the 4th order, likewise built by M. Lepaute of Paris, to warn Vessels of the danger of attempting to pass, or of being drifted, between the Islands of Corregidor and Pulo Caballo.

PARTICULARS OF THE LIGHT-HOUSE OF PULO CABALLO.

1. Elevation of the ground above the level of the Sea in Burgos feet, ... 444
   Elevation of the Light-House above the ground, ... 6

   Total Elevation, (7)..... 450

2. The power of this Light extends to 9 Miles only according to M. Lepaute.
3. The Arc of the Circle, illuminated by this Light is 200 degrees from East to West, Southerly, whence it follows that Ships gradually lose the light of this additional Light-House when within Pulo Caballo in the interior of the Bay, and they will have to steer by the light of the great Light-house of Corregidor, until close to the anchoring ground of the City of Manilla in front of the River.
4. Bearing S. 15· E. from Pulo Caballo is the small Island of Fraile at 3½ Miles, and the small Light will enable Vessels to pass in dark nights in mid-channel with safety.
5 Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within ½ a Mile; it is however better to keep in mid-channel considering the great force of the set of the tides.

OBSERVATIONS AND BEARINGS TAKEN FROM THE SMALL LIGHT-HOUSE OF PULO CABALLO OF VARIOUS REMARKABLE POINTS WITHIN AND OUTSIDE OF THE BAY.

FANAL DE CUARTO ORDEN Y LUZ FIJA EN EL ISLOTE NOMBRADO PULO CABALLO.

Pulo Caballo és un islote muy escarpado y de corta estension, que dista del fanal de la isla del Corregidor menos de una legua, y yace al Sur del estremo oriental é interior de dicha isla á menos de 2 millas advirtiendo que por tal espacio se prolonga un bajío peligroso, que no dá paso mas que á pescadores. En este Pulo Caballo se establece otro fanal de 4·. órden construido tambien por Mr. Lepaute de Paris para resguardar á los buques del peligro de caerentre la isla del Corregidor y Pulo Caballo.

3·. El arco de circulo iluminado que presenta este fanal es de 200 grados y se colocará de Este á Oeste drando frente al Sur, resultando por tanto que los buques llegarán á perder de vistal a luz de este fanal adicional, al estar dentro de Pulo Caballo en la parte interior de la bahía, y seguirán con solo fanal grande del Corregidor, hasta la immediacion del fondeadero de la cindad de Mamila frente al rio.
4·. Al S. 15 E. de Pulo Caballo está el islote Fraile á 3½ millas, y el fanal pequeno servirá tambien para promediar en noches oscuras tai distancia con seguridad.

Fort William, Home Department, Legislative, The 28th October 1853.

THE following Act passed by the Governor General of India in Council, on the 28th October 1853, is hereby promulgated for general information.

ACT No. XV. OF 1853.

An Act for the amendment of Procedure in cases of regular appeal to the Sudder Courts in the presidency of Fort William in Bengal.

WHEREAS it is desirable to simplify and shorten the procedure in regular appeals to the Courts of Sudder Dewanny Adawlut in the said Presidency; It is enacted as follows:—

I. Act IV. 1850, and Sections II., III. and IV. Act XXX. 1850, are hereby repealed, except as to appeals presented before the passing of this Act.

II. *Clause 1st.*—Every petition of regular appeal in a case appealable to either of the said Sudder Courts shall be presented to the Court in which the decision was passed within six weeks from the day of the decision. Such petition of appeal shall, except in cases of petitions under Section XIII. of this Act, contain only notice that the party, being dissatisfied with the decision, is desirous of appealing from it.

Clause 2nd.—The Sudder Court may extend the time for presenting such petition of appeal to the lower Court, upon being satisfied that there is sufficient cause for such extension of time. The application for such extension of time may be made directly to the Sudder Court, or through the intervention of the lower Court, at the option of the applicant.

III. On presentation of a petition of regular appeal to the Court, in which the decision was passed, notice thereof to the respondent, as well as a proclamation to the same effect, shall immediately issue from that Court; and a copy of the proclamation shall be forthwith fixed up in some conspicuous part of the Court House of the said Court. If the notice cannot be personally served, the proclamation shall at once be fixed upon the door of the respondent's dwelling house, or in some conspicuous place in the village or place where he usually resides; or in cases in which the respondent shall not have a fixed residence within the jurisdiction of the Company's Courts, the proclamation may be fixed upon the door of his house of business or cutcherry, or the notice may be served on his known local agent. In case the proclamation cannot be fixed or the notice served in the manner above-mentioned, the proclamation shall be fixed up in such other place, if any, as the said last mentioned Court shall direct. The nazir shall make a return to the Court stating when and where the notice and proclamation have been served or fixed up. The return of the nazir shall be filed in Court and shall form part of the record of the case, and such return shall be published by fixing up the same in some conspicuous part of the Court House of the lower court.

IV. *Clause 1st.*—The Rule in Section XI. Regulation VI. 1793, which directs copies of all original papers trasmitted to the Sudder Court with the record of an appealed case to be made out and deposited in the Court in lieu of the originals, is hereby modified, and it shall be necessary to copy, authenticate and deposit only the exhibits in the case, and also any other papers of importance, including the pleadings, or any parts of them which either of the parties shall require to be copied, authenticated and deposited in the lower Court previously to their being transmitted to the Sudder Court.

Clause 2nd—If either of the parties require any papers to be copied, authenticated and deposited, such party shall either by himself or his pleader or authorized agent give notice in writing thereof to the lower court, before the expiration of fourteen days from the time of the publication of the return of the nazir as aforesaid. Such notice shall specify the papers which the party requires to be copied authenticated and deposited.

Clause 3rd.—Either party may by himself or his pleader or authorized agent before the presentation of an appeal give notice in writing to the lower court specifying any papers or documents which he requires to be copied, authenticated and deposited, in the event of an appeal being preferred.

V The petition of appeal together with the record of the lower court shall be certified to the Sudder Court as soon as conveniently may be after the presentation of the petition of appeal. Provided that the same shall not be certified within the time allowed to the parties for specifying the papers which they desire to be copied, authenticated and deposited.

VI. On arrival of the appeal record at the Sudder Court, notice shall be affixed in the Court House of the said Court, requiring the appellant to file, within six weeks from the date thereof, his grounds of objection to the decision of the court below. Within the said space of six weeks the appellant shall file in the said Sudder Court his grounds of objection to the decision.

VII. *Clause 1st.*—On the filing of the grounds of objection by the appellant, notice shall be affixed in the Court House of the Sudder Court requiring the respondent to file his grounds of objection if any, to the appeal or to the decision of the lower court within four weeks from the date of such notice.

Clause 2nd.—Within the said space of four weeks, the respondent shall file any grounds of objection which he has to the appeal, or which relate to such parts of the decision as are involved in the appeal.

Clause 3rd—If the respondent shall desire to object to any part of the decision of the lower court not involved in the appeal. he may present a separate petition of appeal to the Sudder Court within the said space of four weeks, or within such further time as the said Sudder Court shall allow for that purpose.

Clause 4th.—The respondent shall in such case file with his petition of appeal his grounds of objection to that part of the decision to which his appeal relates, otherwise his appeal shall not be received.

VIII. *Clause 1st.*—At the expiration of the time allowed to the respondent for filing his grounds of

objection and for filing a separate petition of appeal in the Sudder Court, the record shall be deemed complete and the case ready to be called up for decision on any day which the Sudder Court may notify, unless the respondent within such time file a separate petition of appeal in the Sudder Court.

Clause 2nd.---If the respondent file a separate petition of appeal in the Sudder Court, notice shall be fixed up in the Court House of the Sudder Court to the effect that the respondent has filed such separate appeal, and the notice shall require the appellant to file any grounds of objection which he may have thereto, within the space of four weeks from the date of the notice.

Clause 3rd.—Within such space of four weeks the appellant may file any grounds of objection which he has to such appeal, or which relate to that part of the decision which is involved in the respondent's appeal. At the expiration of the time allowed for filing such grounds of objection by the appellant, the record shall be deemed complete, and the case ready to be called up for decision on any day which the Sudder Court shall notify for that purpose.

Clause 4th.—If the appeal of either party be dismissed or withdrawn, the appeal of the other may be heard alone; otherwise the two appeals and the proceedings thereon shall form one record, unless the Sudder Court shall otherwise order.

IX. The respondent shall not be allowed to present a separate petition of appeal in the Sudder Court, if he shall previously have presented a petition of appeal to the lower court.

X. *Clause 1st.*---All grounds of objection which shall be filed by either the appellant or the respondent, shall be stated distinctly and concisely without any argument or narrative of facts, and shall be numbered consecutively, and except in the cases herein-aftermentioned, shall be on paper bearing the stamp duty prescribed by Article 9, Schedule B, Regulation X. 1829.

Clause 2nd.—The Sudder Court may extend the time for filing grounds of objection either by an appellant or respondent upon special application for that purpose, and upon sufficient reasons being shown to the satisfaction of the said Court for such extension of time. In such case the objections may be filed within such extended time.

XI. Either party may, by leave of the Sudder Court or any judge thereof, at any time before the hearing, amend his grounds of objection or add grounds of objection to those filed, upon such terms and conditions, and within such time as the said Court or judge may order. The said Court may also, upon the hearing of any appeal, allow either party to amend his grounds of objection, or to add further grounds, or to urge a ground not urged by himself or his pleader in support of any objection not included in his grounds of objection, upon such terms and conditions as to postponement of the cause, and as to the payment of costs or otherwise, as the Court shall think just, to prevent the opposite party or his pleader from being taken by surprise or otherwise. Without such leave of the Court, neither party shall be allowed to urge or be heard in support of any objection not included in his grounds of objection filed. But the Court shall not be confined to such grounds of objection in deciding the cause.

XII. *Clause 1st.*—The Sudder Court may call up the hearing and decision on any day the Court shall notify, and without regard to the place in which the case stands in the general list of appeals, any grounds of objection filed by the respondent or the appellant to the appeal of the opposite party, and the Sudder Court may hear and decide upon such grounds of objection before calling the case up for decision upon the grounds of objection to the decision of the lower court.

Clause 2nd.—If the grounds of objection filed by the appellant, and respondent, shall be upon points of law only, and shall not raise any question of fact, the Sudder Court may order the case to be called up for hearing and decision on any day which the said Court shall notify, without regard to the place in which it stands in the general list of appeals pending in the said Court.

Clause 3rd.—If the grounds of objection filed shall raise questions of law and fact, and it shall appear to the Sudder Court that the decision of the law may render it unnecessary to determine any question of fact so raised, the Court may order the case to be called up for decision upon the law alone, in the first instance, in the manner pointed out in the last preceding Section, and if their decision of the case upon the law shall render it unnecessary to determine any question of fact the said Court shall pass a final decision in the case, otherwise the Court shall determine the law only, and the case shall be afterwards set down in the list of regular appeals for hearing upon the question or questions of fact, and shall be determined in the same manner as any other regular appeal.

XIII. If any party to a regular suit be desirous of being admitted to appeal *in formâ pauperis* to the Sudder Court, the following procedure shall be adopted.

Clause 1st.—The appellant shall present his petition to the lower court according to the rules prescribed by Section II. of this Act. Clause 3rd.---Upon the presentation of such petition, the notice to the respondent and the proclamation shall state that the appellant desires to appeal *in formâ pauperis.*

Clause 4th ---On arrival of the appeal record at the Sudder Court, the same procedure shall be adopted in that Court as in other cases of regular appeal, except that after the filing of the grounds of objection by the appellant, and before notice shall be given requiring the respondent to file his grounds of objection, the Sudder Court shall determine, according to the rules now applicable to the determination of such cases, whether or not the appellant shall be allowed to appeal *in formâ pauperis.*

Clause 5th.---If the Sudder Court allow the petitioner to appeal *in formâ pauperis,* notice shall be given to the respondent to file his grounds of objection in the manner provided by Section VII. of this Act, and the same procedure shall be adopted subsequently thereto as in other cases of regular appeal under this Act. The rules and conditions now applicable to persons admitted by the Sudder Court to appeal *in formâ pauperis* shall continue in force except where the same are inconsistent with any of the provisions of this Act.

Clause 6th.---If the Sudder Court refuse to allow the petitioner to appeal *in formâ pauperis,* the said Court may make an order to the effect that the appellant upon filing a petition of appeal in that Court, upon paper stamped with the stamp duty required by Article 8, Schedule B, Regulation X. 1829, and upon re-filing his grounds of objection on paper stamped with the stamp duty required by Article 9 of the same Schedule, may proceed with the appeal according to the rules prescribed by this Act in the case of persons not appealing as paupers.

Clause 7th.—Upon such order being made, the appellant shall file his petition and re-file his objections upon paper stamped with the stamp duty required by Clause 5 of this Section, within two weeks from the date of such order, or within such further time as the

said Court may allow for that purpose, otherwise the appeal shall stand dismissed.

Clause 8th.—Upon the re-filing of the grounds of objection according to the provisions of the last preceding Clause, notice of the order and of the re-filing of such objections shall be given to the respondent in the manner prescribed by Section VII of this Act, and the respondent shall be required to file his grounds of objection, if any, according to the provisions of that Section. Clause 9th.—If an appellant shall petition to appeal *in formâ pauperis*, his grounds of objection may be written on plain paper.

XIV. If an appellant shall be admitted to appeal or a respondent to defend *in formâ pauperis*, all grounds of objection subsequently filed by either party may be written on plain paper.

XV. No decision shall be reversed or altered, nor shall any case be remanded upon appeal to the Sudder Court on account of any error, defect or irregularity not productive of injury to either party, nor opposed to any express enactment contained in the general Regulations or Acts of Government.

General Orders by the Most Noble the Governor General of India in Council.

Fort William, 28th October 1853.

No. 875 of 1853.—The Most Noble the Governor General of India in Council having had under consideration the mode of payment to be observed in regard to Native Soldiers of the Madras and Bombay Armies, who may be desirous of drawing pay while on leave at stations under this Presidency, is pleased to promulgate the following Rules in supercession of the Government General Order, No. 168, of the 12th March 1852, and of previous regulations on the subject:

1. All Commissioned, Non-Commissioned Officers and Privates, belonging to either of the Presidencies of Fort Saint George and Bombay, who may obtain leave of absence to stations in Bengal and the North Western Provinces, and who may be desirous of drawing pay during the term of such leave, will be furnished with a passport or leave certificate for this purpose, agreeably to the accompanying Form, (No. 1.)

2. The passports are to be carefully filled up by the Regimental or other Officers entrusted with their preparation, great care and minuteness in recording the personal appearance and particular marks of each Soldier being requisite to ensure identification and to prevent fraud.

3. Each Soldier must be required to indicate the Treasuries, Civil or Military, from which he may be desirous of drawing pay. A specification thereof is to be entered in the passport in the appropriate column, and it should be distinctly explained to every Native Soldier, that in the event of any deviation from his stated route, as entered in the passport, he will receive no pay except on arrival at one of the stations therein mentioned.

4. The Officers in charge of the Treasuries thus indicated should be advised of the intended payments simultaneously with the issue of the passport, and be furnished with a copy of the latter document.

5. The advice should also contain the probable dates of arrival of the holder of the passport at each of the stations indicated, and in the event of his arriving much earlier or later than the appointed time at any station, the Collector or Pay Master of such station should notify the circumstance to the Officers at the remaining stations entered in the passport.

6. No duplicate passport is to be issued without a previous reference to the Officers in charge of the several Treasuries concerned, for the purpose of ascertaining the extent of the payments that may have been made upon the original passport; and advice of the issue of a duplicate passport is invariably to be furnished to the several Treasuries therein mentioned.

7. The several Pay Masters, Deputy Pay Masters, Collectors and other disbursing Officers in Bengal and the North Western Provinces are authorized to discharge, as the same shall become due, the pay of Furlough men of the Madras and Bombay Establishments, on presentation of passports or leave certificates in the form above prescribed, provided that advice thereof has been duly received, and that the identity of the applicants has been satisfactorily established. It should be the special care of all disbursing Officers or their subordinates to compare the passport presented in each case with the copy furnished with the letter of advice, and to see that the descriptive remarks entered in both correspond with the personal appearance of the applicant.

8. Receipts for all payments thus made are invariably to be taken in duplicate and the payments are to be debited in the disbursing Officer's account current to Madras or Bombay, as the case may be.

9. A note of every payment, of the date on which it is made, and of the period to which it refers, is also to be carefully entered on the back of the passport.

10. The disbursing Officers will furnish at the beginning of each month statements (a separate statement on account of each Presidency) of the payments made by them during the preceding month in the accompanying Form (No. 2,) accompanied by the original receipts to the Military Accountant at Fort William, for transmission to the Authorities at Fort Saint George and Bombay respectively. The duplicate receipts will accompany the Account Current as vouchers in support of the relative debits.

11. It is to be understood that the monthly statements of payments are not, as heretofore, to be submitted to the Military Auditor General for audit, but to be forwarded direct to the Military Accountant at Fort William, their respective amounts being charged off in Account Current as above directed.

12. Passports will, as heretofore, be issued only from the Offices of the Adjutants General at Madras and Bombay respectively, on the requisition of Commanding Officers, who will render an annual account, on the 1st January, of the number received and issued and the balance remaining in store.

13. The foregoing rules are to have effect from the 1st January 1854.

No. 876 *of* 1853.—The Most Noble the Governor General of India in Council having had under consideration the improvement of the rations supplied by the Commissariat Department to European Troops, is pleased to direct the publication of the following Rules, to take effect as soon as the necessary arrangements can be made by the Commissariat Department:—

1. The Government General Orders, Nos. 86 and 87, of the 6th February 1852, are hereby cancelled, and the daily ration of a European Soldier shall in future consist of

1 lb. of Bread.
1 lb. of Meat.
4 oz. of Rice.
2½ oz. of Sugar.
⅝ oz. of Tea.
1 oz. of Salt.
8 oz. of Vegetables.
3 lbs. of Fire-wood.

2. The Meat will be cut up into joints, and such parts of the animal (such as the ribs and upper joints of the fore-legs) as are more than two-thirds bone, will be excluded from the ration.

3. The rations of vegetables will consist of such descriptions as may be procurable at the several Stations of the army, during the different seasons of the year.

4. The following Rules contained in Government General Order No. 232, of the 9th August 1843, will continue in force: the Bread issued in the rations of a Soldier is to be of the best quality, and equal to that provided for Hospital diet. Mutton will be issued twice a week in lieu of Beef, and in the same quantity, whenever circumstances may admit; Coffee may be substituted for Tea in the proportion of 2 lbs of the former to 1 lb of the latter, whenever Tea is not procurable, or Coffee may be preferred and is at hand.

5. The ordinary Tea ration will consist of one-third of Green, and two-thirds of Black Tea, whenever circumstances may admit of the issue of both kinds.

6. The Government General Order No. 85, of the 25th February 1848, is cancelled; and the following course is in future to be pursued with respect to all descriptions of provisions tendered by the Commissariat or its Contractors for the use of the Soldier in health or sickness.

7. Whenever any portion of the rations or diet tendered for a corps or Hospital is deemed objectionable, the option of changing them is not to be allowed to the Contractor, but the Commanding Officer should immediately assemble a Regimental Committee for the purpose of inspecting them.

8. The Committee will be composed of a Field Officer or Captain as President, with an Officer Commanding a Troop or Company and a Medical Officer, as Members.

9. The decision of the Regimental Committee shall be final, and their report should be at once forwarded for the guidance of the Executive Commissariat Officer at the Station.

10. In all cases of condemnation of Provisions, the Committee Reports should shew whether the articles are deemed of inferior quality only, or decidedly unwholesome; and when pronounced positively unwholesome, the provisions are instantly to be destroyed in the presence of the Committee.

11. Except in the instances hereafter specified, when provisions have been condemned as of inferior quality, the Contractor will be allowed to substitute fresh rations, and in the event of his failing to do so, within a reasonable time, the Commissariat Officer will supply the deficiency at the cost of the Contractor.

12. In cases of the condemnation of Meat, the cost to Government of the rejected rations (which if not absolutely unwholesome, will be returned to the Contractor) together with the amount of the fine that may be levied upon the Contractor, will be paid by the Commissariat to the Regiment, and expended under the direction of Officers Commanding Troops and Companies in the purchase of food.

13. In the event of the rejection of bread, and a fresh supply not being immediately procurable, flour or soojee at the option of the Soldier, will be issued as an equivalent, with a supply of fire-wood, all at the cost of the Contractor, to whom the rejected bread, if not unwholesome, will be returned: two pounds of flour or soojee, and one lb of fire-wood, to be the allowance of each man.

14. Under the operation of these rules, it will depend solely and entirely upon Regimental Committees to raise the quality of the rations issued to the proper Standard, and to maintain that Standard.

15. The Executive Commissariat Officers of Divisions have been directed by the Commissary General to make a report periodically to their Departmental Superiors, of their having at uncertain intervals personally attended the issue of rations; and His Excellency the Commander-in-Chief will be requested to cause similar reports to be made to the Military Authorities by Officers Commanding Regiments, impressing upon them at the same time, that it is only by the Commissioned Officers of Regiments being themselves particular in examining rations and forming their own judgment as to the quality of the articles, without the intervention of Subordinate Officials, whether Regimental or Departmental, that the object of Government for the supply of really good provisions, can be secured.

16. This Order is to be considered applicable to the three Presidencies.

WM. N. LEES,
Secy. to the College of Fort William.

College of Fort William, the 24th October 1853.

Published by Order of the Most Noble the Governor of Bengal,

CECIL BEADON, *Secy. to the Govt. of Bengal.*

No. 1772.

Notification.—The 4th October 1853.—With reference to the Notification, No. 1388, dated the 21st July last, which appeared in the *Calcutta Gazette* of the 23rd idem, the following despatch from the Hon'ble the Court of Directors, together with the letter referred to therein, is published for general information.

Public Department.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

No 48 *of* 1853.—With reference to our Despatch in this Department, dated 24th May last, No. 30, we forward copy of a letter which has been addressed to Her Majesty's Secretary of State for Foreign Affairs by the French Ambassador, stating the decision which has been come to by the Government of His Imperial Majesty in regard to Foreign prohibited goods which may be sent to the Universal Exhibition to be held in Paris in May 1855, and we request that you will give the greatest possible publicity to the liberal intentions of the French Government, as stated in Count Walewski's letter.

We are &c.,

(Sd.) RUSSELL ELLICE,

,, J. OLIPHANT,

and other Directors.

London,
20th July 1853.

[TRANSLATION.]

London, the 22th of June 1853.

To the Right Hon'ble the Earl of Clarendon,

&c., &c., &c.

MY LORD,

With reference to the Universal Exhibition which is to take place at Paris in 1855, several manufacturers have addressed the Minister of the Interior to know, first, whether articles of which the importation is prohibited in France will be admitted at the Exhibition, and secondly, whether on the close of the Exhibition, these articles will be admitted for home consumption, or whether they must be re-exported.

These two questions, my Lord, have received an answer in accordance with the enlightened views which induced the Government of His Majesty the Emperor to decree the Universal Exhibition of 1855. It has been consequently decided, not only that prohibited merchandize shall be admitted to the Exhibition, but also that, after it shall have closed, the exhibitors will have the option either to re-export the said merchandize free of duty, or to enter them for home consumption, on paying a duty of 30 per cent. *ad valorem.*

These conditions will be excluded in the general rules which are now under preparation, but in consequence of the opinions which appear to have been already excited abroad as to the rules affecting prohibited merchandize destined for the Exhibition of Paris in 1855, I have been charged with the honor of informing your Excellency of the resolutions adopted in this respect by the Government of His Majesty the Emperor. Your Excellency will perhaps consider it advisable to give immediate information of this arrangement to the manufacturers and artizans who are subjects of Her Britannic Majesty.

I have the honor to be,

&c., &c.,

(Signad) A. WALEWSKI.

By order of the Most Noble the Governor of Bengal,

CECIL BEADON,

Secy. to the Govt. of Bengal.

tant General to the Government Officers from whom they were received for presentation to the Proprietors.

It is declared in the Government Notification that the entry above referred to is "tantamount to the issue of a new Note," and that Interest will be payable on the strength of such entry "at the rate of 4 per Cent. per annum, by half-yearly instalments, on the 31st December and the 30th June."

I. When any Commissioned Officer belonging to the Indian Navy shall die in the Service of the East India Company out of the United Kingdom, whether his death shall take place on board Ship or on shore, the First Lieutenant of the Ship or Vessel to which such Officer belonged at the time of his death, or the Officer of such Ship or Vessel next in rank to the Commander thereof, or the Commander himself if there is no other Commissioned Officer on board, or any Officer he may appoint, shall immediately secure all the effects and equipage of the deceased on board the said Ship or Vessel, or on shore in quarters, and any other effects of the deceased within the territorial possessions of the East India Company which the Commander of such Ship or Vessel shall direct or authorize to be collected or secured, and shall with all convenient speed, and not later than one month after the death of the Officer, with the assistance of two other Officers not under the rank of Purser or of Clerk in charge, such Clerk having served not less than two years at sea, to be appointed by the Commanding Officer of the said Ship or Vessel, make an inventory thereof, and transmit that inventory together with an account of the debts and credits to the Office of the Secretary to the Government of the Presidency of Bombay in the Marine Department, to the end that after payment of such Officer's marine or ship debts and the expenses of his interment where any shall have been incurred, the overplus if any shall be paid over by the said Secretary to the legal representatives of the Officer so deceased as hereinafter mentioned.

II. When any Non-commissioned Officer, Seaman or other person belonging to or serving in the Indian Navy shall die out of the United Kingdom in the Service of the East India Company, whether his death shall take place on board Ship or on shore, the First Lieutenant of the Ship or Vessel to which such Non-commissioned Officer, Seaman or other person belonged at the time of his death, or the Officer of such Ship or Vessel next in rank to the Commander thereof, or the Commander himself if there be no other Commissioned Officer on board, or any Officer he may appoint, shall immediately secure all the effects and equipage of the deceased on board the said Ship or Vessel, or on shore in quarters, and any other effects of the deceased within the territorial possessions of the East India Company which the Commander of the Ship or Vessel shall direct or authorize to be collected or secured, and shall with all convenient speed, not later than one month after the death, in the presence of two other Officers of the rank in the preceding section mentioned, to be appointed by the Commander of the said Ship or Vessel, take an inventory thereof and of his credits, and shall take care that the same be applied in the first instance to the liquidation of his marine or ship debts, the remainder, if any, to be paid over to the Secretary to the Government of Bombay in the Marine Department in order that the same may be paid to the legal representatives of the deceased.

III. When any such Commissioned or Non-commissioned Officer or Seaman, or other person shall at the time of his death as aforesaid have been detached temporarily from his own Ship and shall be serving with another Ship at a distance from his own, the Officers of the Ship in which the deceased was serving, as well as the Officers of the Ship to which the deceased belonged, at the time of his death, shall act in manner above directed in Sections I. and II. of this Act.

IV. If any Commissioned Officer, or Non-commissioned Officer, Seaman, or other person belonging to or serving in the Indian Navy shall die within the Presidency of Bombay, away from the Ship or Vessel to which he belongs, except when temporarily serving with another Ship, the Commander-in-Chief of the Indian Navy shall in such case appoint a Committee consisting of such three Officers as he

may direct, to secure the effects of the deceased, or such of them as he may direct, and to apply the same and act in regard thereto as in the first and second Sections of this Act mentioned.

V. The said First Lieutenant and other Officers to be selected and appointed for the purposes aforesaid, are hereby required to take upon them the said duties, and faithfully discharge the same and in all respects to conform to the provisions and regulations hereinafter particularly specified.

VI. The effects and credits, within the territories under the Government of the East India Company, of Deserters from the Indian Navy, shall be collected and applied in like manner in payment of their marine or ship debts, and the remainder, if any, shall be brought to the credit of the said Company.

VII. It shall be lawful for the Officers, or other persons so authorized as aforesaid, to secure and collect the effects or any part of the effects of any such deceased Officer, Seaman or other person so dying as aforesaid, to ask, demand and receive any such effects to which his authority shall extend, and to commence, prosecute and carry on any actions or suits for the recovery thereof, and to sell and dispose of or otherwise deal with the same without taking out any letters of administration, either with any will annexed or otherwise, in every respect as if such Officers or persons employed or authorized as aforesaid had been appointed executors, and had proved the will or had taken out administration of such effects; and no Administrator General, Registrar of any Court in the East Indies, or any person acting under the appointment or authority of such Court *ad colligenda* or otherwise, shall in any manner interpose in relation to any such effects unless required or authorized so to do by any such Officer or person so authorized as aforesaid.

VIII. All sums of money due by deceased Officers, Engineers, Marines, Seamen, and other persons belonging to or serving in the Indian Navy, to the Indian Navy Fund, or in respect of mess-bills unadjusted since the last regular issue of pay-bills, or in respect of Military or Marine clothing appointment, or of equipments or other articles supplied from the Ship's stores, or of servants' wages due, or of any Ship expenses during the current month, or of any sanatarium or hospital charges, or of any mess or marine or ship accounts, and all sums of money due to any agent or Pay-master or Purser, or any other Officer upon any such account, or on account of any advance made for any such purpose, and also any charges or expenses attending or relating to the illness or funeral of any such Officer, Seaman or other person, shall be deemed and taken to be marine or ship debts, and shall be paid out of any arrears of pay or allowances, or out of any prize or bounty money, or the equipage, goods, chattels and effects of any Officer, Seaman or other person dying out of the United Kingdom while in the Service of the said Company, in preference to any other debts claims or demands whatsoever upon the estate and effects of such Officer, Seaman or other person, and if any doubt shall arise as to whether any claim or demand made in relation to any Officer, Seaman or other person is a marine or ship debt or not, or whether such charges or expenses attending or relating to the illness or funeral of such Officer, Seaman or other person are proper to be allowed, or whether any such marine or ship debts remain due, such question shall be decided and concluded by any order or certificate to be made by the Secretary to the Government, and all such payments shall be good and valid in law; and every person who shall make any such payment out of any such arrears of pay, effects, or proceeds as aforesaid under the provisions of this Act, or in pursuance of any such order or certificate of such Marine Secretary, or into whose hands any such money shall come, shall be and is hereby indemnified for and in respect of such payments, and all other acts, matters and things done in pursuance of the provisions of this Act, or of the order or certificate of the said Secretary in relation to the distribution of such assets, anything in any Act or Acts or law or laws to the contrary notwithstanding.

IX. All such marine or ship debts shall and may be paid without probate of any will or any letters of administration, and the surplus only of such arrears of pay or allowances, prize or bounty money, equipage, goods and chattels, or the proceeds thereof, shall be deemed the personal Estate of the deceased for the payment of duty in respect of any probate or of any letters of administration or for the purpose of distribution as personal estate, and it shall be lawful for the said Secretary to order and direct the payment or distribution of any such surplus, in any case in which the same shall not exceed Five hundred Company's rupees, without any probate or letters of administration, or payment of any duty of stamps or upon legacies or otherwise, and it shall also be lawful for any Pay-master or other person to issue any sum not exceeding the value of Five hundred Company's rupees, which may be due to any such deceased Officer, Seaman, or other person unto the widow or relative of any such Officer, Seaman or other person, or unto the representative or representatives of any such widow or relative in India in like manner, without any probate or letters of administration or payment of any duty of stamps, or upon legacies or otherwise, the same to be paid to the person who shall be notified by the said Secretary as aforesaid as being entitled thereto, and all such payments respectively shall be as valid and effectual to all intents and purposes, as if the same had been made by or to any executor or administrator or under the authority of any probate or letters of administration, anything in any Act or Acts or law or laws to the contrary notwithstanding.

X. Any such effects, or the proceeds or surplus of such effects of any Officer, Seaman or other person so dying, when remitted to any person under any order of the Secretary to the Government of Bombay, or to such Secretary, shall not by reason of coming to the hands of such person or Secretary be taken to be assets or effects in the place to which such proceeds or surplus may be remitted, so as to render it necessary that administration should be taken out in respect thereof, and it shall be lawful for the Secretary to the Government of Bombay to order that such effects or the proceeds or surplus of any such effects shall be remitted to any other place in India where the same can more conveniently be paid over to the person or persons entitled thereto, and the obedience to the orders of such Secretary in respect to the payment and disposal of any such effects, proceeds or surplus of such effects shall be a discharge from all actions, suits and demands in respect thereof, to any person to whose hands any such effects, proceeds or surplus shall have come, and which shall have been paid and disposed of under the order of such Secretary.

XI. The effects or the proceeds or surplus of effects of any such Officer, Seaman or other person dying as aforesaid, which shall remain after satisfying such marine or ship debts as aforesaid, shall with all convenient speed be transmitted to such Secretary as aforesaid, by the Officer or person employed or required to take care of, collect and receive the same, and such Secretary shall cause the same or the surplus thereof remaining after satisfying such debts, and after and subject to such payment and application as is hereinbefore authorized, to be paid to the executor or legal representative (if in India) of such Officer, Seaman or other person, or if such executor or legal representative shall not be in India, or shall not within twelve months from the death of such Officer, Seaman or other person claim such surplus, then and in that case such Secretary shall remit the said surplus to the Court of Directors of the East India Company in London, to be by them paid to the executor or legal representative of such Officer, Seaman

or other person so deceased, and such remittance at the end of twelve months as aforesaid, shall be a discharge to such Secretary from all actions, suits and demands in respect of such surplus; provided always that the Registrars of Her Majesty's several Supreme Courts in India shall not, nor shall the Administrator General of either of the said Presidencies, be required or entitled to take out letters of administration with the will annexed, or otherwise in respect of such surplus.

XII. The provisions of this Act are intended to apply and shall apply only to European Officers and Seamen, and to other persons being Europeans belonging to the Indian Navy, who may die as aforesaid.

XIII. And whereas the Governor in Council of Bombay made certain Rules, bearing date 27th July 1844, to be observed on the decease of European Officers and European Seamen belonging to the Indian Naval Service, purporting to be Rules made in pursuance of the provisions of the said Act of the 3rd and 4th Victoria and the Articles of War thereto annexed, and which Rules have been acted upon, it is hereby enacted that the said Rules shall no longer be acted upon, but that all acts heretofore done within any part of the territories under the Government of the East India Company, which were authorized by the said Rules, shall be deemed to be valid, and that no act hereby authorized to be done shall be questioned in any court of justice in any part of the territories under the Government of the East India Company.

On arrival of the appeal record at the Sudder Court, notice shall be affixed in the Court House of the said Court, requiring the appellant to file, within six weeks from the date thereof, his grounds of objection to the decision of the court below. Within the said space of six weeks the appellant shall file in the said Sudder Court his grounds of objection to the decision.

VII. *Clause 1st.*—On the filing of the grounds of objection by the appellant, notice shall be affixed in the Court House of the Sudder Court requiring the respondent to file his grounds of objection, if any, to the appeal or to the decision of the lower court within four weeks from the date of such notice.

XV. No decision shall be reversed or altered, nor shall any case be remanded upon appeal to the Sudder Court on account of any error, defect or irregularity not productive of injury to either party, nor opposed to any express enactment contained in the general Regulations or Acts of Government.

XVI. This Act extends only to regular appeals which shall be presented after the passing of this Act in Civil cases appealable to either of the Sudder Courts in the Presidency of Fort William in Bengal.

Notification.—The 4th October 1853.—With reference to the Notification, No. 1388, dated the 21st July last, which appeared in the *Calcutta Gazette* of the 23rd idem, the following despatch from the Hon'ble the Court of Directors, together with the letter referred to therein, is published for general information.

Public Department.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

No 48 *of* 1853.—With reference to our Despatch in this Department, dated 24th May last, No. 30, we forward copy of a letter which has been addressed to Her Majesty's Secretary of State for Foreign Affairs by the French Ambassador, stating the decision which has been come to by the Government of His Imperial Majesty in regard to Foreign prohibited goods which may be sent to the Universal Exhibition to be held in Paris in May 1855, and we request that you will give the greatest possible publicity to the liberal intentions of the French Government, as stated in Count Walewski's letter.

We are &c.,

(Sd.) RUSSELL ELLICE,

,, J. OLIPHANT,

and other Directors.

London,
20th July 1853.

[TRANSLATION.]

London, the 22th of June 1853.

To the Right Hon'ble the Earl of Clarendon,

&c., &c., &c.

MY LORD,

With reference to the Universal Exhibition which is to take place at Paris in 1855, several manufacturers have addressed the Minister of the Interior to know, first, whether articles of which the importation is prohibited in France will be admitted at the Exhibition, and secondly, whether on the close of the Exhibition, these articles will be admitted for home consumption, or whether they must be re-exported.

These two questions, my Lord, have received an answer in accordance with the enlightened views which induced the Government of His Majesty the Emperor to decree the Universal Exhibition of 1855. It has been consequently decided, not only that prohibited merchandize shall be admitted to the Exhibition, but also that, after it shall have closed, the exhibitors will have the option either to re-export the said merchandize free of duty, or to enter them for home consumption, on paying a duty of 30 per cent. *ad valorem.*

These conditions will be excluded in the general rules which are now under preparation, but in consequence of the opinions which appear to have been already excited abroad as to the rules affecting prohibited merchandize destined for the Exhibition of Paris in 1855, I have been charged with the honor of informing your Excellency of the resolutions adopted in this respect by the Government of His Majesty the Emperor. Your Excellency will perhaps consider it advisable to give immediate information of this arrangement to the manufacturers and artizans, who are subjects of Her Britannic Majesty.

I have the honor to be,

&c., &c.,

(Signad) A. WALEWSKI.

By order of the Most Noble the Governor of Bengal,

CECIL BEADON,

Secy. to the Govt. of Bengal.

An Act for the amendment of Procedure in cases of regular appeal to the Sudder Courts in the presidency of Fort William in Bengal.

WHEREAS it is desirable to simplify and shorten the procedure in regular appeals to the Courts of Sudder Dewanny Adawlut in the said Presidency; It is enacted as follows:—

I. Act IV. 1850, and Sections II., III. and IV. Act XXX. 1850, are hereby repealed, except as to appeals presented before the passing of this Act.

II. *Clause 1st.*—Every petition of regular appeal in a case appealable to either of the said Sudder Courts shall be presented to the Court in which the decision was passed within six weeks from the day of the decision. Such petition of appeal shall, except in cases of petitions under Section XIII. of this Act, contain only notice that the party, being dissatisfied with the decision, is desirous of appealing from it.

Clause 2nd.—The Sudder Court may extend the time for presenting such petition of appeal to the lower Court, upon being satisfied that there is sufficient cause for such extension of time. The application for such extension of time may be made directly to the Sudder Court, or through the intervention of the lower Court, at the option of the applicant.

III. On presentation of a petition of regular appeal to the Court, in which the decision was passed, notice thereof to the respondent, as well as a proclamation to the same effect, shall immediately issue from that Court; and a copy of the proclamation shall be forthwith fixed up in some conspicuous part of the Court House of the said Court. If the notice cannot be personally served, the proclamation shall at once be fixed upon the door of the respondent's dwelling house, or in some conspicuous place in the village or place where he usually resides; or in cases in which the respondent shall not have a fixed residence within the jurisdiction of the Company's Courts, the proclamation may be fixed upon the door of his house of business or cutcherry, or the notice may be served on his known local agent. In case the proclamation cannot be fixed or the notice served in the manner above-mentioned, the proclamation shall be fixed up in such other place, if any, as the said last mentioned Court shall direct. The nazir shall make a return to the Court stating when and where the notice and proclamation have been served or fixed up. The return of the nazir shall be filed in Court and shall form part of the record of the case, and such return shall be published by fixing up the same in some conspicuous part of the Court House of the lower court.

IV. *Clause 1st.*—The Rule in Section XI. Regulation VI 1793, which directs copies of all original papers transmitted to the Sudder Court with the record of an appealed case to be made out and deposited in the Court in lieu of the originals, is hereby modified, and it shall be necessary to copy, authenticate and deposit only the exhibits in the case, and also any other papers of importance, including the pleadings, or any parts of them which either of the parties shall require to be copied, authenticated and deposited in the lower Court previously to their being transmitted to the Sudder Court.

Clause 2nd.—If either of the parties require any papers to be copied, authenticated and deposited, such party shall either by himself or his pleader or authorized agent give notice in writing thereof to the lower court, before the expiration of fourteen days from the time of the publication of the return of the nazir as aforesaid. Such notice shall specify the papers which the party requires to be copied, authenticated and deposited.

Clause 3rd.—Either party may by himself or his pleader or authorized agent before the presentation of an appeal, give notice in writing to the lower court, specifying any papers or documents which he requires to be copied, authenticated and deposited, in the event of an appeal being preferred.

V. The petition of appeal together with the record of the lower court shall be certified to the Sudder Court as soon as conveniently may be after the presentation of the petition of appeal. Provided that the same shall not be certified within the time allowed to the parties for specifying the papers which they desire to be copied, authenticated and deposited.

VI. On arrival of the appeal record at the Sudder Court, notice shall be affixed in the Court House of the said Court, requiring the appellant to file, within six weeks from the date thereof, his grounds of objection to the decision of the court below. Within the said space of six weeks the appellant shall file in the said Sudder Court his grounds of objection to the decision.

VII. *Clause 1st.*—On the filing of the grounds of objection by the appellant, notice shall be affixed in the Court House of the Sudder Court requiring the respondent to file his grounds of objection if any, to the appeal or to the decision of the lower court within four weeks from the date of such notice.

Clause 2nd.---Within the said space of four weeks, the respondent shall file any grounds of objection which he has to the appeal, or which relate to such parts of the decision as are involved in the appeal.

Clause 3rd—If the respondent shall desire to object to any part of the decision of the lower court not involved in the appeal, he may present a separate petition of appeal to the Sudder Court within the said space of four weeks, or within such further time as the said Sudder Court shall allow for that purpose.

Clause 4th—The respondent shall in such case file with his petition of appeal his grounds of objection to that part of the decision to which his appeal relates, otherwise his appeal shall not be received.

VIII. *Clause 1st.*—At the expiration of the time allowed to the respondent for filing his grounds of objection and for filing a separate petition of appeal in the Sudder Court, the record shall be deemed complete and the case ready to be called up for decision on any day which the Sudder Court may notify, unless the respondent within such time file a separate petition of appeal in the Sudder Court.

Clause 2nd.---If the respondent file a separate petition of appeal in the Sudder Court, notice shall be fixed up in the Court House of the Sudder Court to the effect that the respondent has filed such separate appeal, and the notice shall require the appellant to file any grounds of objection which he may have thereto, within the space of four weeks from the date of the notice.

Clause 3rd.—Within such space of four weeks the appellant may file any grounds of objection which he has to such appeal, or which relate to that part of the decision which is involved in the respondent's appeal. At the expiration of the time allowed for filing such grounds of objection by the appellant, the record shall be deemed complete, and the case ready to be called up for decision on any day which the Sudder Court shall notify for that purpose.

Clause 4th.—If the appeal of either party be dismissed or withdrawn, the appeal of the other may be heard alone; otherwise the two appeals and the proceedings thereon shall form one record, unless the Sudder Court shall otherwise order.

IX. The respondent shall not be allowed to present a separate petition of appeal in the Sudder Court, if he shall previously have presented a petition of appeal to the lower court.

X. *Clause 1st.*---All grounds of objection which shall be filed by either the appellant or the respondent, shall be stated distinctly and concisely without any argument or narrative of facts, and shall be numbered consecutively, and except in the cases herein-aftermentioned, shall be on paper bearing the stamp duty prescribed by Article 9, Schedule B, Regulation X. 1829.

Clause 2nd.—The Sudder Court may extend the time for filing grounds of objection either by an appellant or respondent upon special application for that purpose, and upon sufficient reasons being shown to the satisfaction of the said Court for such extension of time. In such case the objections may be filed within such extended time.

XI. Either party may, by leave of the Sudder Court or any judge thereof, at any time before the hearing, amend his grounds of objection or add grounds of objection to those filed, upon such terms and conditions, and within such time as the said Court or judge may order. The said Court may also, upon the hearing of any appeal, allow either party to amend his grounds of objection, or to add further grounds, or to urge and be heard by himself or his pleader in support of any objection not included in his grounds of objection, upon such terms and conditions as to postponement of the cause, and as to the payment of costs or otherwise, as the Court shall think just, to prevent the opposite party or his pleader from being taken by surprise or otherwise. Without such leave of the Court, neither party shall be allowed to urge or be heard in support of any objection not included in his grounds of objection filed. But the Court shall not be confined to such grounds of objection on deciding the cause.

XII. *Clause 1st.*—The Sudder Court may call up for hearing and decision on any day the Court shall notify, and without regard to the place in which the case stands in the general list of appeals, any grounds of objection filed by the respondent or the appellant to the appeal of the opposite party, and the Sudder Court may hear and decide upon such grounds of objection before calling the case up for decision upon the grounds of objection to the decision of the lower court.

Clause 2nd.—If the grounds of objection filed by the appellant, and respondent, shall be upon points of law only, and shall not raise any question of fact, the Sudder Court may order the case to be called up for hearing and decision on any day which the said Court shall notify, without regard to the place in which it stands in the general list of appeals pending in the said Court.

Clause 3rd.—If the grounds of objection filed shall raise questions of law and fact, and it shall appear to the Sudder Court that the decision of the law may render it unnecessary to determine any question of fact so raised, the Court may order the case to be called up for decision upon the law alone, in the first instance, in the manner pointed out in the last preceding Section, and if their decision of the case upon the law shall render it unnecessary to determine any question of fact, the said Court shall pass a final decision in the case, otherwise the Court shall determine the law only, and the case shall be afterwards set down in the list of regular appeals for hearing upon the question or questions of fact, and shall be determined in the same manner as any other regular appeal.

XIII. If any party to a regular suit be desirous of being admitted to appeal *in formâ pauperis* to the Sudder Court, the following procedure shall be adopted.

Clause 1st.—The appellant shall present his petition to the lower court according to the rules prescribed by Section II. of this Act. Provided that a petition to appeal *in formâ pauperis* against any decision passed before this Act shall come into operation, may be presented within three months from the day of the decision.

Clause 2nd.---Petitions of appeal by parties desirous to appeal *in formâ pauperis* shall contain a statement to that effect, and also a Schedule of the whole real and personal property belonging to the petitioner, and the estimated value of such property, and shall be written on paper bearing the stamp duty of two Rupees per sheet.

Clause 3rd.---Upon the presentation of such petition, the notice to the respondent and the proclamation shall state that the appellant desires to appeal *in formâ pauperis.*

Clause 4th---On arrival of the appeal record at the Sudder Court, the same procedure shall be adopted in that Court as in other cases of regular appeal, except that after the filing of the grounds of objection by the appellant, and before notice shall be given requiring the respondent to file his grounds of objection, the Sudder Court shall determine, according to the rules now applicable to the determination of such cases, whether or not the appellant shall be allowed to appeal *in formâ pauperis.*

Clause 5th.---If the Sudder Court allow the petitioner to appeal *in formâ pauperis,* notice shall be given to the respondent to file his grounds of objection in the manner provided by Section VII. of this Act, and the same procedure shall be adopted subsequently

thereto as in other cases of regular appeal under this Act. The rules and conditions now applicable to persons admitted by the Sudder Court to appeal *in formâ pauperis* shall continue in force except where the same are inconsistent with any of the provisions of this Act.

Clause 6th.---If the Sudder Court refuse to allow the petitioner to appeal *in formâ pauperis*, the said Court may make an order to the effect that the appellant upon filing a petition of appeal in that Court, upon paper stamped with the stamp duty required by Article 8, Schedule B, Regulation X. 1829, and upon re-filing his grounds of objection on paper stamped with the stamp duty required by Article 9 of the same Schedule, may proceed with the appeal according to the rules prescribed by this Act in the case of persons not appealing as paupers.

Clause 7th.—Upon such order being made the appellant shall file his petition and re-file his objections upon paper stamped with the stamp duty required by Clause 5 of this Section, within two weeks from the date of such order, or within such further time as the said Court may allow for that purpose, otherwise the appeal shall stand dismissed.

Clause 8th.—Upon the re-filing of the grounds of objection according to the provisions of the last preceding Clause, notice of the order and of the re-filing of such objections shall be given to the respondent in the manner prescribed by Section VII of this Act, and the respondent shall be required to file his grounds of objection, if any, according to the provisions of that Section. The procedure subsequent to such notice shall be according to the general provisions of this Act.

Clause 9th.—If an appellant shall petition to appeal *in formâ pauperis*, his grounds of objection may be written on plain paper.

XIV. If an appellant shall be admitted to appeal or a respondent to defend *in formâ pauperis*, all grounds of objection subsequently filed by either party may be written on plain paper.

XV. No decision shall be reversed or altered, nor shall any case be remanded upon appeal to the Sudder Court on account of any error, defect or irregularity not productive of injury to either party, nor opposed to any express enactment contained in the general Regulations or Acts of Government.

XVI. This Act extends only to regular appeals which shall be presented after the passing of this Act in Civil cases appealable to either of the Sudder Courts in the Presidency of Fort William in Bengal.

[Translation.]

London, the 22th of June 1853.

To the Right Hon'ble the Earl of Clarendon,
&c., &c., &c.

My Lord,

With reference to the Universal Exhibition which is to take place at Paris in 1855, several manufacturers have addressed the Minister of the Interior to know, first, whether articles of which the importation is prohibited in France will be admitted at the Exhibition, and secondly, whether on the close of the Exhibition, these articles will be admitted for home consumption, or whether they must be re-exported.

These two questions, my Lord, have received an answer in accordance with the enlightened views which induced the Government of His Majesty the Emperor to decree the Universal Exhibition of 1855. It has been consequently decided, not only that prohibited merchandize shall be admitted to the Exhibition, but also that, after it shall have closed, the exhibitors will have the option either to re-export the said merchandize free of duty, or to enter them for home consumption, on paying a duty of 30 per cent. *ad valorem.*

These conditions will be excluded in the general rules which are now under preparation, but in consequence of the opinions which appear to have been already excited abroad as to the rules affecting aprohibited merchndize destined for the Exhi-

bition of Paris in 1855, I have been charged with the honor of informing your Excellency of the resolutions adopted in this respect by the Government of His Majesty the Emperor. Your Excellency will perhaps consider it advisable to give immediate information of this arrangement to the manufacturers and artizans who are subjects of Her Britannic Majesty.

I have the honor to be,

RESOLUTION.

The contract between the Admiralty and the Peninsular and Oriental Steam Navigation Company, for the conveyance of the Mails between the United Kingdom and India for eight years, from the 1st January 1853, having been transmitted to India, and the exigencies of the public Service now admitting of the regular employment of two of the Government Steam Vessels, with a third in reserve, in keeping up a communication between Calcutta and the Eastern Coast of the Bay of Bengal, the Most Noble the Governor of Bengal is pleased to resolve as follows:—

First.—On the 6th and 19th of every month (unless either of those days be a Sunday, and in that case on the 5th or 18th as the case may be) a Steamer shall leave Calcutta with Mails and Passengers for Rangoon and Moulmein.

Second.—The vessels to be employed at present on this service are the "Tenasserim," the "Fire Queen," and the "Sesostris."

Third.—Until the "Sesostris" is ready for Sea, the Steamer which leaves Calcutta on the 6th shall touch at Akyab and Kyouk Phyoo on its way to Rangoon, remaining at those ports only so long as may be necessary to land and take in cargo.

Fourth.—The steamers shall not remain at Rangoon more than twenty-four hours on their way to Moulmein, or at Moulmein more than two clear days after the day of their arrival there, and shall leave sooner if practicable, due notice of the time of their departure being given by the local authorities.

Fifth.—The time of the departure of the Steamers from Rangoon on their return to Calcutta shall be fixed on each occasion by the Commissioner of Pegu, or in his absence by the Deputy Commissioner or Assistant at Rangoon. The vessels shall be despatched as soon after their return from Moulmein as possible, and shall not in any case be detained beyond the 20th and 3rd of each month, as the case may be. So long, however, as the Steamer which leaves Calcutta on the 6th touches at the Arracan ports, it may be detained at Rangoon on its return trip till the 22nd.

Sixth.—Until the "Sesostris" is ready for Sea, the Steamer which leaves Rangoon on or before the 3rd of each month shall touch at Akyab on its way to Calcutta, remaining there only so long as may be necessary.

Seventh.—As soon as the "Sesostris" is ready for Sea, a Steamer shall leave Calcutta on the 5th of every month (or on the 4th if the 5th fall on a Sunday) for Akyab and Kyouk Phyoo, touching at Chittagong from the months of October to May, both inclusive. The Steamer shall remain at each of these ports only so long as may be necessary to land and take in cargo, and shall return from Kyouk Phyoo, touching at Akyab and Chittagong (from October to May) to Calcutta.

Eighth.—These arrangements will remain in force until otherwise notified.

Ninth.—The Superintendent of Marine and the Post-master General will keep the public informed and reminded of the dates on which these Vessels will leave Calcutta, by special advertisement in the newspapers.

Our Governor General of India in Council.

No 48 *of* 1853.—With reference to our Despatch in this Department, dated 24th May last, No. 30, we forward copy of a letter which has been addressed to Her Majesty's Secretary of State for Foreign Affairs by the French Ambassador, stating the decision which has been come to by the Government of His Imperial Majesty in regard to Foreign prohibited goods which may be sent to the Universal Exhibition to be held in Paris in May 1855, and we request that you will give the greatest possible publicity to the liberal intentions of the French Government, as stated in Count Walewski's letter.

[Translation.]

London, the 22th of June 1853.

To the Right Hon'ble the Earl of Clarendon,
&c., &c., &c.

My Lord,

With reference to the Universal Exhibition which is to take place at Paris in 1855, several manufacturers have addressed the Minister of the Interior to know, first, whether articles of which

the importation is prohibited in France will be admitted at the Exhibition, and secondly, whether on the close of the Exhibition, these articles will be admitted for home consumption, or whether they must be re-exported.

These two questions, my Lord, have received an answer in accordance with the enlightened views which induced the Government of His Majesty the Emperor to decree the Universal Exhibition of 1855. It has been consequently decided, not only that prohibited merchandize shall be admitted to the Exhibition, but also that, after it shall have closed, the exhibitors will have the option either to re-export the said merchandize free of duty, or to enter them for home consumption, on paying a duty of 30 per cent. *ad valorem*.

These conditions will be excluded in the general rules which are now under preparation, but in consequence of the opinions which appear to have been already excited abroad as to the rules affecting prohibited merchandize destined for the Exhibition of Paris in 1855, I have been charged with the honor of informing your Excellency of the resolutions adopted in this respect by the Government of His Majesty the Emperor. Your Excellency will perhaps consider it advisable to give immediate information of this arrangement to the manufacturers and artizans who are subjects of Her Britannic Majesty.

I have the honor to be,

Public Department.

Our Governor General of India in Council.

No 48 *of* 1853.—With reference to our Despatch in this Department, dated 24th May last, No. 30, we forward copy of a letter which has been addressed to Her Majesty's Secretary of State for Foreign Affairs by the French Ambassador, stating the decision which has been come to by the Government of His Imperial Majesty in regard to Foreign prohibited goods which may be sent to the Universal Exhibition to be held in

Paris in May 1855, and we request that you will give the greatest possible publicity to the liberal intentions of the French Government, as stated in Count Walewski's letter.

and other Directors.

London,

[TRANSLATION.]

London, the 22th of June 1853.

To the Right Hon'ble the Earl of Clarendon,

&c., &c., &c.

MY LORD,

With reference to the Universal Exhibition which is to take place at Paris in 1855, several manufacturers have addressed the Minister of the Interior to know, first, whether articles of which the importation is prohibited in France will be admitted at the Exhibition, and secondly, whether on the close of the Exhibition, these articles will be admitted for home consumption, or whether they must be re-exported.

These two questions, my Lord, have received an answer in accordance with the enlightened views which induced the Government of His Majesty the Emperor to decree the Universal Exhibition of 1855. It has been consequently decided, not only that prohibited merchandize shall be admitted to the Exhibition, but also that, after it shall have closed, the exhibitors will have the option either to re-export the said merchandize free of duty, or to enter them for home consumption, on paying a duty of 30 per cent. *ad valorem.*

These conditions will be excluded in the general rules which are now under preparation, but in consequence of the opinions which appear to have been already excited abroad as to the rules affecting prohibited merchandize destined for the Exhibition of Paris in 1855, I have been charged with the honor of informing your Excellency of the resolutions adopted in this respect by the Government of His Majesty the Emperor. Your Excellency will perhaps consider it advisable to give immediate information of this arrangement to the manufacturers and artizans who are subjects of Her Britannic Majesty.

I have the honor to be,

&c., &c.,

(Signed) A. WALEWSKI.

By order of the Most Noble the Governor of Bengal,

CECIL BEADON,

Secy. to the Govt. of Bengal.

LIGHT OF THE 4TH ORDER WITH A FIXED LIGHT ON THE SMALL ISLAND CALLLD PULO CABALLO

Pulo Caballo is a small Island which is steep and of little extent and is distant from the Light House of the Island Corregidor less than a league it lies to the South of the Eastern and inner extreme of that Island at less than two miles distance over the whole space of which extends a dangerous Shoal only passable by fishermen On Pulo Caballo has been erected a other Light House of the 4th order likewise built by M Lepaute of Paris to warn Vessels of the dangers of attempting to pass or of being drifted, between the Islands of Corregidor and Pulo Caballo

PARTICULARS OF THE LIGHT HOUSE OF PULO CABALLO

1 Elevation of the ground above the level of the Sea in Burgos feet	444
Elevation of the Light House above the ground	6
Total Elevation (7)	450

2 The power of this Light extends to 9 Miles only according to M Lepaute

3 The Arc of the Circle illuminated by this Light is 200 degrees from East to West Southerly whence it follows that Ships gradually lose the light of this additional Light House when within Pulo Caballo in the interior of the Bay and they will have to steer by the light of the great Light house of Corregidor until close to the anchoring ground of the City of Manila in front of the River

4 Bearing S 15 E from Pulo Caballo is the small Island of Fraile at 9 Miles and the small Light will enable Vessels to pass in dark nigh s in mid channel with safety

5 Both Pulo Caballo as well as the Island of Fraile can be approached with the safety to within a Mile it is however better to keep in mid channel considering the great force of the set of the tides

Public Department.

Our Governor General of India in Council,

No. 48 *of* 1853.—With reference to our Despatch in this Department, dated 24th May last. No. 30, we forward copy of a letter which has been addressed to Her Majesty's Secretary of State for Foreign Affairs by the French Ambassador, stating the decision which has been come to by the Government of His Imperial Majesty in regard to Foreign prohibited goods which may be sent to the Universal Exhibition to be held in Paris in May 1855, and we request that you will give the greatest possible publicity to the liberal intentions of the French Government, as stated in Count Walewski's letter.

London,
20th July 1853.

[Translation.]

London, the 22th of June 1853.

To the Right Hon'ble the Earl of Clarendon,
&c., &c., &c.

My Lord,

With reference to the Universal Exhibition which is to take place at Paris in 1855, several manufacturers have addressed the Minister of the Interior to know, first, whether articles of which the importation is prohibited in France will be admitted at the Exhibition, and secondly, whether on the close of the Exhibition, these articles will be admitted for home consumption, or whether they must be re-exported.

These two questions, my Lord, have received an answer in accordance with the enlightened views

which induced the Government of His Majesty the Emperor to decree the Universal Exhibition of 1855. It has been consequently decided, not only that prohibited merchandize shall be admitted to the Exhibition, but also that, after it shall have closed, the exhibitors will have the option either to re-export the said merchandize free of duty, or to enter them for home consumption, on paying a duty of 30 per cent. *ad valorem.*

These conditions will be excluded in the general rules which are now under preparation, but in consequence of the opinions which appear to have been already excited abroad as to the rules affecting prohibited merchandize destined for the Exhibition of Paris in 1855, I have been charged with the honor of informing your Excellency of the resolutions adopted in this respect by the Government of His Majesty the Emperor. Your Excellency will perhaps consider it advisable to give immediate information of this arrangement to the manufacturers and artizans who are subjects of Her Britannic Majesty.

I have the honor to be,

&c., &c.,

(Signed) A. WALEWSKI.

By order of the Most Noble the Governor of Bengal,

An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further that four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the trade, will as heretofore be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

19. It is hereby further notified, that under the 6th Article of the convention between Great Britain and France dated the 7th March 1815, quoted below, the Agents in India of the French Government or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the twelve Sales in the months of January, February, March, April, May, June, July, August, September, October, November and December 1854, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 48,320 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6. "With regard to the trade in Opium, "it is agreed between the high "contracting parties that at each "of the periodical Sales of that "article there shall be reserved "for the French Government, and delivered upon re-"quisition duly made by the Agents of His Most "Christian Majesty, or by the persons duly appointed "by them, the number of Chests so applied for, pro-"vided that such supply shall not exceed Three Hun-"dred Chests in each year, and the price for the same "shall be determined by the average rate at which "Opium shall have been sold at every such periodical "Sale, it being understood that if the quantity of "Opium applied for at any one time shall not be

"taken on account of the French Government by the "Agents of His Most Christian Majesty within "the usual period of delivery, the quantity so applied "for shall nevertheless be considered as so much in "reduction of the Three Hundred Chests herein-"before-mentioned. The requisitions for Opium, "as aforesaid, are to be addressed to the Governor "General at Calcutta within thirty days after no-"tice of the intended Sales shall have been publish-"ed in the *Government Gazette*."

[illegible]REAS the law of evidence administered by the C[illegible] Courts of the Presidency of Fort William in Bengal, and the rules for the attendance and examination of witnesses and the production of documents in such Courts, require amendment, It is enacted as follows:

I. Sections XXXIII. and LXXIII. Regulation XXIII. 1814, of the Bengal Code, so far as they are inconsistent with the provisions of this Act, Section XI., Regulation XXIV. 1814, of the same Code, except so far as it relates to the signing and issuing of any process of Court to which the signature of the judge may not be specially required, and Section [illegible], Act VI. 1843, so far as it is authorizes the examination of witnesses according to the rules established by Section XI. II. In any regular or summary suit, appeal, or proceeding in any of the Civil Courts of the East India Company, and also in any summary suit, or other proceeding of a civil nature before any Court, Officer, or other person having by law or by consent of parties authority to examine witnesses, any party to such suit, appeal or proceeding, shall be competent and entitled to give evidence as a witness either on his own behalf, or on behalf of any other party to the suit, appeal, or proceeding in the same manner as if he were not a party to the same. Provided that no party to a suit, appeal, or proceeding, who shall offer himself as a witness therein, shall, without the consent of all parties thereto, be examined otherwise than in open court, in such manner as the court may direct having regard to the usages and customs of the country, unless such examination shall be taken under, and subject to the Rules prescribed by Section XXXII. or XXXVIII. of this Act.

III. No person shall, by reason of any interest in the result of any suit or of any interest connected therewith, or by reason of relationship to any of the parties thereto, be incompetent to give evidence in any such suit.

IV. A[illegible]band or wife shall be competent to give evidence for or against the other provided that the examination shall take place in open Court in such manner as the Court may direct having regard to the usages and customs of the country, or that it be taken and read under, and subject to the Rules prescribed in Section XXXII. or XXXVIII. of this Act, provided also that any communication made by husband or wife to the other during their marriage shall be deemed a privileged communication, and shall not be disclosed without the consent of the person making the same, unless such communication shall relate to a matter in dispute in a suit pending between such husband and wife.

V. Any party to a suit may be compelled to give evidence as a witness therein and also to produce any document in his possession or power, in the same manner, by the same process, and subject to the same Rules, as if he were not a party to the suit, except so far as is otherwise provided by this Act. Provided that no Court need to compel the attendance of any party to such suit, for the purpose of giving evidence therein if such party shall satisfy the Court that he has no personal knowledge of any material subject of inquiry in the suit, and that he cannot give any material evidence therein. Nothing in this Clause shall exempt any party to a suit from being summoned to produce a document.

VI. After the parties in a suit in which according to the practice of the Court a day is fixed for the hearing, shall have filed their exhibits and lists of witnesses, the Court shall by an order in writing, appoint a day, not less than fifteen days after the date thereof, for the examination of witnesses and the hearing of the suit.

VII. The list of witnesses required to be furnished in any suit shall include the names of all the witnesses, whether parties to the suit or not, whom the party filing the list may intend to call as witnesses or whom he may require to be summoned to give evidence or

produce any document, also a list of the documents which he may require to be produced.

VIII. If any party to a suit shall require the attendance of any other party thereto as a witness to be enforced, he shall by himself or his pleader make a special application to the Court for an order for a summons to compel the attendance of the party, and shall show to the satisfaction of the Court sufficient grounds in support of such application, otherwise a summons shall not be issued. In cases in which, according to the practice of the Court, a day is fixed for the hearing, the application shall be made before such day shall be fixed.

IX. The Court, upon the application of the pleader of any party to a suit whose attendance as a witness is required, or without such application, if the Court think fit so to do, may, before making such order cause notice to be given to the party or his pleader fixing a day for such party to shew cause why he should not attend and give evidence and may also, from time to time if necessary, for good and sufficient cause, enlarge the time for such purpose.

X. *Clause* 1. In support of the cause shown, the Court shall receive a declaration in writing of the party, if signed by him, and delivered into the Court by himself or his pleader.

Clause 2.—If the party making such declaration shall wilfully and corruptly make any false statement therein, he shall be deemed guilty of perjury, and shall be proceeded against, and upon conviction punished accordingly.

XI. If no sufficient cause be shown on the day fixed or upon any subsequent day to which the Court shall enlarge the time for the purpose, the Court shall cause a summons to be issued compelling the party to attend and give evidence.

XII. The Court on the requisition of any party to a suit, or his pleader, may cause a summons to be issued to every person who shall be required to produce any material document. Previously to the issuing of any summons for the attendance of any person to give evidence or produce a document, the party requiring the same shall pay into Court such sum as shall appear to the Court to be reasonable, to defray the travelling and other expenses of such person in passing to and from the Court in which he may be required to attend and give evidence, and for one day's attendance thereon. In fixing the sum to be paid into Court, regard shall be had to the rules, if any, established by the Court or Board, if any, to which such Court shall be subordinate. The sum so paid shall be tendered to the witness at the time of serving the summons if it can be served personally. In addition to the sum so paid into Court, the Court before whom any person who may attend in consequence of a summons, or proclamation to give evidence or produce any document, may order such further sum to be paid to the person so attending by the person causing the summons or proclamation to be issued, as may appear to be necessary to defray his travelling and other expenses, and also the expenses of his detention under the summons, or proclamation, and in case of default in payment, may order such sum to be levied by attachment and sale of the goods of the person ordered to pay the same, and the witness shall not be bound to give evidence or produce any document until such sum shall be paid.

XIII. Every summons for the attendance of a witness to give evidence, or to produce a document shall require the intended witness to attend at a time and place to be named in the summons, and shall also state whether the attendance of the witness is required for the purpose of giving evidence, or producing a document, or for both purposes. If a witness, whether a party to the suit or not, is required to attend, and to produce before the Court any document alleged by the party summoning him to be in his possession or power, a direction to attend the Court with such document shall be inserted in the summons, and the document which the witness may be so called upon to produce shall be described in the summons with convenient certainty.

XIV. Every such summons shall, if possible, be served personally upon the person thereby required to attend, by showing the original to such person, and at the same time delivering or tendering to him a copy thereof.

XV. Such service must be made a sufficient time before the time specified therein for his attendance to allow the witness a reasonable time for preparation and for travelling to the place at which his attendance is required.

XVI. Any person, whether a party to the suit or not, may be summoned to produce a document without being summoned to give evidence, and any person summoned merely to produce a document shall be deemed to have complied with the summons if he cause such document to be produced, instead of attending personally to produce the same.

XVII. Any person who shall be summoned to appear and give evidence shall be bound to attend at the time and place named for that purpose.

XVIII. Any person attending to produce a document may be called upon to produce the same without being sworn or examined as a witness.

XIX. A witness not a party to the suit or proceeding in which he is summoned, shall not be bound to produce his own title deeds, unless he shall have agreed in writing with the party requiring the production thereof, or with some person through whom he claims to produce such deeds.

XX. A witness, whether a party or not, shall not be bound to produce any document relating to affairs of State, the production of which would be contrary to good policy, nor any document held by him for any other person who would not be bound to produce it if in his own possession.

XXI. A witness being a party to the suit shall not not be bound to produce any document in his possession or power which is not relevant or material to the case of the party requiring its production, nor any writing or correspondence which may have passed between him and any legal professional adviser. If any party, however, offer himself as a witness, he shall be bound to produce any such writing or correspondence, in his custody, possession, or power if relevant or material to the case of the party requiring its production.

XXII. Every witness summoned to produce a document shall, if the same be in his custody, possession, or power, be bound to produce it, or cause it to be produced to the Court, although there be a valid objection to the right of the party calling for it to compel its production, or to the reading or putting it in as evidence, or to the disclosure of the contents thereof; the validity of any such objection made by the person producing the document shall be determined by the Court, and for the better determination thereof, it shall be lawful for the Court to receive any admissible evidence which the person producing the document may give respecting it, and it shall also be lawful for the Court to inspect the document, and if necessary to call to its assistance any person whom it may appoint to interpret the same. Such person, however, shall be previously sworn truly to interpret the same to the Court alone, and not to disclose the contents thereof except to the Court, unless the Court shall order the document to be given in evidence. If the Court shall be of opinion that such document should not be produced, the Court shall not disclose the contents thereof to the parties, or take any note, or make any mention of the contents or effect thereof in its judgment or proceedings, but shall return the document at once to the party producing the same, having previously marked the same for the purpose of identification, and shall record in its proceedings that a document identifying it by the mark put upon it, was called for, by the person, naming him, who shall claim its production, that the person having the possession

sion of the document, naming him, objected to its production, and the reasons, if any, for such objection, together with the reasons of the Court for refusing to compel its production. If the Court shall refuse to enforce the production of a document, or to receive the same in evidence, the Court of appeal may, upon a regular appeal, compel the production of such document, and if such Court shall think that the production of the same ought to have been enforced, or that it ought to have been received in evidence, may themselves enforce its production, and receive it in evidence, and decide the case upon such document, coupled with the other evidence given in the suit.

XXIII. A barrister, attorney, or vakeel, shall not, without the consent of his client, disclose any communication made by the client to him in the course of his professional employment, nor any advice given by him professionally to his client, nor the contents of any document of his client, the knowledge of which he shall have acquired in the course of his professional employment. The privilege, however, is that of the client, and if any party to a suit shall give evidence therein at his own instance, he shall be deemed thereby to have waived his privilege, and to have consented to the disclosure by such barrister, attorney, or vakeel, of any such matter as aforesaid, which may be relevant, and which the barrister, attorney, or vakeel would have been bound to disclose, but for the privilege of his client, and the barrister, attorney, or vakeel, shall be bound, upon examination, to disclose any such matter.

XXIV. If any witness, whether a party to a suit or not, to whom any summons to give evidence or produce a document, shall have been personally delivered shall, without lawful excuse, fail to comply with such summons as required by this Act, or attending, or being present in Court, shall, without lawful excuse, refuse to give evidence, or to subscribe his deposition, or to produce any document in his custody or possession, named in such summons as aforesaid, upon being required by the Court so to do, the Court shall have full power and authority to issue an order in writing to the nazir to apprehend and bring the witness before the Court; or, if he be already before the Court, to [illegible] him into custody. And such Court may impose [illegible] such witness a fine not exceeding five hundred rupees for his default or refusal, realizable by attachment and sale of his property, and may commit him to close custody until he shall consent to give his evidence, or to sign his deposition, or to produce the document, and any such fine as aforesaid shall be levied and recovered by attachment and sale of the property of such person. Provided that no fine imposed under the provisions of this section shall exceed the amount of the property in dispute in the suit. If any such person shall abscond, or keep out of the way, so that he cannot be seized or brought before the Court, his property shall be liable to attachment and sale in the same manner as is provided by Section XXVII. of this Act, with respect to a witness on whom the service of a summons cannot be effected. If such person shall be a party to the suit, the Court, instead of proceeding in the manner above pointed out, may, if the witness be a plaintiff, appellant, or petitioner, dismiss the complaint, appeal or petition, with costs against such party, or if such party be a defendant or respondent, may hear, and decide the case against such defendant or respondent *ex-parte*. If any such complaint, appeal or petition shall be dismissed for such cause, the complainant, or petitioner shall be debarred from preferring any other petition, appeal or complaint in respect of the same matter.

XXV. Any person present in Court, whether a party or not, may be called upon and compelled by the Court to give evidence, and produce any document then and there in his actual possession, or in his power, in the same manner and subject to the same rules as if he had been summoned to attend and give evidence, or to produce such document, and may be punished in like manner for any refusal to obey the order of the Court.

XXVI. Any person, whether a party to the suit or not, to whom a summons to attend, and give evidence or produce a document, shall be personally delivered, and who shall, without lawful excuse, neglect or refuse to obey such summons, or who shall be proved to have absconded, or kept out of the way to avoid being served with such summons, and any person who, being in Court and upon being required by the Court to give evidence, or produce a document in his possession, shall, without lawful excuse, refuse to give evidence, or sign his deposition, or to produce a document in his possession, shall, in addition to any proceedings under this Act, be liable to the party at whose request the summons shall have been issued, or at whose instance he shall be required to give evidence, or produce the document, for all damages which he may sustain in consequence of such neglect, or refusal, or of such absconding, or keeping out of the way as aforesaid, to be recovered in a civil action.

XXVII. If a person, whether a party to a suit or not, for whose attendance either to give evidence or produce a document a summons shall be issued, cannot, after diligent search, to be certified by a return of the nazir, be found, the Court upon proof that the evidence of such witness, or the production of the document is material, and that the witness absconds, or keeps out of the way to avoid being served with a summons, and that he could not, after diligent search, be found or served with the summons, [illegible] cause a proclamation requiring the attendance [illegible] person to give evidence, or produce the [illegible] a time and place to be named therein, to [illegible] the presence, and with the attestati[illegible] able householders in some conspic[illegible] near to his house or place of abode [illegible] shall not attend at the time and pl[illegible] such proclamation, and it be prov[illegible] tion of the Court that the witness [illegible] his property, real and personal, t[illegible] Court shall deem reasonable, (but [illegible] limitation as to the articles exempt [illegible] as in case of attachment for arrears [illegible] be liable, under an order of the Court [illegible] and sale. XXX. It shall not be necessary to postpone the hearing or decision of a case for the non-production of a document, or for the evidence of a witness, who may neglect, or refuse to attend, or who shall abscond, or keep out of the way, or who cannot be served with a summons, beyond such period as shall appear proper to the Court, having regard to all the circumstances of the case; provided that when a summons shall have been issued for the attendance of a plaintiff or appellant in a suit to give evidence, or produce a document, the Court shall, at the request of the defendant or respondent, unless there be good reason to the contrary, postpone the hearing or decision until the plaintiff or appellant can be personally summoned, or shall attend and give evidence, or produce the document required, and that where a summons shall have been issued for the attendance of a defendant or respondent to give evidence, or produce a document, the hearing or decision shall, upon the application of the plaintiff or appellant, be postponed in like manner, unless there be good reason to the contrary, until the defendant or respondent can be personally summoned, or shall attend and give evidence, or produce the document required.

XXXI. In case the witness shall refuse to sign the deposition, the Judge shall sign the same, and record the reason, if any, given by the witness for such refusal, together with such remarks thereon as the Judge shall think fit to make. It shall be in the discretion of the Judge to take down, or cause to be taken down, any particular question and answer if there shall appear any special reason for doing so, or any party, or his vakeel, shall require it. If any question put to a witness be objected to by either of the parties, or their vakeels, and the Court shall allow the same to be put, the question and answer shall be taken down, and the objection, and the name of the party making it, shall be noticed in taking down the depositions, together with the decision of the Court upon the objection. The Judge shall also record such remarks as he may think material respecting the demeanor of any witness whilst under examination.

XXXII. In cases where the evidence is needed of females, who, according to the custom of the country, ought not to be compelled to appear as witnesses in a Court of Justice, and in which the Court shall be of opinion that the ends of justice require and justify it, such Court may issue a commission to any Officer of the Court or other person, to be named in such commission, for the examination of such females in the hearing of the parties to the suit or their vakeels, in such manner as the Court may direct, having regard to the custom and usage of the country, and with liberty to the parties or their vakeels, to cross examine, anything in Section V. If the application be too late to serve such notices, the Court may order that the examination of any witness who may be present, or shall attend in persuance of a summons, shall be proceeded with, and that the further hearing of the case, after the examination of such witness, shall alone be postponed.

The parties or such of them as desire it shall then be heard either by themselves or their pleaders orally on the merits of the case as regards the issues both of fact and law, and after considering the argument and evidence, the Judge shall record his judgment under Act XII. 1843.

XXXV. If the Court, after the evidence of all the witnesses shall have been heard, and before hearing the pleaders or recording the judgment, shall think it necessary for the ends of justice to inspect any document, or to examine any party to the suit, or any other person whose evidence may appear to be material, the Court, of its own accord, may cause such party or person to be summoned to attend as a witness, to give evidence, or to produce such document, if in his possession, on a day to be appointed, and may examine such party or person [illegible] witness in open Court, or in such other m[illegible] the Court may direct, upon any question which [illegible] witness may be bound to answer and the [illegible] think necessary, and may also compel the [illegible] any document mentioned in such summ[illegible] any such persons may have in his posse[illegible] and be bound to produce. Passed Act.

Fort William, Home Department, Legislative, The 2nd December 1853.

THE following Act passed by the Governor General of India in Council on the 2nd December 1853, is hereby promulgated for general information:

ACT NO. XIX. OF 1853.

An Act to amend the Law of Evidence in the Civil Courts of the East India Company in the Bengal Presidency.

WHEREAS the law of evidence administered by the Civil Courts of the Presidency of Fort William in Bengal, and the rules for the attendance and examination of witnesses and the production of documents in such Courts, require amendment, It is enacted as follows:

I. Sections XXXIII. and LXXIII. Regulation XXIII. 1814, of the Bengal Code, so far as they are inconsistent with the provisions of this Act, Section XI., Regulation XXIV. 1814, of the same Code, except so far as it relates to the signing and issuing of any process of Court to which the signature of the judge may not be specially required, and Section I., Act VI. 1843, so far as it is authorizes the examination of witnesses according to the rules established by Section XI. Regulation XXIV. 1814, aforesaid, are hereby repealed.

II. In any regular or summary suit, appeal, or proceeding in any of the Civil Courts of the East India Company, and also in any summary suit, or other proceeding of a civil nature before any Court, Officer, or other person having by law or by consent of parties authority to examine witnesses, any party to such suit, appeal or proceeding, shall be competent and entitled to give evidence as a witness either on his own behalf, or on behalf of any other party to the suit, appeal, or proceeding in the same manner as if he were not a party to the same. Provided that no party to a suit, appeal, or proceeding, who shall offer himself as a witness therein, shall, without the consent of all parties thereto, be examined otherwise than in open court, in such manner as the court may direct having regard to the usages and customs of the country, unless such examination shall be taken under, and subject to the Rules prescribed by Section XXXII. or XXXVIII. of this Act.

III. No person shall, by reason of any interest in the result of any suit or of any interest connected therewith, or by reason of relationship to any of the parties thereto, be incompetent to give evidence in any such suit.

IV. A husband or wife shall be competent to give evidence for or against the other provided that the examination shall take place in open Court in such manner as the Court may direct having regard to the usages and customs of the country, or that it be taken and read under, and subject to the Rules prescribed in Section XXXII. or XXXVIII. of this Act, provided also that any communication made by husband or wife to the other during their marriage shall be deemed a privileged communication, and shall not be disclosed without the consent of the person making the same, unless such communication shall relate to a matter in dispute in a suit pending between such husband and wife.

V. Any party to a suit may be compelled to give evidence as a witness therein and also to produce any document in his possession or power, in the same manner, by the same process, and subject to the same Rules, as if he were not a party to the suit, except so far as is otherwise provided by this Act. Provided that no Court need to compel the attendance of any party to such suit, for the purpose of giving evidence therein if such party shall satisfy the Court that he has no personal knowledge of any material subject of inquiry in the suit, and that he cannot give any material evidence therein. Nothing in this Clause shall exempt any party to a suit from being summoned to produce a document.

VI. After the parties in a suit in which according to the practice of the Court a day is fixed for the hearing shall have filed their exhibits and lists of witnesses, the Court shall, by an order in writing, appoint a day, not less than fifteen days after the date thereof, for the examination of witnesses and the hearing of the suit.

VII. The list of witnesses required to be furnished in any suit shall include the names of all the witnesses, whether parties to the suit or not, whom the party filing the list may intend to call as witnesses or whom he may require to be summoned to give evidence or

produce any document, also a list of the documents which he may require to be produced.

VIII. If any party to a suit shall require the attendance of any other party thereto as a witness to be enforced, he shall by himself or his pleader make a special application to the Court for an order for a summons to compel the attendance of the party, and shall show to the satisfaction of the Court sufficient grounds in support of such application, otherwise a summons shall not be issued. In cases in which, according to the practice of the Court, a day is fixed for the hearing, the application shall be made before such day shall be fixed.

IX. The Court, upon the application of the pleader of any party to a suit whose attendance as a witness is required, or without such application, if the Court think fit so to do, may, before making such order cause notice to be given to the party or his pleader fixing a day for such party to shew cause why he should not attend and give evidence and may also, from time to time if necessary, for good and sufficient cause, enlarge the time for such purpose.

X. *Clause* 1. In support of the cause shown, the Court shall receive a declaration in writing of the party, if signed by him, and delivered into the Court by himself or his pleader.

Clause 2.—If the party making such declaration shall wilfully and corruptly make any false statement therein, he shall be deemed guilty of perjury, and shall be proceeded against, and upon conviction punished accordingly.

XI. If no sufficient cause be shown on the day fixed or upon any subsequent day to which the Court shall enlarge the time for that purpose, the Court shall cause a summons to be issued for compelling the party to attend and give evidence.

XII. The Court on the requisition of any party to a suit, or his pleader, may cause a summons to be issued to every person who shall be required to produce any material document. Previously to the issuing of any summons for the attendance of any person to give evidence or produce a document, the party requiring the same shall pay into Court such sum as shall appear to the Court to be reasonable, to defray the travelling and other expenses of such person in passing to and from the Court in which he may be required to attend and give evidence, and for one day's attendance thereat. In fixing the sum to be paid into Court, regard shall be had to the rules, if any, established by the Court or Board, if any, to which such Court shall be subordinate. The sum so paid into Court shall be tendered to the witness at the time of serving the summons if it can be served personally. In addition to the sum so paid into Court, the Court before whom any person who may attend in pursuance of a summons, or proclamation to give evidence or produce any document, may order such further sum to be paid to the person so attending by the person causing the summons or proclamation to be issued, as may appear to be necessary to defray his travelling and other expenses, and also the expenses of his detention under the summons, or proclamation, and in case of default in payment, may order such sum to be levied by attachment and sale of the goods of the person ordered to pay the same, and the witness shall not be bound to give evidence or produce any document until such sum shall be paid.

XIII. Every summons for the attendance of a witness to give evidence, or to produce a document shall require the intended witness to attend at a time and place to be named in the summons, and shall also state whether the attendance of the witness is required for the purpose of giving evidence, or producing a document, or for both purposes. If a witness, whether a party to the suit or not, is required to attend, and to produce before the Court any document alleged by the party summoning him to be in his possession or power, a direction to attend the Court with such document shall be inserted in the summons, and the document which the witness may be so called upon to produce shall be described in the summons with convenient certainty.

XIV. Every such summons shall, if possible, be served personally upon the person thereby required to attend, by showing the original to such person, and at the same time delivering or tendering to him a copy thereof.

XV. Such service must be made a sufficient time before the time specified therein for his attendance to allow the witness a reasonable time for preparation and for travelling to the place at which his attendance is required.

XVI. Any person, whether a party to the suit or not, may be summoned to produce a document without being summoned to give evidence, and any person summoned merely to produce a document shall be deemed to have complied with the summons if he cause such document to be produced, instead of attending personally to produce the same.

XVII. Any person who shall be summoned to appear and give evidence shall be bound to attend at the time and place named for that purpose.

XVIII. Any person attending to produce a document may be called upon to produce the same without being sworn or examined as a witness.

XIX. A witness not a party to the suit or proceeding in which he is summoned, shall not be bound to produce his own title deeds, unless he shall have agreed in writing with the party requiring the production thereof, or with some person through whom he claims to produce such deeds.

XX. A witness, whether a party or not, shall not be bound to produce any document relating to affairs of State, the production of which would be contrary to good policy, nor any document held by him for any other person who would not be bound to produce it if in his own possession.

XXI. A witness being a party to the suit shall not not be bound to produce any document in his possession or power which is not relevant or material to the case of the party requiring its production, nor any writing or correspondence which may have passed between him and any legal professional adviser. If any party, however, offer himself as a witness, he shall be bound to produce any such writing or correspondence, in his custody, possession, or power, if relevant or material to the case of the party requiring its production.

XXII. Every witness summoned to produce a document shall, if the same be in his custody, possession, or power, be bound to produce it, or cause it to be produced to the Court, although there be a valid objection to the right of the party calling for it to compel its production, or to the reading, or putting it in as evidence, or to the disclosure of the contents thereof; the validity of any such objection made by the person producing the document shall be determined by the Court, and for the better determination thereof, it shall be lawful for the Court to receive any admissible evidence which the person producing the document may give respecting it, and it shall also be lawful for the Court to inspect the document, and if necessary to call to its assistance any person whom it may appoint to interpret the same. Such person, however, shall be previously sworn truly to interpret the same to the Court alone, and not to disclose the contents thereof except to the Court, unless the Court shall order the document to be given in evidence. If the Court shall be of opinion that such document should not be produced, the Court shall not disclose the contents thereof to the parties, or take any note, or make any mention of the contents or effect thereof in its judgment or proceedings, but shall return the document at once to the party producing the same, having previously marked the same for the purpose of identification, and shall record in its proceedings that a document, identifying it by the mark put upon it, was called for, by the person, naming him, who shall call for its production, that the person having the posses-

sion of the document, naming him, objected to its production, and the reasons, if any, for such objection, together with the reasons of the Court for refusing to compel its production. If the Court shall refuse to enforce the production of a document, or to receive the same in evidence, the Court of appeal may, upon a regular appeal, compel the production of such document, and if such Court shall think that the production of the same ought to have been enforced, or that it ought to have been received in evidence, may themselves enforce its production, and receive it in evidence, and decide the case upon such document, coupled with the other evidence given in the suit.

XXIII. A barrister, attorney, or vakeel, shall not, without the consent of his client, disclose any communication made by the client to him in the course of his professional employment, nor any advice given by him professionally to his client, nor the contents of any document of his client, the knowledge of which he shall have acquired in the course of his professional employment. The privilege, however, is that of the client, and if any party to a suit shall give evidence therein at his own instance, he shall be deemed thereby to have waived his privilege, and to have consented to the disclosure by such barrister, attorney, or vakeel, of any such matter as aforesaid, which may be relevant, and which the barrister, attorney, or vakeel would have been bound to disclose, but for the privilege of his client, and the barrister, attorney, or vakeel, shall be bound, upon examination, to disclose any such matter.

XXIV. If any witness, whether a party to a suit or not, to whom any summons to give evidence or produce a document, shall have been personally delivered shall, without lawful excuse, fail to comply with such summons as required by this Act, or attending, or being present in Court, shall, without lawful excuse, refuse to give evidence, or to subscribe his deposition, or to produce any document in his custody or possession, named in such summons as aforesaid, upon being required by the Court so to do, the Court shall have full power and authority to issue an order in writing to the nazir to apprehend and bring the witness before the Court; or, if he be already before the Court, to take him into custody; And such Court may impose on such witness a fine not exceeding five hundred rupees for his default or refusal, realizable by attachment and sale of his property, and may commit him to close custody until he shall consent to give his evidence, or to sign his deposition, or to produce the document, and any such fine as aforesaid shall be levied and recovered by attachment and sale of the property of such person. Provided that no fine imposed under the provisions of this section shall exceed the amount of the property in dispute in the suit. If any such person shall abscond, or keep out of the way, so that he cannot be seized or brought before the Court, his property shall be liable to attachment and sale in the same manner as is provided by Section XXVII. of this Act, with respect to a witness on whom the service of a summons cannot be effected. If such person shall be a party to the suit, the Court, instead of proceeding in the manner above pointed out, may, if the witness be a plaintiff, appellant, or petitioner, dismiss the complaint, appeal or petition, with costs against such party, or if such party be a defendant or respondent, may hear, and decide the case against such defendant or respondent *ex-parte*. If any such complaint, appeal or petition shall be dismissed for such cause, the complainant, or petitioner shall be debarred from preferring any other petition, appeal or complaint in respect of the same matter.

XXV. Any person present in Court, whether a party or not, may be called upon and compelled by the Court to give evidence, and produce any document then and there in his actual possession, or in his power, in the same manner and subject to the same rules as if he had been summoned to attend and give evidence, or to produce such document, and may be punished in like manner for any refusal to obey the order of the Court.

XXVI. Any person, whether a party to the suit or not, to whom a summons to attend, and give evidence, or produce a document, shall be personally delivered, and who shall, without lawful excuse, neglect or refuse to obey such summons, or who shall be proved to have absconded, or kept out of the way to avoid being served with such summons, and any person who, being in Court and upon being required by the Court to give evidence, or produce a document in his possession, shall, without lawful excuse, refuse to give evidence, or sign his deposition, or to produce a document in his possession, shall, in addition to any proceedings under this Act, be liable to the party at whose request the summons shall have been issued, or at whose instance he shall be required to give evidence, or produce the document, for all damages which he may sustain in consequence of such neglect, or refusal, or of such absconding, or keeping out of the way as aforesaid, to be recovered in a civil action.

XXVII. If a person, whether a party to a suit or not, for whose attendance either to give evidence or produce a document a summons shall be issued, cannot, after diligent search, to be certified by a return of the nazir, be found, the Court upon proof that the evidence of such witness, or the production of the document is material, and that the witness absconds, or keeps out of the way to avoid being served with a summons, and that he could not, after diligent search, be found or served with the summons, may cause a proclamation requiring the attendance of such person to give evidence, or produce the document at a time and place to be named therein, to be affixed, in the presence, and with the attestation of two respectable householders in some conspicuous place, upon or near to his house or place of abode and if such person shall not attend at the time and place to be named in such proclamation, and it be proved to the satisfaction of the Court that the witness cannot be found, his property, real and personal, to such amount as the Court shall deem reasonable, (but subject to the same limitation as to the articles exempt from attachment as in case of attachment for arrears of rent,) shall be liable, under an order of the Court, to attachment and sale. Provided always, that when the order for attachment and sale shall have been issued by any Court subordinate to the Court of Sudder Dewanny Adawlut, a summary appeal shall lie within one month from the date of the order of the subordinate Court to the Court to which its orders are generally appealable; and that the Rules for the time being in force in regard to sales made in execution of decrees, as to the mode amd period of attachment and the place or manner of sale, and as to claims of third parties to property attached and notified for sale, shall be held applicable to such sales.

XXVIII. *Clause* 1.—The cost of the attachment shall be borne in the first instance by the party applying for it, and the Court issuing the summons and attachment shall not proceed to sale of the property, but shall order the same to be released from attachment if the witness shall appear and satisfy the Court that he did not abscond, or keep out of the way to avoid service of a summons and that he had not notice of the proclamation in time to attend at the time and place named therein. Upon the appearance of such witness, the Court shall make such order in regard to the costs of the attachment as it shall deem fit If the witness appearing shall fail to satisfy the Court that he did not abscond, or keep out of the way to avoid service of a summons, and that he had not such notice of the proclamation as aforesaid it shall be in the discretion of the Court to order the property attached or any part thereof to be forfeited and sold for the purpose of satisfying all costs incurred in consequence of such default absconding, or keeping out of the way, and such fine not exceeding the amount in dispute in the suit as the Court may deem fit to impose upon the witness having regard to all the circumstances of the case, and the condition in life of the witness, or the

Court may order the property to be released from attachment upon payment of such costs and fine as aforesaid.

Clause 2.—An order made in pursuance of this Section shall be subject to appeal in the same manner and within the same period, as an appeal against an order for attachment and sale under the last preceding Section of this Act.

XXIX. All orders as to fines, or the levying thereof, or as to imprisonment under this Act, shall be subject to a similar appeal within one month from the date of the order.

XXX. It shall not be necessary to postpone the hearing or decision of a case for the non-production of a document, or for the evidence of a witness, who may neglect, or refuse to attend, or who shall abscond, or keep out of the way or who cannot be served with a summons, beyond such period as shall appear proper to the Court, having regard to all the circumstances of the case; provided that when a summons shall have been issued for the attendance of a plaintiff or appellant in a suit to give evidence, or produce a document, the Court shall, at the request of the defendant or respondent, unless there be good reason to the contrary, postpone the hearing or decision until the plaintiff or appellant can be personally summoned, or shall attend and give evidence, or produce the document required, and that where a summons shall have been issued for the attendance of a defendant or respondent to give evidence, or produce a document, the hearing or decision shall, upon the application of the plaintiff or appellant, be postponed in like manner, unless there be good reason to the contrary, until the defendant or respondent can be personally summoned, or shall attend and give evidence, or produce the document required.

XXXI. On the day appointed for the hearing, the evidence of the attending witnesses shall be taken orally in open Court, in the presence and hearing, and under the personal direction and superintendence of the Judge. The evidence of each witness given upon such examination shall be taken down in writing, by or in the presence and under the superintendence of the Judge, not ordinarily by question and answer, but in the form of a narrative, and when completed shall be read over to the witness, and signed by him in the presence of the Judge and of the parties, to the suit or their vakeels, or such of them as may think fit to attend. In case the witness shall refuse to sign the deposition, the Judge shall sign the same, and record the reason, if any, given by the witness for such refusal, together with such remarks thereon as the Judge shall think fit to make. It shall be in the discretion of the Judge to take down, or cause to be taken down, any particular question and answer if there shall appear any special reason for doing so, or any party, or his vakeel, shall require it. If any question put to a witness be objected to by either of the parties, or their vakeels, and the Court shall allow the same to be put, the question and answer shall be taken down, and the objection, and the name of the party making it, shall be noticed in taking down the depositions, together with the decision of the Court upon the objection. The Judge shall also record such remarks as he may think material respecting the demeanor of any witness whilst under examination.

XXXII. In cases where the evidence is needed of females, who, according to the custom of the country, ought not to be compelled to appear as witnesses in a Court of Justice, and in which the Court shall be of opinion that the ends of justice require and justify it, such Court may issue a commission to any Officer of the Court or other person, to be named in such commission, for the examination of such females in the hearing of the parties to the suit or their vakeels, in such manner as the Court may direct, having regard to the custom and usage of the country, and with liberty to the parties or their vakeels, to cross examine, anything in Section V. Act VII. 1841, to the contrary notwithstanding.

XXXIII. On or before the day appointed for trial, the Court may, for any sufficient reason, such as the unavoidable absence of any material witness, or for other good cause, on the application of either party, postpone the hearing to another day, to be named, on such terms as to the payment to the opposite party of his costs occasioned by the postponement, and otherwise as to the Court shall seem reasonable. In such case notice in writing shall be given to each of the witnesses to attend and give evidence, or to produce a document on the substituted day, instead of the day mentioned in their summonses, if there be time to do so and the Judge shall so order. The notice shall be served in the same manner as a summons. The service of such notice shall have the same effect as if the substituted day had been originally named in such summons as the day for the appearance in Court to give evidence or produce a document, and all the provisions in this Act relating to summonses to give evidence or produce documents, shall extend to such notices in the same manner as if such notices had been expressly mentioned in such provisions. If the application be too late to serve such notices, the Court may order that the examination of any witness who may be present, or shall attend in persuance of a summons, shall be proceeded with, and that the further hearing of the case, after the examination of such witness, shall alone be postponed.

XXXIV. Unless the hearing be postponed in manner aforesaid, it shall commence on the day appointed, or as soon afterwards as the business which may be pending before the Court and may be entitled to priority will allow, and the recording of evidence on the trial of any suit when begun under the rules above enacted, shall, unless there be good and sufficient reason to the contrary, (which reason shall be recorded) continue on the same day, or on consecutive business days, until the whole of the evidence of the witnesses present shall be heard. The parties or such of them as desire it shall then be heard either by themselves or their pleaders orally on the merits of the case as regards the issues both of fact and law, and after considering the argument and evidence, the Judge shall record his judgment under Act XII. 1843.

XXXV. If the Court, after the evidence of all the witnesses shall have been heard, and before hearing the pleaders or recording the judgment, shall think it necessary for the ends of justice to inspect any document, or to examine any party to the suit, or any other person whose evidence may appear to be material, the Court, of its own accord, may cause such party or person to be summoned to attend as a witness, to give evidence, or to produce such document, if in his possession, on a day to be appointed, and may examine such party or person as a witness in open Court, or in such other manner as the Court may direct, upon any question which the party or witness may be bound to answer and the Court may think necessary, and may also compel the production of any document mentioned in such summons, which any such persons may have in his possession or power, and be bound to produce. Any witness so called shall be subject to the cross-examination of either party, or his vakeel. If such person, whether a party or not, shall be a female, who, according to the custom of the country, ought not to be compelled to appear as a witness in a Court of Justice, the Court may order such person to be examined in the manner provided by Section XXXII. of this Act, upon such questions as it may direct The Commissioner or other person authorized to take the examination in such case may put such further questions as in his judgment may be necessary, or may arise out of the answers to be given to the questions directed by the Court.

XXXVI. The Judge may cause public notice to be given in Court, either before or during the ex-

NOTICE is hereby given, that on Monday the 9th January 1854, at the hour of 11 o'clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the undermentioned quantity of Opium, the Provision of 1852-53, subject to the following conditions, *viz.*:—

Produce of Behar Agency, Chests,...		2,855
Ditto of Benares ditto, ...	,,	1,170
Total, Chests, ...		4,025

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12 of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M. and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of, or if the quantity of 4,025 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain in hand at a future Sale.

4. Each lot to contain five Chests.

5. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale-room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the afternoon of Saturday 14th January, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts or deposit of other Public Securities as aforesaid shall have been delivered in, shall be resold at such time or times and under such conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale under the last-mentioned condition if remaining unredeemed on the said 14th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of Money, Sub-Treasurer's Receipts or Public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 14th January, will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipt will be accepted in payment after 4 P. M. of Tuesday the 24th January 1854, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or order.

10. No Sub-Treasurer's Receipts or deposit of Public Securities under the 5th of the present conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized agent. The receipt for deposit of Public Securi-

ties will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Goverment superintending the Sale shall be competent, at any time during the Sale, to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1. Certificate of the Opium now advertized for Sale.

No. 2. Report of the examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1852-53, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further that four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the drug has kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the trade, will as heretofore be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities more or less of Behar and Benares Opium of 1852-53 will be brought to Sale in the year 1854, on or about the dates specified below. XIII. Every summons for the attendance of a witness to give evidence, or to produce a document shall require the intended witness to attend at a time and place to be named in the summons, and shall also state whether the attendance of the witness is required for the purpose of giving evidence, or producing a document, or for both purposes. If a witness, whether a party to the suit or not, is required to attend, and to produce before the Court any document alleged by the party summoning him to be in his possession or power, a direction to attend the Court with such document shall be inserted in the summons, and the document which the witness may be so called upon to produce shall be described in the summons with convenient certainty.

XIV. Every such summons shall, if possible, be served personally upon the person thereby required to attend, by showing the original to such person, and at the same time delivering or tendering to him a copy thereof.

XV. Such service must be made a sufficient time before the time specified therein for his attendance to allow the witness a reasonable time for preparation and for travelling to the place at which his attendance is required.

XVI. Any person, whether a party to the suit or not, may be summoned to produce a document without being summoned to give evidence, and any person summoned merely to produce a document shall be deemed to have complied with the summons if he cause such document to be produced, instead of attending personally to produce the same.

XVII. Any person who shall be summoned to appear and give evidence shall be bound to attend at the time and place named for that purpose.

XVIII. Any person attending to produce a document may be called upon to produce the same without being sworn or examined as a witness.

XIX. A witness not a party to the suit or proceeding in which he is summoned, shall not be bound to produce his own title deeds, unless he shall have agreed in writing with the party requiring the production thereof, or with some person through whom he claims to produce such deeds.

XX. A witness, whether a party or not, shall not [illegible] bound to produce any document relating to affairs of State, the production of which would be contrary to good policy, nor any document held by him for any [illegible] person who would not be bound to produce it [illegible] his own possession.

XXI. A witne[illegible] being a party to the suit shall not [illegible] bound to pro[illegible]ce any document in his possession [illegible] wer which is no[illegible] levant or material to the [illegible] of the party requi[illegible] its production, nor any [illegible]g or correspondence which may have passed [illegible]een him and any legal professional adviser. If any [illegible] offer himself as a witness, he shall be [illegible]d to produce any such writing or correspondence, [illegible]s custody, possession, or power, if relevant or [illegible]rial to the case of the party requiring its production.

XXII. Every witness summoned to produce a document shall, if the same be in his custody, possession, or power, be bound to produce it, or cause it to be produced to the Court, although there be a valid objection to the right of the party calling for it to compel its production, or to the reading, or putting it in as evidence, or to the disclosure of the contents thereof; the validity of any such objection made by the person producing the document shall be determined by the Court, and for the better determination thereof, it shall be lawful for the Court to receive any admissible evidence which the person producing the document may give respecting it, and it shall also be lawful for the Court to inspect the document, and if necessary to call to its assistance any person whom it may appoint to interpret the same. Such person, however, shall be previously sworn truly to interpret the same to the Court alone, and not to disclose the contents thereof except to the Court, unless the Court shall order the document to be given in evidence. If the Court shall be of opinion that such document should not be produced, the Court shall not disclose the contents thereof to the parties, or take any note, or make any mention of the contents or effect thereof in its judgment or proceedings, but shall return the document at once to the party producing the same, having previously marked the same for the purpose of identification, and shall record in its proceedings that a document, identifying it by the mark put upon it, was called for, by the person, naming him, who shall call for its production, that the person having the posses-

sion of the document, naming him, objected to its production, and the reasons, if any, for such objection, together with the reasons of the Court for refusing to compel its production. If the Court shall refuse to enforce the production of a document, or to receive the same in evidence, the Court of appeal may, upon a regular appeal, compel the production of such document, and if such Court shall think that the production of the same ought to have been enforced, or that it ought to have been received in evidence, may themselves enforce its production, and receive it in evidence, and decide the case upon such document, coupled with the other evidence given in the suit.

XXIII. A barrister, attorney, or vakeel, shall not, without the consent of his client, disclose any communication made by the client to him in the course of his professional employment, nor any advice given by him professionally to his client, nor the contents of any document of his client, the knowledge of which he shall have acquired in the course of his professional employment. The privilege, however, is that of the client, and if any party to a suit shall give evidence therein at his own instance, he shall be deemed thereby to have waived his privilege, and to have consented to the disclosure by such barrister, attorney, or vakeel, of any such matter as aforesaid, which may be relevant, and which the barrister, attorney, or vakeel would have been bound to disclose, but for the privilege of his client, and the barrister, attorney, or vakeel, shall be bound, upon examination, to disclose any such matter.

XXIV. If any witness, whether a party to a suit or not, to whom any summons to give evidence or produce a document shall have been personally delivered shall, without lawful excuse, fail to comply with such summons as required by this Act, or attending, or being present in Court, shall, without lawful excuse, refuse to give evidence, or to subscribe his deposition, or to produce any document in his custody or possession, named in such summons as aforesaid, upon being required, the Court so to do, the Court shall have full power and authority to issue an order in writing to the nazir to apprehend and bring the witness before the Court, if he be already before the Court, to take him into custody. And such Court may impose on such witness a fine not exceeding five hundred rupees for his default or refusal, realizable by attachment and sale of his property, and may commit him to close custody until he shall consent to give his evidence, or to sign his deposition, or to produce the document, and any such fine as aforesaid shall be levied and recovered by attachment and sale of the property of such person. Provided that no fine imposed under the provisions of this section shall exceed the amount of the property in dispute in the suit. If any such person shall abscond, or keep out of the way, so that he cannot be seized or brought before the Court, his property shall be liable to attachment and sale in the same manner as is provided by section XXVII. of this Act, with respect to a witness upon whom the service of a summons cannot be effected. If such person shall be a party to the suit, the Court, instead of proceeding in the manner above pointed out, may, if the witness be a plaintiff, appellant, or petitioner, dismiss the complaint, appeal or petition, with costs against such party, or if such party be a defendant or respondent, may hear, and decide the case against such defendant or respondent *ex-parte*. If any such complaint, appeal or petition shall be dismissed for such cause, the complainant, or petitioner shall be barred from preferring any other petition, appeal or complaint in respect of the same matter.

Any person present in Court, whether a party to the suit, may be called upon and compelled by the Court to give evidence, and produce any document therein in his actual possession, or in his power, in the same manner and subject to the same rules as if he had been summoned to attend and give evidence and produce such document, and may be punished in the same manner for any refusal to obey the order of the Court, or for any other like offence.

XXVI. Any person, whether a party to the suit or not, to whom a summons to attend, and give evidence, or produce a document, shall be personally delivered, and who shall, without lawful excuse, neglect or refuse to obey such summons, or who shall be proved to have absconded, or kept out of the way to avoid being served with such summons, and any person who, being in Court and upon being required by the Court to give evidence, or produce a document in his possession, shall, without lawful excuse, refuse to give evidence, or sign his deposition, or to produce a document in his possession, shall, in addition to any proceedings under this Act, be liable to the party at whose request the summons shall have been issued, or at whose instance he shall be required to give evidence, or produce the document, for all damages which he may sustain in consequence of such neglect, or refusal, or of such absconding, or keeping out of the way as aforesaid, to be recovered in a civil action.

XXVII. Clause 2.—An order made in pursuance of this Section shall be subject to appeal in the same manner and within the same period, as an appeal against an order for attachment and sale under the last preceding Section of this Act.

XXIX. All orders as to fines, or the levying thereof, or as to imprisonment under this Act, shall be subject to a similar appeal within one month from the date of the order.

XXX. It shall not be necessary to postpone the hearing or decision of a case for the non-production of a document, or for the evidence of a witness, who may neglect, or refuse to attend, or who shall abscond, or keep out of the way, or who cannot be served with a summons, beyond such period as shall appear proper to the Court, having regard to all the circumstances of the case; provided that when a summons shall have been issued for the attendance of a plaintiff or appellant in a suit to give evidence, or produce a document, the Court shall, at the request of the defendant or respondent, unless there be good reason to the contrary, postpone the hearing or decision until the plaintiff or appellant can be personally summoned, or shall attend and give evidence, or produce the document required, and that where a summons shall have been issued for the attendance of a defendant or respondent to give evidence, or produce a document, the hearing or decision shall, upon the application of the plaintiff or appellant, be postponed in like manner, unless there be good reason to the contrary, until the defendant or respondent can be personally summoned, or shall attend and give evidence, or produce the document required.

XXXI. On the day appointed for the hearing, the evidence of the attending witnesses shall be taken orally in open Court, in the presence and hearing, and under the personal direction and superintendence of the Judge. The evidence of each witness given upon such examination shall be taken down in writing, by or in the presence and under the superintendence of the Judge, not ordinarily by question and answer, but in the form of a narrative, and when completed shall be read over to the witness, and signed by him in the presence of the Judge and of the parties, to the suit or their vakeels, or such of them as may think fit to attend. In case the witness shall refuse to sign the deposition, the Judge shall sign the same, and record the reason, if any, given by the witness for such refusal, together with such remarks thereon as the Judge shall think fit to make. It shall be in the discretion of the Judge to take down, or cause to be taken down, any particular question and answer if there shall appear any special reason for doing so, or any party, or his vakeel, shall require it. If any question put to a witness be objected to by either of the parties, or their vakeels, and the Court shall allow the same to be put, the question and answer shall be taken down, and the objection, and the name of the party making it, shall be noticed in taking down the depositions, together with the decision of the Court upon the objection. The Judge shall also record such remarks as he may think material respecting the demeanor of any witness whilst under examination.

XXXII. In cases where the evidence is needed of females, who, according to the custom of the country, ought not to be compelled to appear as witnesses in a Court of Justice, and in which the Court shall be of opinion that the ends of justice require and justify it, such Court may issue a commission to any Officer of the Court or other person, to be named in such commission, for the examination of such females in the hearing of the parties to the suit or their vakeels, in such manner as the Court may direct, having regard to the custom and usage of the country, and with liberty to the parties or their vakeels, to cross examine, anything in Section V. Act VII. 1841, to the contrary notwithstanding.

XXXIII. On or before the day appointed for trial, the Court may, for any sufficient reason, such as the unavoidable absence of any material witness, or for other good cause, on the application of either party, postpone the hearing to another day, to be named, on such terms as to the payment to the opposite party of his costs occasioned by the postponement, and otherwise as to the Court shall seem reasonable. In such case notice in writing shall be given to each of the witnesses to attend and give evidence, or to produce a document on the substituted day, instead of the day mentioned in their summonses, if there be time to do so and the Judge shall so order. The notice shall be served in the same manner as a summons. The service of such notice shall have the same effect as if the substituted day had been originally named in such summons as the day for the appearance in Court to give evidence or produce a document, and all the provisions in this Act relating to summonses to give evidence or produce documents, shall extend to such notices in the same manner as if such notices had been expressly mentioned in such provisions. If the application be too late to serve such notices, the Court may order that the examination of any witness who may be present, or shall attend in persuance of a summons, shall be proceeded with, and that the further hearing of the case, after the examination of such witness, shall alone be postponed.

XXXIV. Unless the hearing be postponed in manner aforesaid, it shall commence on the day appointed, or as soon afterwards as the business which may be pending before the Court and may be entitled to priority will allow, and the recording of evidence on the trial of any suit when begun under the rules above enacted, shall, unless there be good and sufficient reason to the contrary, (which reason shall be recorded) continue on the same day, or on consecutive business days, until the whole of the evidence of the witnesses present shall be heard. The parties or such of them as desire it shall then be heard either by themselves or their pleaders orally on the merits of the case as regards the issues both of fact and law, and after considering the argument and evidence, the Judge shall record his judgment under Act XII. 1843.

XXXV. If the Court, after the evidence of all the witnesses shall have been heard, and before hearing the pleaders or recording the judgment, shall think it necessary for the ends of justice to inspect any document, or to examine any party to the suit, or any other person whose evidence may appear to be material, the Court, of its own accord, may cause such party or person to be summoned to attend as a witness, to give evidence, or to produce such document, if in his possession, on a day to be appointed, and may examine such party or person as a witness in open Court, or in such other manner as the Court may direct, upon any question which the party or witness may be bound to answer and the Court may think necessary, and may also compel the production of any document mentioned in such snmmons, which any such persons may have in his possession or power, and be bound to produce. Any witness so called shall be subject to the cross-examination of either party, or his vakeel. If such person, whether a party or not, shall be a female, who, according to the custom of the country, ought not to be compelled to appear as a witness in a Court of Justice, the Court may order such person to be examined in the manner provided by Section XXXII. of this Act, upon such questions as it may direct. The Commissioner or other person anthorized to take the examination in such case may put such further questions as in his judgment may be necessary, or may arise out of the answers to be given to the questions directed by the Court.

XXXVI. The Judge may cause public notice to be given in Court, either before or during the ex-

amination of any witness, requiring all or any other witnesses, whether parties or not who have been summoned or inserted in the list of witnesses in the same cause, to leave and to remain out of Court until further order. Any witness in a cause who without lawful excuse shall wilfully remain in, or come into Court, contrary to such notice, shall be punishable in the same manner as for a contempt of Court in open Court. Whenever such notice shall be given, the consequence of disobedience thereto shall be publicly explained at the time of giving the notice.

XXXVII. Any party to a suit, appeal or proceeding who may be examined as a witness therein, shall, except as otherwise provided by this Act, be examined according to the rules for the time being in force as to the examination of witnesses not being parties to the suit, and shall be punishable for any false evidence given by him, in the same manner as if he were not a party.

XXXVIII. The words "witness" and "witnesses" in Act VII. 1841, shall respectively include any party or parties to a suit, and the said Act shall be read as if the words "or party" "or parties" had been used in such Act, in conjunction with the words "witness" or "witnesses" respectively. Provided that the deposition of a party taken under the provisions of this Section at the instance of any opposite party may be read in evidence by, or on behalf of, such last-mentioned party, without the proof required by Section V. of the said Act. Provided also, that no deposition of any party taken under the provisions of this Section shall be read or used in evidence unless taken and read at the instance of some opposite party, or unless it shall be proved that the deponent is unable, from sickness or infirmity, to attend to be personally examined, or is, without collusion, or any reference to the suit, at so great a distance from the Court, that, in the judgment of the Court, it would be unreasonable to require his personal attendance in Court for the purpose of giving such evidence, in which last-mentioned case it shall be discretionary with the Court, having regard to the nature of the case and of the evidence given, either to allow or to refuse such deposition to be read.

XXXIX. No appeal shall lie from any order or decision of a Judge with respect to summoning or examining any party to a suit, or as to allowing a deposition to be read under the Section next preceding.

XL. If any party to any such suit as aforesaid shall, in any pleading or statement, refer to any document in his possession or power, as a material proof or document in support of his claim or defence, he shall file such document with the pleading or statement, unless the Court shall, for good and sufficient cause, extend the time for filing the same; and any adverse party shall be entitled, by himself, or his vakeel, to inspect and take a copy of the document.

XLI. In the construction of this Act, unless where it is otherwise expressly provided, or there is something in the subject or context repugnant to such construction, or which would render such construction inapplicable to the case, the word "Court" shall mean any Civil Court of the East India Company, and shall include any Judge or other officer or person mentioned in Section II. of this Act; the word "Judge" shall be understood to mean the chief judicial authority presiding in any such Court, and shall include any officer or person having, by law, or consent of parties, authority to examine witnesses and to act judicially; the word "suit" shall be deemed to mean and include any suit, appeal or proceeding mentioned in Section II.; the word "witness" shall include all persons competent and liable to give evidence, whether parties to any suit or proceeding or not. Words importing the masculine gender or singular number shall include the feminine gender or plural number, and *vice versa*.

XLII. This Act shall extend only to Civil proceedings, and to the Presidency of Fort William in Bengal, and shall not include any of Her Majesty's Supreme Courts of Judicature.

XLIII. The provisions of Sections IX. X. and XI. of this Act shall not extend to the Zillah of Chittagong or Sylhet.

XLIV. This Act shall come into operation on the 1st day of January 1854.

FORT WILLIAM,
Master Attendant's Office,
14th November 1853.

2. The Proceedings having been submitted to Government, the Most Noble the Governor of Bengal has been pleased to confirm the Sentence of the Court, accompanied by the following remarks on the case:—

Para. 2.—The charges on which Mr. Stout was arraigned are noted in the margin. He has been found guilty of the 2nd instance of the original charge and of the additional charge, and acquitted of all the rest. The Court have in consequence sentenced Mr. Stout to loss of two months' pay.

3. His Lordship observes that the acquittal on the first instance of the 1st charge is approved by you, and that it is borne out by the evidence.

4. The acquittal on the 3rd instance is also concurred in by you, on the ground that Mr. Stout *did order* Mr. Layton, the Officer in turn, and several other Officers, to take charge of the *Sir George Seymour* on the 6th June, but they refused to obey. It is clear, however, to His Lordship, that the so-called order was not couched in the authoritative terms which the occasion called for; that no one of those to whom it was addressed considered himself bound to obey it, or in any peril for disobeying it; and that no one of them was punished or threatened with punishment, or even reported for disobedience to superior authority.

5. Mr. Stout, in his defence, admits that his order was "ineffective, and that he did not take any steps to enforce it by putting the recusants under arrest," because he "believed that to execute the order he had given would be a service involving the most imminent risk of life," and because further, he "believed that the general maritime law justified a Pilot in refusing to undertake such risk."

6. His Lordship directs me to observe, with regard to this defence, that, if the order was not a right one to give, it should not have been given, but if *it was* a right one to give, it should have been enforced. His Lordship is further of opinion that the order was a proper one, and the only proper one to give on the occasion, but that the order not having been effectively given, the acquittal on this part of the charge is not warranted by the evidence.

7. The acquittal on the 4th instance is in your opinion against the evidence inasmuch as the risk in running from the Sandheads to Saugor, with a fair wind, was under the circumstances no more than an ordinary Pilot's risk. To this it may be added that if Mr. Stout did not consider it necessary to stay by the *Sir George Seymour* on the night of the 6th, when the life of every one on board was considered in danger, and a Pilot was on this account refused her, still less should he have considered it necessary to leave his own proper duties and attend the Ship into the River on the 8th, when the danger was over, and a Pilot had in consequence been sent on board. From the facts in evidence bearing on this part of the case, it would seem that the safety and satisfaction of the Pilot were on both occasions allowed to stand in the way of more important objects.

8. Of the charges of neglect of which Mr. Stout has been found guilty, it is sufficient to say that they are fully proved. The facts are indeed admitted by Mr. Stout, but a justification is attempted on the ground that the danger to which the *Sir George Seymour* was exposed was one in which neither the local knowledge of a Pilot nor the vicinity of the Pilot Brig could have been of any service. The Court by their verdict have decided that this view of the matter was not correct or [illegible] one to take, and in this opinion His Lordship fully concurs.

9. On the whole, His Lordship is pleased to confirm the Finding and Sentence of the Court, and desires that the latter may be carried into effect.

3.—In conformity with the above decision, the Master Attendant has been requested to cause the Sentence of the Court to be carried into effect, and to release Mr. Branch Pilot W. R. T. Stout from arrest, and to allow him to return to his duty.

By order of the Superintendent of Marine,

H. HOWE,
Secretary.

Fort William, the 6th December 1853.

NOTICE is hereby given, that on Monday the 9th January 1854, at the hour of 11 o'clock in the forenoon, will be put up to Sale at the Exchange Rooms at Calcutta, and sold by Public Auction, for exportation by Sea, the undermentioned quantity of Opium, the Provision of 1852-53, subject to the following conditions, *viz.*:—

Produce of Behar Agency, Chests,...		2,855
Ditto of Benares ditto, ...	,,	1,170
Total, Chests, ...		4,025

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12, of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M. and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of, or if the quantity of 4,025 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain in hand at a future Sale.

4. Each lot to contain five Chests.

5. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale-room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock of the afternoon of Saturday 14th January, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts or deposit of other Public Securities as aforesaid shall have been delivered in, shall be resold at such time or times and under such conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale under the last-mentioned condition if remaining unredeemed on the said 14th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of Money, Sub-Treasurer's Receipts or Public Securities on account of Opium upon which the prescribed deposit may not have been made, before 4 o'clock of the 14th January, will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipts will be accepted in payment after 4 P. M. of Tuesday the 24th January 1854, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or order.

10. No Sub-Treasurer's Receipts or deposit of Public Securities under the 5th of the present conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent, at any time during the Sale, to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

15. The following papers, together with samples of the Opium for Sale, will be exhibited for inspection on the day of Sale, or may be seen previously to that date by application at the Office of the Junior Secretary to the Board of Revenue.

No. 1. Certificate of the Opium now advertized for Sale.

No. 2. Report of the examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1852-53, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further that four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the drug has been kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the trade, will as heretofore be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities more or less of Behar and Benares Opium of 1852-53 will be brought to Sale in the year 1854, on or about the dates specified below. The Board, however, reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

Produce of Behar Agency,	Chests,...	2,855
Ditto of Benares ditto, ...	,,	1,170
Total, Chests, ...		4,025

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12, of the Conditions of Sale.

3. The Sale shall commence at the hour of 11 A. M. and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of, or if the quantity of 4,025 Chests shall not be sold on the day advertized, the Board may dispose of the lots which remain in hand at a future Sale.

4. Each lot to contain five Chests.

5. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale-room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock

of the afternoon of Saturday 14th January, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts or deposit of other Public Securities as aforesaid shall have been delivered in, shall be resold at such time or times and under such conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government

6. The Promissory Notes taken on the day of Sale under the last-mentioned condition if remaining unredeemed on the said 14th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of Money, Sub-Treasurer's Receipts or Public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 14th January, will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipts will be accepted in payment after 4 P. M. of Tuesday the 24th January 1854, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or order.

10. No Sub-Treasurer's Receipts or deposit of Public Securities under the 5th of the present conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent, at any time during the Sale, to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea, and Pleas to the jurisdiction of the said Supreme Court shall be waived.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1852-53, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further that four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the drug has been kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the trade, will as heretofore be furnished to them on application at the Office of the Board of Revenue. but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities more or less of Behar and Benares Opium of 1852-53 will be brought to Sale in the year 1854, on or about the dates specified below. Produce of Behar Agency, Chests,...	2,855
Ditto of Benares ditto, ... ,,	1,170
Total, Chests, ...	4,025

Conditions of Sale.

1. The Opium will be sold for exportation by Sea only, and no Certificate will be granted except to cover such Export.

2. The Opium will be ordinarily offered for Sale at an upset price of Rupees 400 per Chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by Clause 12, of the Conditions of Sale.

3. The Sale shall commence at the hour of 5 A. M. and shall not be continued after the hour of 5 P. M., but if at that hour any of the lots advertized for Sale shall remain unsold, the Sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public Holiday) at the hour of 11 A. M., and so on until the whole of the remaining lots are disposed of, or if the quantity of 4,025 Chests shall not be sold on the day advertized, the Board may dispose of the lots, which remain in hand at a future Sale.

4. Each lot to contain five Chests.

5. A deposit in a Promissory Note, either for 25 per Cent. even money of the amount for which each lot is knocked down or for Rupees 1,000, at the discretion of the Officer superintending the Sale, shall be made by the purchaser in the Sale-room, and before the lot is registered in the Sale Book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'clock of the afternoon of Saturday 14th January, or on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Sub-Treasurer's Receipts or deposit of other Public Securities as aforesaid shall have been delivered in, shall be resold at such time or times and under such conditions of Re-sale as the Board of Revenue shall see fit, and all losses and expenses whatsoever attending such Re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale under the last-mentioned condition if remaining unredeemed on the said 14th January, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.

7. No tender of Money, Sub-Treasurer's Receipts or Public Securities on account of Opium upon which the prescribed deposit may not have been made before 4 o'clock of the 14th January, will be afterwards accepted.

8. The Opium now advertized for Sale shall be paid for within 15 clear days from the day of Sale, that is to say, no Treasury Receipts will be accepted in payment after 4 P. M. of Tuesday the 24th January 1854, and in case any lots of such Opium shall not be so paid for and adjusted, then the cash deposit of 25 per Cent. even money of the amount for which each lot is knocked down, or Rupees 1,000 for each lot, or any Public Securities that may have been deposited on account of such lots or Chests, shall be forfeited, and the Opium be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit, and the first purchaser shall further be required to make good any loss or difference of price between that obtained at the Re-sale and the amount at which the Opium was first purchased, forfeiting all advantages that may arise from such Re-sale.

9. Purchasers taking out Certificates or orders for the delivery of Opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase which they may desire to be included in each certificate or order, and it is to be clearly understood that the Certificates or orders so taken out shall be considered final, and not afterwards changeable for other Certificates or orders authorizing the delivery of single lots or of a different number of lots or chests, whether more or less than the number of lots or chests originally required to be included in each Certificate or order.

10. No Sub-Treasurer's Receipts or deposit of Public Securities under the 5th of the present conditions will be received in this Office except from the party recorded as the purchaser in the Sale Book or his authorized agent. The receipt for deposit of Public Securities will be granted only in the name of such purchaser, and the Securities so deposited will be returned when clearance has been made by the said purchaser or his order.

11. The Officer superintending the Sale on the part of the Board of Revenue, is empowered to reject at his discretion the bid of any individual, unless such individual shall, on demand, tender at the time a deposit either in Bank of Bengal Notes, Sub-Treasurer's receipts, or other Government Securities, equal to 25 per Cent. even money of the amount so bid, or Rupees 1,000 for each lot.

12. With a view to prevent fictitious biddings designed to obstruct the Sale, it is hereby notified that the Officer of Government superintending the Sale shall be competent, at any time during the Sale, to withdraw any unsold lot and immediately to put it up again for Sale at a maximum upset price, diminishing the same gradually until a bid is obtained, and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the Officer of Government superintending the Sale shall also be competent to dispose in the same manner of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of 400 Rupees specified in the 2nd Clause of these Conditions.

13. The purchaser of any lot shall have the option of naming and purchasing in immediate succession any number of lots of the same Agency Opium to the extent of Twenty-five lots, and for the lots so purchased the purchaser shall deposit for each lot 25 per Cent. even money of the amount bid by him for the first lot, or Rupees 1,000 for each lot, and pay the same price per Chest as that for which he purchased his first lot, provided always that there remain a sufficient number of lots of that Opium to complete the said Twenty-five, but not otherwise.

14. In the event of any dispute or difference touching or concerning any matter or question arising out of the Sale of the Opium included in this Notification, or adjustment of the account thereof, the same shall and may be tried and decided in the Supreme Court of Judicature at Fort William in Bengal, and all and every Plea and Pleas to the jurisdiction of the said Supreme Court shall be waived.

No. 2. Report of the examination of such Opium.

16. The public are hereby informed, that in providing the investment of the Behar and Benares Opium for the year 1852-53, the same precautions have been taken as those which have been observed during past years, to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of Opium put into each cake. An account of the weight of the drug when packed at Behar and Benares, and a statement of the average weight of the Chests indiscriminately taken for the purpose of comparison from the despatches on arrival at Calcutta, may be seen on application at the Office of the Junior Secretary to the Board of Revenue, and further that four Chests of Behar and Benares Opium which have been reserved from the provision of the two preceding years, will be also shown to the purchasers on the day of Sale, to enable them to judge of the state of preservation in which the drug has been kept.

17. Any further information respecting weight or quality of the Opium advertized for Sale, that may be desired by parties connected with the trade, will as heretofore be furnished to them on application at the Office of the Board of Revenue, but in accordance with established usage, under no circumstances will the Board entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of Opium, or adulteration of the drug which may be preferred in reference to Chests after the Sale and delivery of the Opium for shipment.

18. The public are hereby informed that in addition to the quantity above-mentioned, the following quantities more or less of Behar and Benares Opium of 1852-53 will be brought to Sale in the year 1854, on or about the dates specified below. The Board, however,

reserve to themselves the right of altering these dates should circumstances render it expedient to do so.

19. It is hereby further notified, that under the 6th Article of the convention between Great Britain and France, dated the 7th March 1815, quoted below, the Agents in India of the French Government or persons duly appointed by them, are entitled to demand that out of the quantities of Behar and Benares Opium declared as above for Sale at the twelve Sales in the months of January, February, March, April, May, June, July, August, September, October, November and December 1854, there shall be delivered to them at the average of the particular Sale or Sales to which the Opium so applied for may belong, a quantity not exceeding in the aggregate 300 Chests, and the Agents of the French Government must make requisition for the whole of the Opium required by them during the year within 30 days after the publication of this advertisement, specifying the particular Sale or Sales from which the quantity of Opium is intended to be taken. If the Agents of the French Government shall not make the requisition for Opium within the time above-mentioned, the entire quantity of about 48,320 Chests of Behar and Benares, as above estimated, will be brought to Sale in the usual manner, and if they shall make application for a quantity of Opium to be delivered to them out of the quantity advertized for Sale at each or any of the twelve Sales above-mentioned, but shall not pay for it within the prescribed period of payment, the Governor of Bengal reserves to himself the right of disposing of the Opium which the French Authorities may so fail to pay for, either by increasing the quantity reserved at the Sale next ensuing the date of payment, or by selling it at a Sale to be held expressly for the purpose.

Article of the Convention above referred to.

Article 6. "With regard to the trade in Opium, "it is agreed between the high "contracting parties that at each "of the periodical Sales of that "article there shall be reserved "for the French Government, and delivered upon re-"quisition duly made by the Agents of His Most "Christian Majesty, or by the persons duly appointed "by them, the number of Chests so applied for, pro-"vided that such supply shall not exceed Three Hun-"dred Chests in each year, and the price for the same "shall be determined by the average rate at which "Opium shall have been sold at every such periodical "Sale, it being understood that if the quantity of "Opium applied for at any one time shall not be "taken on account of the French Government by the "Agents of His Most Christian Majesty within "the usual period of delivery, the quantity so applied "for shall nevertheless be considered as so much in "reduction of the Three Hundred Chests herein-"before-mentioned. The requisitions for Opium, "as aforesaid, are to be addressed to the Governor "General at Calcutta, within thirty days after no-"tice of the intended Sales shall have been publish-"ed in the *Government Gazette*."
